Budget Hearings - Time Line

To effectively plan, an aggressive time line is necessary. We are asking the Provost, Chancellor, Vice Presidents, and Chief Financial Officer obtain budget requests and core budget reductions scenarios from their colleges, divisions, departments and units and hold budget hearings between January 15, and January 31, 2007. At the end of this
period, the Provost, Chancellor, Vice Presidents and Chief Financial Officer will develop and present a plan for their cost center(s).

The Provost, Chancellor, Vice Presidents and Chief Financial Officer will meet, individually, with President and Chief Financial Officer to present and explain their operating fund budget requests and core budget reduction scenarios. We will schedule these hearings from February 7, through February 21, 2007. We will set up separate meetings to discuss the auxiliary and designated funds.

When the hearings are completed, Administrative Council and the Executive Budget Committee will combine to discuss my observations about the information received and provide feedback to the budget plan and allocations I will recommend to the Board of Governors. This process will occur between March 1, and March 31, 2007.

From April 1, to April 30, 2007, we will request that you provide details about any increases or reductions determined during the budget hearing process. We will provide the form for you to submit your information. We will accumulate and summarize the budget requests for Board of Governors’ review between May 15, and June 16, 2007.

Please work with your Deans, Chairs and Department Heads to develop meaningful budget documents. These documents represent your plan of how you will finance your effort to achieve the goals documented in our long range vision and 5 year plan “Imagining and Making Missouri’s Future.”
