General Business (BS)

Pre-Professional Programs

The University provides prerequisite courses and degrees for students seeking entrance into professional schools. Students are regularly admitted to leading schools in all professional areas. Because admission to most professional schools is highly competitive, students are urged to work closely with an academic advisor on the selection of courses and the sequence in which they are to be taken. Although there are general guidelines for each profession, students should contact the professional program(s) they intend to pursue for specific admission criteria.

Study Away Programs

Director: Dr. Dana Carroll

Jim D. Morris Center for Continuing Education, 301 S. Jefferson,

Phone: (417) 836-6368; Fax: (417) 836-6146

Email: StudyAway@missouristate.edu

Web Site: www.missouristate.edu/ipa/

Students enrolled in these programs on a full-time basis are eligible to apply for all federal, state, and university financial aid.

Missouri London Program (MLP)

The University participates in the Missouri London Program sponsored by the Missouri Consortium for International Programs and Studies. Through this program students live and study in London, England, and receive credit directly from Missouri State. Registration is through Missouri State during the regular enrollment for each semester. Courses offered will vary from semester to semester and will be taught by participating faculty from each of the consortium institutions and by British nationals. The Missouri London Program is located in Kensington in central London. Classrooms are located at the Imperial College of the University of London. Frequent excursions are made to English and European places of interest.

Australia Exchange

The University participates in a reciprocal student exchange program with University of Ballarat, Victoria; and University of Tasmania, Hobart. Through this program, students pay Missouri State tuition and fees to study for a semester or a year in Australia. Transfer of credit is arranged through the Study Away Programs office. Coursework is offered across the curriculum.

Pre-Engineering. The Department of Mathematics, the Department of Physics, Astronomy and Materials Science, and the collaborative Engineering Program share student advisement for all pre-engineering areas. Most students select a major in one of the two departments or continue on with our collaborative Engineering Program. Contact either department or the Engineering Office, Kemper Hall, room 226, for details.

Pre-Health Professions. The University provides pre-professional education for a variety of health occupations. Some of these professional programs require the completion of a bachelor's degree while others encourage students to apply much earlier in their educational careers. Students may decide on any major area offered by the University, provided they complete the admission requirements for their chosen professional program. In those departments most heavily involved in providing the required academic background, special advisors have been trained for each of the various health areas. General information on health profession careers and academic preparation is provided by the Academic Advisement Center, University Hall, room 109 or visit the web site at: www.missouristate.edu/prehealth.

Pre-Law. Pre-law students draw on courses, facilities, and services from throughout the University, but primarily those in the Colleges of Humanities and Public Affairs, Arts and Letters, and Business Administration. Many professors have expertise in law-related subjects, teaching in areas such as political science, economics, history, philosophy, the sciences, and business administration, among others. The Academic Advisement Center, departmental pre-law advisors, and Phi Alpha Delta Pre-Law Club sponsored by the Department of Political Science, can assist, direct, and inform students seeking admission to law school. For more information, visit the web site at www.missouristate.edu/advising/8146.htm.

Ballarat is located in Southeast Australia near Melbourne. Hobart is the capital of the Island of Tasmania.

France Exchange

The University enjoys an exchange with the University of Blaise Pascal in Clermont-Ferrand. The exchange is a reciprocal tuition exchange and requires fluency in French. The program is currently directed toward business students. Clermont-Ferrand is about 280 kilometers south of Paris in the Massif Centrale. It is the place where Julius Caesar defeated Vercingetorix in the Galic Wars. Students who are not fluent in French may choose to study on the campus in Vichy, France.

Germany Exchange

The University participates in an exchange program with the Philipps-Universität in Marburg, Germany. Through this program students pay Missouri State tuition and fees and room and board, and are provided with the same benefits at the host institution. The program requires fluency in the German language. Transfer of credit is arranged through the Study Away Programs office. Coursework is offered in a wide variety of disciplines. Students study for one academic year. Marburg is located in central Germany, approximately one hour away from Frankfurt. It has a well-preserved medieval center of shops and
