C. Scope of the Required Student Fees Schedule

All fees assessed must be paid in full by specified fee deadlines; otherwise a student's future registration is canceled. Courses audited count in the same way as courses taken for credit in determining fees. **The required student fee schedule is subject to revision by the Board of Governors without notice.**

D. Exceptions to the Required Student Fee Schedule

The Provost has the authority to approve exceptions to the above required student fee schedule. The Provost or a designee may also specify courses or students for which the student services fee will not be assessed. These will generally be courses for which the students are not required to come to the campus for more than a short period of time.

G. Supplemental Course, Program, Confirmation/Deposits, and Application Fees

1. Supplemental Course Fees

Supplemental course fees may be assessed on individual courses to cover the cost of specialized supplies, equipment, or services for instructional purposes that are provided by the University to all students enrolled in the course and are in addition to routine instructional expenses. The listing of supplemental course fees in Appendix A will be identified in the catalog and class schedule and will be assessed at the time of registration. Supplemental course fees will not be assessed for sections identified as Dual Credit/High School. The Provost shall be authorized to approve additional supplemental course fees needed for selected courses during the year.

2. Program Fees

A Program Fee, in addition to per-credit-hour fee for Nurse Anesthesia enrollment (Clinical Fee per-term of enrollment) of \$2,500.00, will be assessed to cover the cost of clinical instruction and supervision.

3. Confirmation Fees/Deposits

a) Students offered admission to the College of Health and Human Services Graduate Health Programs (Doctorates in Physical Therapy and Nursing Practice; Master of Science in Nurse Anesthesia and Physician Assistant Studies, Master of Occupational Therapy and the Dietetic Internship Graduate Certificate Program) will be required to pay a non-refundable confirmation deposit of \$500.00 by the deadline specified by their program to reserve their place in the program. The deposit will be applied toward tuition for the first semester of enrollment following the end of the first week of that semester. Students who do not enroll will forfeit the deposit.

b) Students offered admission to the Bachelor of Science in Nursing (Comprehensive, Generic, 4-year program) will be required to pay a non-refundable confirmation deposit of \$100.00 by the deadline specified by their program to reserve their place in the program. The deposit will be applied toward tuition for the first semester of enrollment following the end of the first week of that semester. Students who do not enroll will forfeit the deposit.

4. Application Fees

An application fee of \$50.00 will be charged for each of these programs: the Bachelor of Science in Nursing, the Master of Science in Nursing, and the Doctor of Nursing Practice.

H. Out-of-State and Non-Resident Fees

For purposes of scholarships, waivers and other forms of financial aid, the difference between the amount charged to a Missouri resident and the amount charged to a Non-Missouri Resident is referred to as “out-of-state fees” or “non-resident fees.”

II. Required Student Fees Refund Schedules

A. Refunds of Tuition and Other Enrollment Fees

1. Refunds for Full Semester-Length Classes (Fall and Spring):

If a student drops or withdraws from a full semester-length class, the refund shall be as follows:

On or before the fifth day of the semester	100%
--	------

Fee Schedule, effective July 1, 2013

Days 6 through 10 of semester	75%
Days 11 through 20 of semester	50%
Days 21 through 40 of semester	25%
After the 40 th day of semester	No refund

2. Refunds for Classes with a Term* of 19 days or less (including Intersession):

The refund for courses with a term* of 19 days or less (including Intersession) is 100% if the class is dropped by the end of the first day of the term. After the first day of the term, refunds are made on the basis of the number of days in the term per the following schedule:

Number of Days in Term	100%	75%	50%	25%
1	Prior to day 1	n/a	n/a	n/a
2	1	n/a	n/a	n/a
3	1	2	n/a	n/a
4	1	2	n/a	3
5	1	2	3	4
6	1	2	3	4
7	1	2	3	4
8	1	2	3	4
9	1	2	3	5
10	1	2	3	5
11	1	2	3	6
12	1	2	4	7
13	1	2	4	7
14	1	2	4	8
15	1	2	4	8
16	1	2	5	9
17	1	3	5	9
18	1	3	5	10
19	1	3	5	10

