As a selective admission institution, our objective is to admit students with demonstrated potential for academic success. We recognize that some students have potential for success not clearly evident through standard measures of class rank, grade point average, and test scores. If you do not qualify for admission on these measures under our selection index requirement (www.missouristate.edu/admissions/admpolicy.htm), we invite you to provide the information requested below. Our Admissions Committee will review this information in making a decision regarding your admission to Missouri State University. (If you meet the selection index requirement, you do not need to submit this form.)

Note: Each of the spaces below will expand as needed to accommodate the information you enter. You may provide as much detail as you wish.
