Distinction in the Major Self-Reflection Exercise

Why did I select my major?

What do I enjoy most about my major?

What class(es) have I enjoyed the most?

What classes am I excited about taking in the future?

Which professor(s) would I like to work with in the future or study with again?

What is the most interesting book/article/author that I have read in my major?

What are my academic goals (publications, conferences, graduate study, etc.)?
What are my professional goals?

I am interested in... (check all that apply):

- History of my field
- Theories and paradigms in my field
- Methodologies in my field
- Original research in my field
- Collaborative research in my field
- Case studies in my field
- Creative compositions in my field
- Service-learning in my field
- International study in my field
- Interdisciplinary exploration of my field

I am not interested in... (fill in this section as needed):

Questions, comments, or observations that I have about my major field of study:
