Scope of the Required Student Fees Schedule

All fees assessed must be paid in full by specified fee deadlines; otherwise, a student's future registration may be canceled. Courses audited count in the same way as courses taken for credit in determining fees. *The required student fee schedule is subject to revision by the Board of Governors without notice.*

Exceptions to the Required Student Fees Schedule

The Provost has the authority to approve exceptions to the above required student fee schedule. The Provost or a designee may also specify course sections for which the student services fee will not be assessed. These will generally be those for which the students are not required to come to the campus for more than a short period of time.

New Required Student Fee Commencing Fall 2017

During Fall 2015, the student body approved a new \$29 per semester capital improvement fee for the Auxiliary System. The Board of Governors acknowledge and approve the new \$29 per semester fee to go into effect the fall of 2017.

Fee Exchange for Section Changes after the Change of Schedule Period

Students may drop a section and add a different section of the same course during the same part of term and receive an even exchange of fees provided the section add and drop were processed during the same transaction. Students who drop and add a section in the same course but in a different part of term do not qualify for this fee exchange. Students who drop a special topics course and add the same course but with a different topic do not qualify for this fee exchange.

Supplemental Course Fees

Supplemental course fees may be assessed on individual courses to cover the cost of specialized supplies, equipment, or services for instructional purposes that are provided by the University to all students enrolled in the course and are in addition to routine instructional expenses. The listing of supplemental course fees in Appendix A will be identified in the catalog and class schedule and will be assessed at the time of registration. Supplemental course fees will not be assessed for sections identified as Dual Credit/High School. The Provost shall be authorized to approve additional supplemental course fees needed for selected courses during the year.

Digital Course Materials

Some courses require access to digital course materials. A charge for access to these materials will be applied to the student's account.

Program Fees

A program fee will be assessed to cover the additional costs required for faculty, equipment, facilities, clinical instruction, and supervision for selected programs. This fee is in addition to the applicable tuition, additional per-credit-hour fees, supplemental course/section fees, and student services fees.

Refunds for Classes with a term* of 19 days or less (including Intersession)

The refund for courses with a term* of 19 days or less (including Intersession) is 100% if the class is dropped by the end of the first day of the term. After the first day of the term, refunds are made on the basis of the number of days in the term per the following schedule:

Number of Days in Term	100%	75%	50%	25%
1	Prior to day 1	n/a	n/a	n/a
2	1	n/a	n/a	n/a
3	1	2	n/a	n/a
4	1	2	n/a	3
5	1	2	3	4
6	1	2	3	4
7	1	2	3	4
8	1	2	3	4
9	1	2	3	5
10	1	2	3	5
11	1	2	3	6
12	1	2	4	7
13	1	2	4	7
14	1	2	4	8
15	1	2	4	8
16	1	2	5	9
17	1	3	5	9
18	1	3	5	10
19	1	3	5	10

Refunds for Classes with a term* of 20 days or more: (except for standard sessions listed above)

The refund for classes with a term* of 20 days or more is 100% if the class is dropped before the end of the second day of the term (even if the class does not meet on the second day of the term). Additional refund periods are proportionate to the refund periods described above for full semester classes. Refund deadlines are calculated as follows:

- 75% refund = 0.133 times the length of term
- 50% refund = 0.267 times the length of term
- 25% refund = 0.533 times the length of term

Standard rounding rules apply (e.g., the 75% refund deadline for a 25-day term is 0.133×25 or 3.325, which will be rounded down to day 3; the 50% refund deadline for a 25-day term is 0.267×25 or 6.675, which will be rounded up to day 7). The Office of the Registrar maintains refund deadline dates for each class length.

*For classes that are not full semester or block classes, refunds are based on the 'length of term.' For those classes, the 'term' begins with the start date of the class and ends with the end date. The length of term is the number of days in that period, including the start and end date but excluding weekends and holidays when classes are not in session.

Student Services Fee Refunds

One hundred percent (100%) of Student Services Fees will be refunded for full semester classes dropped on or before the fifth day of the semester; for classes with a duration of 19 days or less dropped on or before the first day of the term; for classes with a duration of 20 days or more (but less than full semester) dropped on or before the second day of the term.

