

New Course Web Site Application

Current Missouri State University faculty and staff may obtain directories on the Missouri State University central web server to create web pages for their courses. Students may obtain access to the Missouri State University central web server for assisting faculty and staff members with their web pages. These accounts may not be used for items of personal interest not related to the course's role at the university.

Faculty Member Agreement

As a Missouri State University faculty member, I understand and will adhere to Missouri State web policies and guidelines and to the above-stated purpose of my web account. If the above-stated web developer is not myself, I grant permission to the individual(s) to access and update my directory on the Missouri State University central web server. I accept responsibility for the content and accuracy of my web pages and for the developers' adherence to the Missouri State University web policies and guidelines.