3. Refunds for Classes with a Term* of 20 days or more (including Summer) but less than full semester:

The refund for classes with a term* of 20 days or more (including Summer) is 100% if the class is dropped before the end of the second day of the term (even if the class does not meet on the second day of the term). Additional refund periods are proportionate to the refund periods described above for full semester classes. Refund deadlines are calculated as follows:

- 75% refund = 0.133 times the length of term
- 50% refund = 0.267 times the length of term
- 25% refund = 0.533 times the length of term

Standard rounding rules apply (e.g., the 75% refund deadline for a 25-day term is 0.133×25 or 3.325, which will be rounded down to day 3; the 50% refund deadline for a 25-day term is 0.267×25 or 6.675, which will be rounded up to day 7). The Office of the Registrar maintains refund deadline dates for each class length.

**For classes that are not full semester classes, refunds are based on the 'length of term.' For those classes, the 'term' begins with the start date of the class and ends with the end date. The length of term is the number of days in that period, including the start and end date but excluding weekend and holidays when classes are not in session.*

B. Student Services Fee Refunds

100% of Student Services Fees will be refunded for full semester classes dropped on or before the fifth day of the semester; for classes with a duration of 19 days or less dropped on or before the first day of the term; for classes with a duration of 20 days or more (but less than full semester) dropped on or before the second day of the term.

For classes dropped outside of the above deadlines, student services fees are recalculated based on the credit hours in which a student remains, plus the percentage of the dropped credit hours for which the student remains liable (liability is based on the tuition refund percentage period in place at the time of the drop).

Example 1: Student originally enrolls for the fall semester in 12 on-campus credit hours and is assessed full student services fee (i.e., the amount for seven or more credit hours). During the 50% refund period, the student drops six credit hours. The amount that the student owes following the drop is recalculated to include the six remaining credits plus 50% of the six credit hours dropped (or three credit hours), which totals nine liable credit hours. In this example, there is no change in student services fees.

Example 2: Student originally enrolls in six on-campus credit hours and is assessed student services fees for those credit hours. During the 25% refund period, the student drops three credit hours. The amount the student owes following the drop is recalculated to include the three remaining credits plus 75% of the three dropped credit hours (2.25), which totals 5.25 liable credit hours. Student services fees will be assessed based on six liable credit hours (credit hours are rounded up).

Example 3: Student originally enrolls in 12 on-campus credit hours and is assessed full student services fee (i.e., the amount for seven or more credit hours). During the 75% refund period, the same student drops all 12 credit hours. Student services fees are

recalculated to charge for the 25% liability of the 12 credit hours dropped, which is three liable credit hours. Student services fees will be assessed based on three liable credit hours. Thus the student will receive a credit (refund) for the difference between the student services fee for three hours and seven hours.

C. Supplemental Course Fee Refunds

If a student drops during the 100% refund period for tuition (as indicated above), then 100% of supplemental fees will be refunded (with the exception of fees that have already been expended on the part of the student). No refund of supplemental or section fees is issued for students who drop after the 100% refund period.

D. Refunds for Recipients of Federal Aid

For students who are recipients of Federal Title IV student aid, refunds will be made in accordance with all applicable federal regulations.

E. Exceptions to the Required Student Fees Refund Policy

1. Student-Initiated: Exceptions to the fee refund policy are generally granted only for documented exceptional circumstances that were beyond the control of the student (e.g., medical emergency or death in the immediate family) or when a documented University error has occurred. A change in assessment can only be adjusted or prorated to a refund percentage rate already established in the published University tuition and required fees schedule (100%, 75%, 50%, or 25%). The documented date of the exceptional circumstance and the associated refund percentage will be evaluated when considering prorated or full refunds.