For classes dropped outside the above deadlines, student services fees are recalculated based on the credit hours in which a student remains, plus the percentage of the dropped credit hours for which the student remains liable (liability is based on the tuition refund percentage period in place at the time of the drop).

Example 1: Student originally enrolls for the fall semester in 12 on-campus credit hours and is assessed full student services fees (i.e., the amount for seven or more credit hours). During the 50% refund period, the student drops six credit hours. The amount that the student owes following the drop is recalculated to include the six remaining credits plus 50% of the six credit hours dropped (or three credit hours), which totals nine liable credit hours. In this example, there is no change in student services fees.

Example 2: Student originally enrolls in six on-campus credit hours and is assessed student services fees for those credit hours. During the 25% refund period, the student drops three credit hours. The amount the student owes following the drop is recalculated to include the three remaining credits plus 75% of the three dropped credit hours (2.25), which totals 5.25 liable credit hours. Student services fees will be assessed based on six liable credit hours (credit hours are rounded up).

Example 3: Student originally enrolls in 12 on-campus credit hours and is assessed full student service fees (i.e., the amount for seven or more credit hours). During the 75% refund period, the same student drops all 12 credit hours. Student services fees are recalculated to charge for the 25% liability of the 12 credit hours dropped, which is three liable credit hours. Student services fees will be assessed based on three liable credit hours. Thus the student will receive a credit (refund) for the difference between the student services fee for three hours and seven hours.

Supplemental Course Fee Refunds

If a student drops during the 100% refund period for tuition (as indicated above), then 100% of supplemental fees will be refunded (with the exception of fees that have already been expended on the part of the student). No refund of supplemental or section fees is issued for students who drop after the 100% refund period.

Refunds for Recipients of Federal Aid

For students who are recipients of Federal Title IV student aid, refunds will be made in accordance with all applicable federal regulations.

Exceptions to the Required Student Fees Refund Policy

Student-Initiated: Exceptions to the fee refund policy are generally granted only for documented exceptional circumstances that were beyond the control of the student (e.g., medical emergency or death in the immediate family) or when a documented University error has occurred. A change in assessment can only be adjusted or prorated to a refund percentage rate already established in the published University tuition and required fees schedule (100%, 75%, 50%, or 25%). The documented date of the exceptional circumstance and the associated refund percentage will be evaluated when considering prorated or full refunds.

Class(es) must have been dropped/withdrawn from in order to be considered for a refund. If a grade was received (including a failing grade or incomplete grade) a refund appeal cannot be considered. Appeals for a fall semester must be received on or before June 30 of the following year; appeals for a spring semester must be received on or before November 30 of the same year; appeals for a summer semester must be received on or before February 28 of the following year.

Post-semester refund exceptions may also be considered when a University policy-based grade change is approved by the Scholastic Standards and Revision of Records Committee.

Requests for exceptions to the refund policy must be submitted to the Office of the Registrar and must be accompanied by appropriate supporting documentation. Requests for exceptions to the refund policy will be considered by the Refund Exception Committee. The Refund/Credit Appeal form and more information concerning the appeal process can be found on the Office of the Registrar's website.

The University will consider requests for full refunds of tuition and fees based on non-attendance, if it is determined that a student:

- Did not attend any classes during the semester;
- Did not live any length of time in University student housing;
- Did not have other campus charges on their accounts;
- Did not have any financial aid returned causing the returned aid to be placed on the student's account;
- Was assigned a "W" grade in all classes for the semester either by withdrawing from all classes by the last day to drop as indicated on the academic calendar or through a successful grade appeal to the Scholastic Standards and Revision of Records Committee;
- Submitted a refund appeal to the Office of the Registrar by the deadlines indicated above; and,
- Has not been given a full refund for non-attendance for a previous semester.

Department-Initiated: Exceptions may also be made when course(s) are dropped and added after the change of schedule period if the department of the course(s) dropped and added provides written verification to the Office of the Registrar stating that the late schedule change was required or recommended by the department.

