Turning Account Student Account Registration

The following topics are covered:

- Creating a Turning Account
- Contact Us

**WARNING:**
Please ensure that you complete this walkthrough accurately and thoroughly. Any steps skipped over, or completed other than as directed, could potentially cause your account **NOT** to be finalized properly, which will keep you from receiving participation points or assignment grades within your class. Please pay key attention to the “Warnings, Notes, and Important” segments while completing each step.

Creating a Turning Account

A Turning Account is required for use with TurningPoint Cloud on Missouri State University Campuses.

**WARNING:**
Our school uses a Learning Management System¹ (Blackboard) you MUST create your Turning Account and register your device(s) through Blackboard. Log into Blackboard and follow the Turning Account Registration link. See the steps below.

1. Log in to **My.MissouriState.edu** or **Blackboard.MissouriState.edu**.
   a. If accessing via **My.MissouriState.edu**.
      i. Select the Blackboard icon in the upper right portion of the screen.

2. Select the course that you are being required to utilize clickers in from your My Course tab (similar to below, except it will have your actual class listed).

1 Learning Management Systems, often called LMSs, are where institutions manage students, courses, grades and assignments. LMSs have various names you may know them as, such as Blackboard, Moodle, Sakai, Desire2Learn (D2L) and Canvas. Additionally, your institution may have given it another name you would recognize. If you are unsure if your institution requires this account linked to an LMS account, please consult your presenter.
3. Find and select the **Tools** menu from the links on the left hand side of the screen.

**NOTE**
Your instructor may have made this link available in the left hand column on the first page of your class within Blackboard, where the tools link is also located.

5. You should be directed to the Turning Account creation webpage: Enter your **Bearmail** address and click **Create Account**.

**WARNING**
Do not attempt to Google or go directly to the Turning Account creation page manually. You must navigate to the Account creation page by utilizing the link from within Blackboard or your account will not be set up properly.
**IMPORTANT**

You must use your Bearmail address for the account creation. If you use a Gmail, iCloud, Yahoo, or similar third party email, your account may not be generated properly and you may not receive participation points in your class.

### Important Information

In order to receive credit for participation, your Turning Account must first be associated with your school’s Learning Management System. Please visit [turningtech.info](http://turningtech.info) to access instructions specific to your university.

6. Check your email and click the link to verify your Turning Account.

**NOTE**

If you did not receive the verification email, click the Resend Verification button on the Turning Account creation page.

7. Enter all required fields as noted by the asterisks on the Profile page. Make sure to check the agree-to-comply box and click the Finish/Next button.
8. On the following page, enter your Turning Account License Code and Device ID in the License Code & Response Device ID fields. Make certain to click Redeem under each field before clicking finish.

**WARNING**
Make certain to click Redeem under each field before clicking finish.

**NOTE**
An account that has successfully added the license and device ID should look similar to the image below.
9. After you have clicked *Redeem* under each field and your account creation page resembles that of the one pictured above, you can now click the **Finish** button. You should see the following message box.

```
Account Created

Congratulations! You’ve completed account registration. You can now navigate our TurningCloud platform and manage your account.
```

10. Click **Finish** one more time and you should now be taken to your new account **Dashboard**. The **Dashboard** is the gateway to your account and will be the page you will be directed to each time you log in from this point forward. As long as you have completed all of the steps successfully and appropriately, your **Dashboard** should look similar to the image below.
