

Course: BMS 110 **Course Title:** Introduction to Human Biology
Credit Hours: 3 **Department:** Biomedical Sciences
Prerequisite: *eligibility for ENG 110.*

CORE-42 Category: NATURAL SCIENCES - Life Sciences: Human Biology
MOTR LIFS 150 **MOTR Hours:** 3
MOTR LIFS 150L when combined with BMS 111

Information submitted by a department representative on 4/28/2021 5:22:03 PM – Compiled by Darren Wienberg, Academic Advising & Transfer Center

Typically Offered During:

Fall Full Semester:	YES	Fall 1 st Block:	NO	Fall 2 nd Block:	NO
Spring Full Semester:	YES	Spring 1 st Block:	YES	Spring 2 nd Block:	NO
Summer:	YES				

Typical Instructional Modality:

Traditional (seated):	YES	Blended:	NO	Internet:	YES
Online Video:	NO	Web Conference:	NO		

May Also Count Toward Department Offering:

Major:	YES	Minor:	YES	Certificate:	YES
--------	-----	--------	-----	--------------	-----

Please see online published semester class schedule and undergraduate catalog for detailed course offering information.

How do you describe the course to students when they ask “What is this class about?” (Without using the catalog description)?

An introductory human biology science class geared toward those students interested in future health and medicine careers.

Beyond meeting a General Education requirement, what benefits can students realize from choosing this course?

BMS 110 and 111 are prerequisites for progression in many of MCHHS undergraduate and graduate programs.

Other than your major/minor/certificate students, what groups of students could find this course relevant to their degree program or career path?

Students interested in healthcare administration, forensic science, public health, child life specialist, radiology, allied health (radiography, respiratory therapy). Any major that ultimately leads to a career helping other humans, this is great course for that knowledge and perspective.

Catalog Description (Fall 2022 Undergraduate Catalog)

An introduction to concepts and techniques related to human anatomy, physiology, genetics, cellular and molecular biology. Recommended for students in preprofessional programs and Allied Health careers. Cannot receive credit for both BMS 100 and BMS 110. Cannot be taken Pass/Not Pass.