Students who take a combination of online and on-campus courses are assessed the fees. However, in order to qualify for the Professional Services fee, the combination of credit hours must total at least 6 hours. If the Professional Services fee (including Health Services) is refunded because billable hours drop below 6, then the student will be given the opportunity to have the service reinstated. Students electing these fees may pay the fee(s) no later than the close of business the second Friday of full semester classes.

Non-Degree seeking students enrolled in one or two credit hours are not charged the student service fees (except for the Computer & Technology Usage Fee).

Corporate Education course fees will be negotiated on a case-by-case basis. The Computer & Technology Usage Fee will be charged to all corporate sites.

- Courses audited are counted in the same way as courses taken for credit in determining fees.
- **The required student fee schedule is subject to revision by the Board of Governors without notice.**

Exceptions to the Required Student Fee Schedule

The Dean of Academic Affairs has the authority to approve exceptions to the above required student fee schedule for courses for which the fees must be negotiated with outside agencies. The Dean of Academic Affairs or a designee may also specify courses or students for which the student services fee will not be assessed. These will generally be courses for which the students are not required to come to the campus for more than a short period of time.

Admission Application Fee

A \$15.00 non-refundable admission application fee will be required of all first-time applicants for admission. The application fee will not apply toward payment of the Required Student Fee. The admission application fee is waived for faculty and staff and their dependents who are qualified for course fee waivers according to the University personnel policy. The admission application fee will be waived for high school students taking courses by dual credit and/or dual enrollment.

In hardship cases, the Office of Admissions is authorized to waive the admission application fee for first-time freshman applicants. Waivers may be granted to students whose counselors document that they are eligible for the free or reduced lunch program in their school systems. Waivers may also be granted to students whose counselors submit a signed National Association for College Admission Counseling fee waiver form on their behalf and to students who document that they have qualified for a waiver of the ACT registration fee.

Supplemental Course Fees

Supplemental course fees may be assessed on individual courses to cover the cost of specialized supplies, equipment or services for instruction purposes that are provided by the University to all students enrolled in the course and are in addition to routine instructional expenses. The listing of supplemental course fees in Appendix B will be identified in the catalog and class schedule and will be assessed at the time of registration.

There may be additional supplemental course fees needed during the year for selected courses. For such courses, the Chancellor of the West Plains Campus shall be authorized to recommend supplemental course fees. Supplemental fees recommended will be presented to the President for approval and reported to the Board of Governors at the next meeting of the Board.

Missouri State University contracts with a third party to process credit card payments to pay balances on accounts for charges. The third party processing company will charge a separate convenience fee which will apply to all credit card payments. Please review the Business Office website for payment options.

Graduation Fee

A \$55.00 fee must be paid before students will be eligible to receive their diplomas and final transcripts.

A \$20.00 fee is charged for the second and each successive degree received by students graduating with multiple associate degrees. This fee must be paid before students will be eligible to receive their additional diplomas and final transcripts indicating the completion of multiple degrees.

For withdrawal requests submitted by mail, the postmark date shall be used.

Refunds for Classes with a term* of 19 days or less (including Intersession)

The refund for courses with a term* of 19 days or less (including Intersession) is 100% if the class is dropped by the end of the first day of the term. After the first day of the term, refunds are made on the basis of the number of days in the term per the following schedule:

Number of Days in Term	100%	75%	50%	25%
1	Prior to day 1	n/a	n/a	n/a
2	1	n/a	n/a	n/a
3	1	2	n/a	n/a
4	1	2	n/a	3
5	1	2	3	4
6	1	2	3	4
7	1	2	3	4
8	1	2	3	4
9	1	2	3	5
10	1	2	3	5
11	1	2	3	6

13	1	2	4	7
14	1	2	4	8
15	1	2	4	8
16	1	2	5	9
17	1	3	5	9
18	1	3	5	10
19	1	3	5	10

Refunds for Classes with a term* of 20 days or more:

The refund for classes with a term* of 20 days or more is 100% if the class is dropped before the end of the second day of the term (even if the class does not meet on the second day of the term). Additional refund periods are proportionate to the refund periods described above for full semester classes. Refund deadlines are calculated as follows:

- 75% refund = 0.133 times the length of term
- 50% refund = 0.267 times the length of term
- 25% refund = 0.533 times the length of term

Standard rounding rules apply (e.g., the 75% refund deadline for a 25-day term is 0.133×25 or 3.325, which will be rounded down to day 3; the 50% refund deadline for a 25-day term is 0.267×25 or 6.675, which will be rounded up to day 7). The Office of the Registrar maintains refund deadline dates for each class length.

*For classes that are not full semester classes, refunds are based on the 'length of term.' For those classes, the 'term' begins with the start date of the class and ends with the end date. The length of term is the number of days in that period, including the start and end date but excluding weekend and holidays when classes are not in session.

Student Services Fee Refunds

If a student drops during the 100% refund period for tuition (as indicated above), then 100% of the Student Services Fees will be refunded. No refund of Student Services Fees will be issued for students who drop after the 100% refund period.

Supplemental Course Fee Refunds

If a student drops a course(s) during the 100% refund period for tuition (as indicated above), then 100% of supplemental fees for the course(s) being dropped will be refunded (with the exception of fees that have already been expended on the part of the student). No refund of supplemental or section fees is issued for students who drop a course(s) after the 100% refund period.

Refunds for Recipients of Federal Aid

For students who are recipients of Federal Title IV student aid, refunds will be made in accordance with all applicable federal regulations.

Refunds for Non-Attendance

Students will be administratively withdrawn for the following circumstances:

- Reported as Never Attended by the
 - 10th class day of the 16-week or longer term
 - 7th class day of the 8-week term
 - 4th class day of the 5-week and 4-week term
 - 2nd class day of a 2-week or less term
- Determined to have enrolled in a course without the appropriate pre-requisite course
- Are academically suspended and have not been reinstated through the academic appeal process

Student who are administratively withdrawn will have their schedule removed and tuition and fees will be refunded at 100%. However, non-tuition related charges will continue to be the responsibility of the student.

Changes of Schedule

Students who drop courses during the change of schedule period will receive a credit on their account in accordance with the Required Student Fees Refund Schedule (see Required Student Fees Refund Schedules). Because courses are not supposed to be added after the change of schedule period, dropped courses and added courses (including section changes), **will result** in an additional financial obligation for the student. Exceptions may be granted when the department of the course(s) dropped and added provides written verification to the Office of Academic Affairs stating that the late schedule change was required or recommended by the department. Courses may be added during the change of schedule period. Additional cost of courses added must be paid at the time the change of schedule is processed, or the student must be completely enrolled in the My Payment Plan.

Exceptions to the Withdrawal and Change of Schedule Fee Refund Policy (*NOTE: This section will potentially be impacted by the development of the attendance tracking and administrative withdrawal processes currently being discussed.*)

Exceptions to the withdrawal and change of schedule fee refund policy must be approved by the Office of Registration and Records. Appeals must be submitted in writing to the Office of Registration and Records within one month of the date of the withdrawal or change of schedule and should be accompanied by appropriate supporting documentation.

Missouri State University–West Plains will make the following efforts to identify students who are registered but not attending classes:

- Discrepancy Reporting – Instructors will monitor class rosters through My Grizzly Den. After the first week of class, instructors will report students who meet the following conditions:
 - A student is attending class but is not on their class roster.
 - A student is listed on the class roster but is not attending class.

In either case, the Office of Registration and Records notifies the students via letter and requests they contact the office immediately to resolve the situation.

- Mid-Term Grade Reporting – Students earning D’s and F’s on their mid-term grade report are contacted via their University e-mail address, notifying them of their grade, and encouraging them to take steps to improve their grade through various means. If a student has not been attending classes, and did not take proper steps to withdraw after being reported by instructors on Discrepancy Reporting, this e-mail may generate a response.

If a student receives all F’s on his/her mid-term grade report and instructors confirm that the student has not attended class, steps may be taken to administratively withdraw the student. A student who is administratively withdrawn will receive W’s for those courses. The student will be responsible for paying the percentage of basic fees and tuition not refunded according to the refund schedule. *(NOTE: This section will potentially be impacted by the development of the attendance tracking and administrative withdrawal processes currently being discussed.)*