Class(es) must have been dropped/withdrawn from in order to be considered for a refund. If a grade was received (including a failing grade or incomplete grade) a refund appeal cannot be considered. Appeals for a fall semester must be received on or before June 30 of the following year; appeals for a spring semester must be received on or before November 30 of the same year; appeals for a summer semester must be received on or before February 28 of the following year.

Post-semester refund exceptions may also be considered when a University policy-based grade change is approved by the Scholastic Standards and Revision of Records Committee.

Requests for exceptions to the refund policy must be submitted to the Office of the Registrar and must be accompanied by appropriate supporting documentation. Requests for exceptions to the refund policy will be considered by the Refund Exception Committee. The Refund/Credit Appeal form and more information concerning the appeal process can be found on the Office of the Registrar's web site.

2. The University will consider requests for full refunds of tuition and fees based on non-attendance, if it is determined that a student:

- Did not attend any classes during the semester;
 - Did not live any length of time in University student housing;
 - Did not have other campus charges on their account (e.g., bookstore, Taylor Health Center, etc.);
 - Did not have any financial aid returned causing the returned aid to be placed on the student's account;
 - Was assigned a "W" grade in all classes for the semester either by withdrawing from all classes by the last day to drop as indicated on the academic calendar or through a successful grade appeal to the Scholastic Standards and Revision of Records Committee
 - Submitted a refund appeal to the Office of the Registrar; by the deadlines indicated above; and,
 - Has not been given a full refund for non-attendance for a previous semester.
3. Department-Initiated: Exceptions may also be made when courses are dropped and added after the change of schedule period if the department of the course(s) dropped and added provides written verification to the Office of the Registrar stating that the late schedule change was required or recommended by the department.

III. Orientation and Admission Application Fees

- SOAR orientation: A \$100.00 fee will be required for the two-day program, and a \$50.00 fee will be required for the one-day program.
- There is a \$30.00 fee for the first family member and a \$30.00 fee for each additional family member.
- There is a \$20.00 per-person-per-night charge to stay in Hutchens House.
- A non-refundable admission application fee will be required of all first-time applicants:

Undergraduate, degree-seeking programs	\$35.00
Graduate programs	\$35.00
International applicants	\$50.00
- The application fees will not apply toward payment of the Required Student Fees.
- Students applying for their initial admission as undergraduate, non-degree seeking students or post-baccalaureate students are not assessed the application fee. Such students will be assessed the fee should they apply for regular admission as indicated above.
- In hardship cases, the Office of Admissions is authorized to waive the admission application fee for first-time freshman applicants. Waivers may be granted to students whose counselors document that they are eligible for the free or reduced lunch program in their school systems. Waivers may also be granted to students whose counselors submit a signed National Association for College Admission Counseling fee waiver form on their behalf and to students who document that they have qualified for a waiver of the ACT registration fee.

IV. Late Registration Fees

- The late registration fee for students who complete their initial registration for full-semester classes after the semester has begun is \$25.00. This fee is charged for the fall and spring semesters and is assessed at the time of registration.
- The late registration fee is waived for students registering only for short courses, workshops, seminars, and other special courses which do not begin until after the regular semester has begun.

V. Music Fee

- The fee for private music lessons taken by Missouri State University students is \$60.00 per semester for one-half hour session per week. The fee for a one-hour session per week is \$105.00 per semester. For less than a full semester, the fee is \$5.00 per half-hour session.
- The musical instrument rental fee is \$20.00 per instrument per semester. The rental fee is to cover normal maintenance of the instruments. In addition, the students will pay the cost of any extraordinary repairs to the instruments.
- The fee for the Band Camp and fees for dress uniforms and equipment will vary from year to year based on actual costs of services and equipment.
- The rental fee for music lockers is \$15.

