The SAAC members discussed implementing a Social Networking Policy. It is a list of suggested guidelines when using websites such as "Myspace" or "Facebook". Each athlete will sign this policy stating they understand the risks of using these types of networks.

The group decided that SAAC is going to create a Sportsmanship Award. We looked at examples of requirements from other universities and thought of some of our own ideas. We also decided on creating a sportsmanship pledge that will be signed by all athletes. A small committee was created to complete the details of the award and the pledge.
