

# BEAR POWER *Ambassadors*

## WHO ARE BEAR POWER AMBASSADORS?

Bear POWER Ambassadors are Missouri State student volunteers who will provide individualized support and empower Bear POWER peers in their college experiences.

These mentors are undergraduate and graduate students who establish one-on-one relationships with Bear POWER peers and engage with them both academically and socially.

## AMBASSADORS IN ACTION

Bear POWER Ambassadors create a circle of support for their Bear POWER peers with up to five volunteers working with each individual Bear POWER peer in areas of academic, social and health/wellness.

Connections like these help facilitate natural inclusion of all students within the college setting.

## HOW CAN I BECOME AN AMBASSADOR?

Recruitment is open! Bear POWER Ambassadors must fill out an application, have at least a 2.5 GPA, undergo a background screening, and participate in one of our training sessions before being paired with a Bear POWER peer.

If you would like more information email us at [bearpower@missouristate.edu](mailto:bearpower@missouristate.edu) or visit us in our office in Hill Hall 216!
