Descriptions

College Dedicated:

Students from a particular college are scheduled in the same GEP 101 section. All GEP 101 course goals and objectives must still be achieved but an additional emphasis on opportunities within the college would be integrated within the course.

First Generation College Dedicated:

Though definitions of first-generation students vary, Missouri State defines them as students for whom neither parent has graduated from a four-year institution. According to national research, as well as data provided by Missouri State, these students graduate at a lower rate than students who are not first-generation. Dedicated sections, organized by college, are offered to support these students. For Fall 2024, and according to the Title III grant, additional instructor training and course activities are required (with additional compensation).

Peer Leaders:

A Peer Leader is a mentor for students who has learned from experience and has developed skills to successfully guide other students as they enter college. A Peer Leader uses their positive attitude, exemplary academic work, interpersonal skills, and personal experience to assist first-year students in their transition to university life. Peer Leaders pair up with a GEP 101 instructor and help educate students on topics including campus involvement, time management, critical thinking, campus resources, the public affairs mission and more.

Notification to FYP office of cancelled class:

From *Faculty Handbook*, 4.5.1.2. Meeting Classes: Faculty members are expected to meet their assigned classes or to see that suitable alternate arrangements have been made for learning experiences for their students in the case of a required absence of the instructor because of unusual circumstances or because of attendance at a professional meeting. When instructors are unable to meet a class because of illness, they must call the departmental office and make arrangements to notify their classes concerning the cancellation of classes and new assignments or to make other arrangements for the classes that will be missed. Faculty who wish to request a religious accommodation to miss class should consult the Policy Library, Op 1.02-1 Accommodations for Religious Observances Policy.

GEP 101 instructors share their motivations:

I teach GEP 101 because...

- our first semester students inspire me.
- it makes me a better instructor in all of my courses.
- it's so fun to help the new students get to know Missouri State!
- to make students feel welcome, seen, and give them a sense of community and preparation for college.
- it allows me to connect with students in a different way from my normal work at MSU!
- I want to help ensure that new students feel welcomed and feel like they belong in our community.
- it allows me to have even deeper connections with students and see their excitement for college.
- it can give new students some very foundational college skills that can make all the difference between success and failure in college. It's also a great way to let new students know that we really LIKE them and are glad that they are here.
- it's an extremely fun way to connect with and support new students as they transition to college.
