The SAAC members discussed more about the Social Networking Policy. This policy would be informational and give warnings to the use of "MySpace" and "Facebook". We decided that this policy would be more effective given by the coaches to the athletes. An idea was brought up to have this be one of the topics for a Champ Life Skills speaker. Casey will see if there is any speakers out there to present on this topic. More information to follow.

The Sportsmanship Award Committee created a document with the information and requirements of the award. For example, there would be one nominee per season per sport, for each nomination the coach and team would write a summary of why they deserve the award, and there will be a plaque made and a name plate will be added each year with the winner's name. More information to follow.
