BEAR STATS

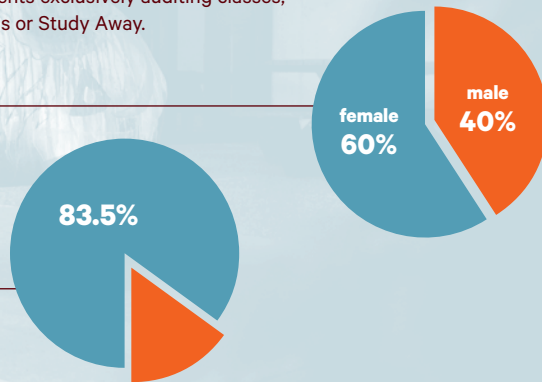

SPRINGFIELD CAMPUS
FALL 2020

The **FALL 2020** enrollment of **24,163** on the Springfield campus was the third highest headcount in Bear history.

For national comparison purposes, the headcount of **23,504** is used. It is based on IPEDS submissions and is represented on subsequent charts and tables. These data are used for all external surveys. This total does not include the **659** students exclusively auditing classes, enrolled at English Language Institute (ELI), China Campus or Study Away.

MSU's enrollment of **23,504** includes **14,141** females and **9,363** males.

19,620 (83.5%) Bears are undergraduate, while an additional **16.5%** are graduate students.

Total Bear enrollment has increased by **3,121 (15.3%)** over the past **11 years**.

* Farm/ranch land of 4,017 acres at Baker’s Acres, Shealy Farm, Darr Agricultural Center, The Woodlands, Kindrick Family Farm, and Journagan Ranch are used as teaching and research properties.

**Other Specialty Land of 53 acres is Bull Shoals Field Station and Baker Observatory.

Physical changes continue on the Springfield campus:

- Completion of an approximate 23,000 square foot addition to **Greenwood Laboratory School** included a new south entrance, adjacent office, a lobby supporting the school, weight room, team trainer room, restrooms and a multi-purpose center with retractable bleacher seating of 609 people, additional space for temporary seating for 250 and performance stage. The new space provides for a larger, accessible entrance and a welcome center.
- Phase II Cooperative Engineering Expansion and the eFactory Business Incubator expansion infilled a portion of the second floor of **Robert W. Plaster Center for Free Enterprise**. The Cooperative Engineering expansion included 8 additional design and research labs, distance learning classrooms and tutoring rooms. The eFactory expansion included 8 additional business incubator spaces, a large training area that can be sub-divided, and a new conference room with separate elevator access.
- Completion of the **Bull Shoals Ozarks Education Center** created an approximate 4,300 square foot facility with educational and residential components in one central location to accommodate large groups of students and researchers. The residential component includes an ADA accessible bunk room that sleeps seven with associated support spaces of bathrooms, showers and a large kitchen. These spaces are in a common room building. Three 120 square foot cabins each can house four occupants.
- The **McQueary Family Health Sciences Hall** addition of 13,000 square feet includes one 240-seat tiered classroom, one 75-seat tiered classroom, four faculty offices, restrooms, and storage space. In addition to the core functional spaces in the building, student collaboration and study lounge spaces were installed at various locations. The work included modifications to the existing building to accommodate new corridor connections, restroom renovations, and the addition of a student study lounge along with site work allowing for the reconfiguration of parking spaces.

BEAR COMMUNITY NOTES

Missouri State University presents five annual signature events that foster learning in ethical leadership, cultural competence and community engagement – the three pillars of the university's mission in public affairs. Each year a new theme guides the public affairs activities at Missouri State. For 2020–21, the theme is **Bridging the Divide**.

420,000+

hours of volunteer service provided by our campus community each year

70+

international destinations for short-term or long-term study-away programs

GO BEARS

Bears may attend **NCAA Division I intercollegiate athletic events** for 17 teams and participate in numerous recreational activities.

BEARWEAR FRIDAYS

On BearWear Fridays, we wear maroon and white! And on many other days, of course.

The Office of Institutional Research (OIR) serves as a centralized resource to campus decision-makers and planners by providing an objective standard for determining the extent to which MSU achieves its core mission of educated persons, as well as determining the extent to which MSU achieves its stated goals.

The Bear Stats, prepared by OIR, provides data supplied annually for the purpose of state and federal compliance. These data are routinely produced by OIR and used to fulfill Missouri State University obligations to a variety of external agencies, including the National Center for Education Statistics (NCES), the Board of Governors, a variety of federal and state governmental units, and rating/ranking publications.
