

webpress New Features and Best Practices

September 18, 2008

What's New

Favorites Menu and Alphabetical Index

- Quicker access to user-specific pages
- Alphabetical division of site menu
- Not restricted to web site home page; choose any foundation page

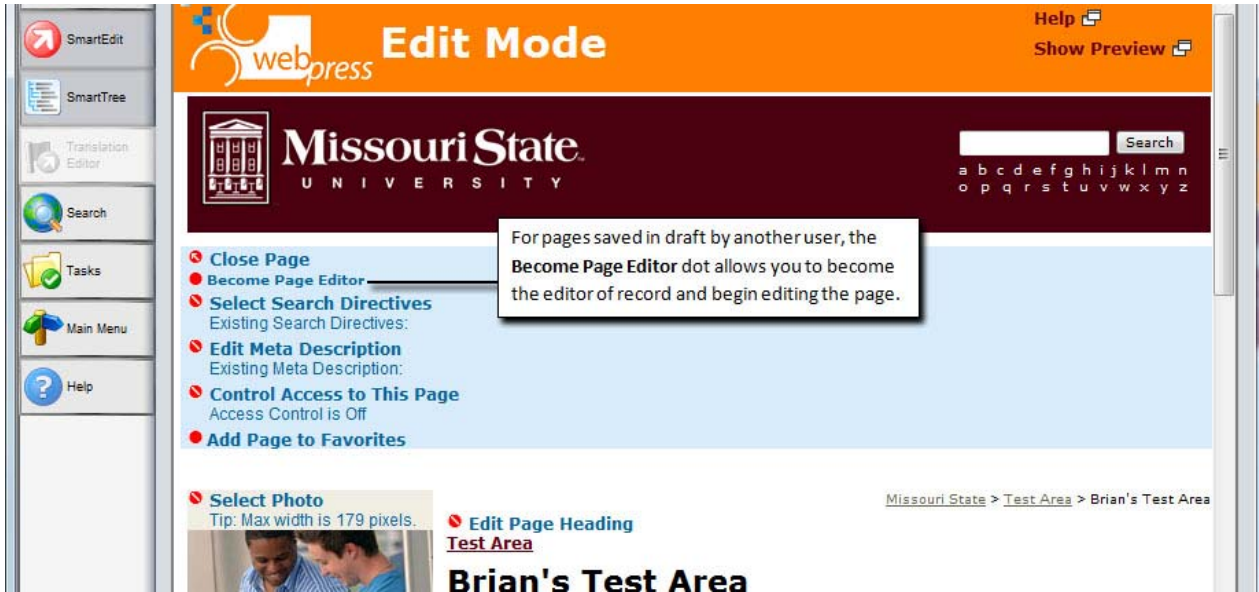

New Features and Best Practices

Become the Editor of a Page

- New option to allow you to become the editor of a page
- Useful when original editor is not available (e.g., summer break)

Best Practices and Tips

Add a Flash Movie on a Page

<https://webpress.missouristate.edu/FlashFile.htm>

- Available in General Pages group
- Load flash file into asset manager
- Specify alignment on page
- Specify height and width of display
- Specify looping option
- Specify automatic start on page load
- Specify scaling option
- Tip: Optimize flash file size

Coming This Fall

- YouTube video player page
- Audio file player page
- Captions for slideshow images