*Courses offered through the high school off-campus dual credit program are charged 50% of the tuition for a Missouri resident, rounded to the nearest dollar, and are not charged student services fees. Supplemental course fees will be charged in full, if applicable.

**Per credit hour rate for courses with either a NUR (Nursing) or RST (Respiratory Care) prefix, except for NUR 197, NUR 297, RST 120.

*** **Online courses** are not charged student services fees except for the Computer & Technology Usage Fee. If not assessed, a student at his/her option may pay the Professional Services Fee (if enrolled in 6 or more hours) and/or the Student Activity Fee and/or the Student Recreation Center Fee and receive the associated benefits. Students electing these fees must pay the fee(s) no later than the close of business the second Friday of full semester classes.

II. **Admission Application Fee**

- A \$15.00 non-refundable admission application fee will be required of all first-time applicants for admission.
- The application fee will not apply toward payment of the Required Student Fee.
- The admission application fee is waived for faculty and staff and their dependents who are qualified for course fee waivers according to the University personnel policy.

- In hardship cases, the Office of Admissions is authorized to waive the admission application fee for first-time freshman applicants. Waivers may be granted to students whose counselors document that they are eligible for the free or reduced lunch program in their school systems. Waivers may also be granted to students whose counselors submit a signed National Association for College Admission Counseling fee waiver form on their behalf and to students who document that they have qualified for a waiver of the ACT registration fee.

III. Supplemental Course Fees

Supplemental course fees may be assessed on individual courses to cover the cost of specialized supplies, equipment, or services for instructional purposes that are provided by the University to all students enrolled in the course and are in addition to routine instructional expenses. The listing of supplemental course fees in Appendix B will be identified in the catalog and class schedule and will be assessed at the time of registration.

There may be additional supplemental course fees needed during the year for selected courses. For such courses, the Chancellor of the West Plains Campus shall be authorized to recommend supplemental course fees. Supplemental fees recommended will be presented to the President for approval and reported to the Board of Governors at the next meeting of the Board.

IV. Lost Identification Card Fee

There will be a \$5.00 charge for replacement of a lost student identification card.

V. Returned Check Charge Fee

A fee of \$30.00 will be charged to the person presenting a check to the University that is not honored by the bank on which the check is drawn. The charge will be for each check returned.

VI. Credit Card Processing Fee

Missouri State University contracts with a third party to process credit card payments to pay balances on accounts for charges. The third party processing company will charge a separate convenience fee which will apply to all credit card payments. Please review the Bursar's Office website for payment options.

VII. Graduation Fee

- A \$55.00 fee must be paid before students will be eligible to receive their diplomas and final transcripts.
- A \$20.00 fee is charged for the second and each successive degree received by students graduating with multiple associate degrees. This fee must be paid before

students will be eligible to receive their additional diplomas and final transcripts indicating the completion of multiple degrees.

- A \$20.00 fee is charged for subsequent repeat of the CAAP (Collegiate Assessment of Academic Proficiency) exam.

VIII. Diploma/Transcript Fees

- A \$20.00 fee is charged for the issuance of a reissued diploma or reissued certificate.
- There will be no charge for reasonable and routine transcript requests.
- A \$25.00 delivery fee will be charged for transcripts, enrollment verifications, and other documents sent via express or overnight mail inside the continental United States from the Office of Registration and Records.
- The actual cost to the University will be charged for transcripts, enrollment verifications, and other documents sent via express or overnight mail outside the continental United States from the Office of Registration and Records.
- Transcripts will not be sent for current or former students who owe \$25.00 or more to the University.

IX. Financial Aid Fees

Short-Term Loan Service Charge

There is a service charge of \$5.00 for each Short-Term Loan processed for the student.

X. Required Student Fees Refund Schedules:

Refunds are determined separately for tuition, student services fees, and supplemental and sections fees as indicated below. In all cases, the date used in determining refunds shall be the date the student completes the transaction online or submits an official withdrawal or change of schedule request to the Office of Registration and Records. For withdrawal requests submitted by mail, the postmark date shall be used.

