Paul Ajuwon presented a report on the accessibility of websites. The outcome of the report and the committee discussion was that all websites under review are accessible to those with disabilities.

A brief discussion on the Table of Contents for the PEU handbook was discussed, and the chair of PEC reported on pending changes in the PEC that would inform this project. Discussion on this will be continued at next week's meeting.

David Goodwin agreed to put together a list of the proposed revisions to the CF for our meeting next week. The Committee chair will put together a form that we can use to put together our website review. After discussion about the education component of the CF and input of the PEU chair, the committee agreed to not pursue the education component of the CF and leave that to the head of the PEU.
