An institution offering programs that require specialized accreditation or recognition in order for its students to be certified or to sit for licensing examinations either has the appropriate accreditation or discloses publicly and clearly the consequences to the students of the lack thereof. 8. The governing board and its executive committee, if it has one, include some “public” members. Public members have no significant administrative position or any ownership interest in any of the following: the institution itself; a company that does substantial business with the institution; a company or organization with which the institution has a substantial partnership; a parent, ultimate parent, affiliate, or subsidiary corporation; an investment group or firm substantially involved with one of the above organizations. B. Teaching and Learning: Quality, Resources and Support

1. Programs, Courses, and Credits

   a. The institution conforms to commonly accepted minimum program length: 60 semester credits for associate’s degrees, 125 semester credits for bachelor’s degrees, and 30 semester credits beyond the bachelor’s for master’s degrees. Any variation from these minima must be explained and justified.

      - Undergraduate Catalog: http://www.missouristate.edu/registrar/catalog/
      - Graduate Catalog: http://graduate.missouristate.edu/catalog/
      - We require 125 total hours for a bachelor’s degree. This is stated in the General Baccalaureate Degree Requirements section of the undergraduate catalog: http://www.missouristate.edu/registrar/catalog/genebacc.html

   b. The institution requires that 30 of the last 60 credits earned for a bachelor’s degree that the institution awards and 15 of the final 30 for an associate’s degree it awards be credits earned at the institution. (For example, for a bachelor’s degree requiring 120 credits, the institution accepts no more than 90 credits in total through transfer or other assessment of prior learning, and the remaining 30 must fall within the last 60 credits awarded the student.) Institutions that do not maintain such a requirement, or have programs that do not, are able to demonstrate structures or practices that ensure coherence and quality to the degree. (Consortial arrangements are considered to be such structures. In addition, an
institution that complies with the criteria for academic residency requirements of the Servicemembers Opportunity Colleges (SOC) will not be deemed out of conformity with this Assumed Practice provided that its policy is an exception for active-duty servicemembers and not for students in general.)

  http://www.missouristate.edu/registrar/catalog/genebacc.html

c. The institution’s policy and practice assure that at least 50% of courses applied to a graduate program are courses designed for graduate work, rather than undergraduate courses credited toward a graduate degree. (An institution may allow well-prepared advanced students to substitute its graduate courses for required or elective courses in an undergraduate degree program and then subsequently count those same courses as fulfilling graduate requirements in a related graduate program that the institution offers. In “4+1” or “2+3” programs, at least 50% of the credits allocated for the master's degree – usually 15 of 30 – must be for courses designed for graduate work.)

- Accelerated Masters Programs: http://graduate.missouristate.edu/acceleratedprograms.htm
- Graduate catalog: http://graduate.missouristate.edu/catalog/

d. The institution adheres to policies on student academic load per term that reflect reasonable expectations for successful learning and course completion.

- Credit hours: http://www.missouristate.edu/registrar/catalog/credithours.html
- Overload permission: http://www.missouristate.edu/registrar/catalog/overload.html
- Overload permission form: http://www.missouristate.edu/registrar/overload.htm

e. Courses that carry academic credit toward college-level credentials have content and rigor appropriate to higher education.

- Faculty Senate curricular process
- Faculty review and assessment

f. The institution has a process for ensuring that all courses transferred and applied toward degree requirements demonstrate equivalence with its own courses required for that degree or are of equivalent rigor.

- Transferring credit: http://www.missouristate.edu/admissions/collcredit.htm
- Transfer Credit Policy: http://www.missouristate.edu/registrar/catalog/transfercreditpolicy.html

g. The institution has a clear policy on the maximum allowable credit for prior learning as a reasonable proportion of the credits required to complete the student’s program. Credit awarded for prior learning is documented, evaluated, and appropriate for the level of degree awarded. (Note that this requirement does not apply to courses transferred from other institutions.)
• Transfer equivalency: 
https://www.secure.missouristate.edu/appadm/transequiv/transequiv.asp and 
http://www.missouristate.edu/admissions/collcredit.htm
• Online evaluation system available through Banner
• No credit for prior learning is accepted at MSU: 
http://www.missouristate.edu/registrar/catalog/transfercreditpolicy.html
• We have no limit on prior learning (i.e. Credit by Exam) per Transfer Credit Policy. (We do 
by some subjects, but no overall credit)
• Credit by examination policy: Policy Library Op3.04-14
http://www.missouristate.edu/policy/Op3_04_14_CreditbyExamination.htm

h. The institution maintains a minimum requirement for general education for all of its 
undergraduate programs whether through a traditional practice of distributed curricula (15 
semester credits for AAS degrees, 24 for AS or AA degrees, and 30 for bachelor’s degrees) 
or through integrated, embedded, interdisciplinary, or other accepted models that 
demonstrate a minimum requirement equivalent to the distributed model. Any variation is 
explained and justified.

2. Faculty Roles and Qualifications

a. Instructors (excluding for this requirement teaching assistants enrolled in a graduate 
program and supervised by faculty) possess an academic degree relevant to what they are 
teaching and at least one level above the level at which they teach, except in programs for 
terminal degrees or when equivalent experience is established. In terminal degree 
programs, faculty members possess the same level of degree. When faculty members are 
employed based on equivalent experience, the institution defines a minimum threshold of 
experience and an evaluation process that is used in the appointment process.
• Hiring guidelines: Policy Library Op7.10

b. Instructors teaching at the doctoral level have a record of recognized scholarship, 
creative endeavor, or achievement in practice commensurate with doctoral expectations.
• Program faculty listings
• Graduate Faculty Status minimum requirement to teach in programs

c. Faculty participate substantially in:

substance, currency, and relevance for internal and external constituencies;

C. Teaching and Learning: Evaluation and Improvement

1. Instructors (excluding for this requirement teaching assistants enrolled in a graduate program and supervised by faculty) have the authority for the assignment of grades.