A. Refunds of Tuition

1. Tuition Refunds for Full Semester-Length Classes (Fall and Spring):

If a student drops or withdraws from a full semester-length class prior to the ninth week, the tuition refund shall be as follows:

On or before the fifth day of the semester	100%
Days 6 through 10 of semester	75%
Days 11 through 20 of semester	50%
Days 21 through 40 of semester	25%
After the 40 th day of semester	No Refund

2. Tuition Refunds for Classes with a Term* of 19 days or less (including Intersession):

The refund for courses with a term* of 19 days or less (including Intersession) is 100% if the class is dropped by the end of the first day of the term. After the first day of the term, refunds are made on the basis of the number of days in the term per the following schedule:

Number of Days in Term	100%	75%	50%	25%
1 Days	Prior to Day 1	n/a	n/a	n/a
2 Days	1	n/a	n/a	n/a
3 Days	1	2	n/a	n/a
4 Days	1	2	n/a	3
5 Days	1	2	3	4
6 Days	1	2	3	4
7 Days	1	2	3	4
8 Days	1	2	3	4
9 Days	1	2	3	5
10 Days	1	2	3	5
11 Days	1	2	3	6
12 Days	1	2	4	7
13 Days	1	2	4	7
14 Days	1	2	4	8
15 Days	1	2	4	8
16 Days	1	2	5	9
17 Days	1	3	5	9
18 Days	1	3	5	10
19 Days	1	3	5	10

3. Tuition Refunds for Classes with a Term* of 20 days or more (including Summer):

The refund for classes with a term* of 20 days or more (including summer) is 100% if the class is dropped before the end of the second day of the term (even if the class does not meet on the second day of the term). Additional refund periods are proportionate to the refund periods described above for full semester classes. Refund deadlines are calculated as follows:

- 75% refund = 0.133 times the length of term
- 50% refund = 0.267 times the length of term

- 25% refund = 0.533 times the length of term

Standard rounding rules apply (e.g., the 75% refund deadline for a 25-day term is 0.133×25 or 3.325, which will be rounded to day 3; the 50% refund deadline for a 25-day term is 0.267×25 or 6.675, which will be rounded up to day 7). The Office of Registration and Records maintains refund deadline dates for each class length.

**For classes that are not full semester classes, refunds are based on the "length of term." For these classes, the "term" begins with the start date of the class and ends with the end date. The length of term is the number of days in that period, including the start and end date but excluding weekend and holidays when classes are not in session.*

B. Student Services Fee Refunds

100% of Student Services Fees will be refunded for full semester classes dropped on or before the fifth day of the semester; for classes with a duration of 19 days or less dropped on or before the first day of the term; for classes with a duration of 20 days or more dropped on or before the second day of the term.

For classes dropped outside of the above deadlines, student services fees are recalculated based on the credit hours in which a student remains, plus the percentage of the dropped credit hours for which the student remains liable (liability is based on the tuition refund percentage period in place at the time of the drop).

Example 1: Student originally enrolls for the fall semester in 12 on-campus credit hours and is assessed full student services fees (i.e., the amount for seven or more credit hours). During the 50% refund period, the student drops six credit hours. The amount that the student owes following the drop is recalculated to include the six remaining credits plus 50% of the six credit hours dropped (three credit hours), which totals nine liable credit hours. In this example, there is no change in student services fees.

Example 2: Student originally enrolls in six on-campus credit hours and is assessed student services fees for those credit hours. During the 25% refund period, the student drops three credit hours. The amount the student owes following the drop is recalculated to include the three remaining credits plus 75% of the three dropped credit hours (2.25), which totals 5.25 liable credit hours. Student services fees will be assessed based on six liable credit hours (credit hours are rounded up).

