Senate Action: Continued Support for the Curricular Action Workflow System

Whereas, approver and reviewer roles within Missouri State University's current curricular action workflow system must be updated in response to changes in faculty senate and academic unit leadership as scheduled and in a timely manner.

Whereas, proposals and attachments in the current curricular action workflow system must be accessible to faculty and administrators after the new curriculum software, Curriculog, is in place.

Therefore, be it resolved, that the Office of the Provost and university administration commit to provide technical support for the current curricular action workflow system through at least the next academic year (2024-2025), removing support only after a viable and sustainable process for archiving and accessing the proposals and attachments in the current curricular action workflow system has been established.

Senate Action: Support for the Incoming Secretary of the Faculty

Whereas, Missouri State University has made a substantial financial investment in the new curriculum software, Curriculog.

Whereas, the University will undergo a difficult transition from the current curricular action workflow system to the new Curriculog system during 2024-2025.

Whereas, the incoming Secretary of the Faculty (2024-2025) will be required to learn and work with both systems.

Therefore, be it resolved, that the current Secretary of the Faculty, Dr. Melinda Novik, receive a one-year stipend (equivalent to the buy-out for a three-hour course) to support the incoming Secretary of the Faculty and, thereby, faculty members across campus during this process.
