September, 2008

To Missouri State Students:

On April 20, 1945, Tri Sigma's Beta Beta Chapter was installed at Southwest Missouri State University, now Missouri State University. For many years the chapter prospered and benefited from the core values of our organization: friendship, character and conduct. We have dedicated and successful alumnae from this chapter.

In January 2008, for a variety of reasons, the Executive Council of Sigma Sigma Sigma suspended the charter of our Beta Beta chapter on the Missouri State campus with plans to return to the campus fall 2012. Currently, there is not an established chapter of Sigma Sigma Sigma on your campus. We encourage any women that are interested in a sorority experience to contact the University's sorority/fraternity affairs office to get information on the Panhellenic sororities.

If there are members of the Missouri State community that are considering membership in Sigma Sigma Sigma, please be informed that at the present time, we do not have an active recognized chapter on the campus. Current Sigma Sigma Sigma member(s) at Missouri State are considered alumnae members (meaning that their membership rights and responsibilities are the same as former collegiate members who have already graduated from Missouri State). They are not recognized as a collegiate chapter by the national organization, University or College Panhellenic. They are not covered by our national insurance policy.

Sincerely,

Laura Sweet  
National President