Example 3: Student originally enrolls in 12 on-campus credit hours and is assessed full student services fees (i.e., the amount for seven or more credit hours). During the 75% refund period, the same student drops all 12 credit hours. Student services fees are recalculated to charge for the 25% liability of the 12 credit hours dropped, which is three liable credit hours. Student services fees will be assessed based on three liable credit hours. Thus the student will receive a credit (refund) for the difference between the student services fee for three hours and seven hours.

C. Supplemental Course Fee Refunds

If a student drops during the 100% refund period for tuition (as indicated above) 100% of supplemental fees will be refunded (with the exception of fees that have already been expended on the part of the student). No refund of supplemental or section fees is issued for students who drop after the 100% refund period.

D. Refunds for Recipients of Federal Aid

For students who are recipients of Federal Title IV student aid, refunds will be made in accordance with all applicable federal regulations.

E. Refunds for Non-Attendance

Missouri State University – West Plains will consider requests for full refunds of tuition and fees if it is determined that a student:

- Did not attend any classes during the semester;
- Did not live any length of time in University student housing;
- Did not have other campus charges on their account (e.g., bookstore, food service, etc.);
- Did not have any financial aid returned causing the returned aid to be placed on the student's account;
- Withdrew from all classes by the last day to drop as indicated on the academic calendar;
- Submitted a tuition appeal to the Office of Registration and Records;
- Has not been given a full refund for non-attendance for a previous semester.

XI. Changes of Schedule

- A. Students who drop courses during the change of schedule period will receive a credit on their account in accordance with the Required Student Fees Refund Schedule (see Section X). Because courses are not supposed to be added after the change of schedule period, dropped courses and added courses (including section changes), **will result** in an additional financial obligation for the student. Exceptions may be granted when the department of the course(s) dropped and added provides written verification to the Office of Academic Affairs stating that the late schedule change was required or recommended by the department.
- B. Courses may be added during the change of schedule period. Additional cost of courses added must be paid at the time the change of schedule is processed, or the student must be completely enrolled in the My Payment Plan.

XII. Exceptions to the Withdrawal and Change of Schedule Fee Refund Policy

Exceptions to the withdrawal and change of schedule fee refund policy must be approved by the Office of Registration and Records. Appeals must be submitted in writing to the Office of Registration and Records within one month of the date of the withdrawal or change of schedule and should be accompanied by appropriate supporting documentation.

Missouri State University-West Plains will make the following efforts to identify students who are registered but not attending classes:

1. Discrepancy Reporting – Instructors will monitor class rosters through My Grizzly Den. After the first week of class, instructors will report students who meet the following conditions:
 - a. A student is attending class but is not on their class roster.
 - b. A student is listed on the class roster but is not attending class.

In either case, the Office of Registration and Records notifies the students via letter and requests they contact the office immediately to resolve the situation.

2. Mid-Term Grade Reporting – Students earning D's and F's on their mid-term grade report are contacted via their University e-mail address, notifying them of their grade, and encouraging them to take steps to improve their grade through various means. If a student has not been attending classes, and did not take proper steps to withdraw after being reported by instructors on Discrepancy Reporting, this e-mail may generate a response.

If a student receives all F's on his/her mid-term grade report and instructors confirm that the student has not attended class, steps may be taken to administratively withdraw the student. A student who is administratively withdrawn will receive W's for those courses. The student will be responsible for paying the percentage of basic fees and tuition not refunded according to the refund schedule.

XIII. Laboratory Course Deposit

No deposit is required for laboratory courses. A student responsible for unusual breakage or loss of equipment will be required to pay for such breakage or loss.

XIV. International Students Health Insurance Fee–Fall 2013, Spring 2014, Summer 2014

This fee will be assessed each semester at the time of registration to all students for whom Missouri State University has issued F-1 or J-1 student visa documents. Students arriving earlier than the coverage start dates may purchase extended coverage directly from the University's student health insurance provider, Academic HealthPlans.
