I. Call to order

A monthly meeting of the Missouri State University PEC Exceptions and Compliance Committee convened at 1:00 pm. Chair Gayle Runke presiding, and Cindy Caddy, secretary.

II. Approval of Meeting Minutes

Motion made and seconded to approve the August 14, 2013 meeting minutes. *Motion carried.*

III. CBASE Proposal

This committee has been given charge to come up with a fair way to address students who have not passed all of their CBASE sections. The following proposal was reached after much discussion by the committee:

The CBASE battery of tests will be replaced by a battery of tests known as MoGEA. It is the purpose of this proposal to help students who are very close to fulfilling the CBASE requirements. The following outlines an emergency approach to this transition and acceptance to the Teacher Education Program:

1. There will be no exceptions made for qualifying GPAs.
2. All sections must be scores above 235.
 - a. Three sections passed with 265
 - b. 2 sections can be fulfilled with a replacement course
 - c. Content area section score must be 265 or student will be required to take the MoGEA content section.
 - d. One Extended semester for 1 professional education course will be granted while taking the replacement course.

3. The student must initiate the paperwork for these exceptions and must meet all of the standards currently in place concerning a replacement course.
4. Replacement courses must be approved and taken and passed with a B- or better prior to Fall 2014.
5. Students who do not meet above criteria by Fall 2014 must meet the complete MoGEA test requirement. No additional extended semesters will be granted

The Committee will discuss this policy with their departments and colleagues for possible changes. A final proposal will need to be ready for submission to the PEC for discussion at the Oct 9 meeting.

IV. New Business

No new business.

Adjourned at 1:40 pm
