CCNE-ACCREDITATION

May 28, 2015

Kathryn L. Hope, PhD, RN
Head
Department of Nursing
Missouri State University
901 South National Avenue
Springfield, MO 65897

Dear Dr. Hope:

On behalf of the Commission on Collegiate Nursing Education (CCNE), I am pleased to advise you that the CCNE Board of Commissioners acted at its meeting on April 28 - 30, 2015, to grant accreditation to the Doctor of Nursing Practice (DNP) program at Missouri State University for 5 years, extending to June 30, 2020. The accreditation action is effective as of September 22, 2014, which is the first day of the program's recent CCNE on-site evaluation. You should plan for the next on-site evaluation to take place in the fall of 2019.

At its meeting, the Board determined that the program met all four accreditation standards. The Board additionally determined that there are no compliance concerns with respect to the key elements.

A copy of the accreditation team report that was sent to you earlier, along with the program's response to it, is being transmitted to the institution's chief executive officer as the Commission's official report to Missouri State University. I hope that the results of the self-study process and the team report will be useful to the continued growth and development of the nursing program. A certificate of accreditation is enclosed.

In accordance with CCNE policy, if a program or institution elects to make a public disclosure of a program's accreditation status with CCNE, the program or institution must disclose that status accurately. The program or institution disclosing the information must identify the nursing program and its affiliation with CCNE. This statement must include *either* the accrediting agency's full name, address, and telephone number *or* the accrediting agency's full name and address of the website home page, which identifies CCNE's address and telephone number. For more information on CCNE's disclosure policy and to access the statements that CCNE has approved for use, as well as information on use of the CCNE accreditation seal, please visit <http://www.aacn.nche.edu/ccne-accreditation/seal-policy/baccalaureate-graduate>. Please ensure that the institution's website and other materials are updated to reflect this language, as appropriate.

As is required for all accredited programs, a Continuous Improvement Progress Report (CIPR) must be submitted at the mid-point of the accreditation term. Please note that the CIPR needs to address and demonstrate the program's compliance with the CCNE standards and key elements that are in effect at the time of its submission. As a courtesy, CCNE will send a reminder letter to the chief nurse administrator approximately five months prior to the CIPR submission deadline, informing the program of the specific standards to be used and providing guidance for the preparation of the report. The deadline for submitting the CIPR to CCNE is December 1, 2017. The Report Review Committee, and then the Board of Commissioners, will review the CIPR. For more information about CIPRs and the report review process, please refer to the CCNE procedures.

As a reminder, programs are expected to continue to comply with the current CCNE standards and procedures throughout the period of accreditation. These documents are available at <http://www.aacn.nche.edu/ccne-accreditation/standards-procedures-resources/baccalaureate-graduate>. This includes advising CCNE in the event of a substantive change affecting the nursing program. Substantive change notifications must be submitted to CCNE no earlier than 90 days prior to implementation or occurrence of the change, but no later than 90 days after implementation or occurrence of the change. These reporting requirements are discussed further in the CCNE procedures.

Thank you for your participation in the CCNE accreditation process and your commitment to quality nursing education. The Commissioners join me in expressing our very best wishes as you continue to promote excellence in nursing education.

Sincerely,

Judith F. Karshmer, PhD, PMHCNS-BC
Chair, Board of Commissioners

CCNE-ACCREDITATION

January 13, 2014

Kathryn Hope, PhD, RN
Head
Department of Nursing
Missouri State University
901 South National Avenue
Springfield, Missouri 65897

Dear Dr. Hope:

The Executive Committee of the Commission on Collegiate Nursing Education (CCNE) acted to approve the substantive change notification submitted on August 2, 2013 by the nursing unit at Missouri State University. The substantive change notification is in regards to implementation of the online post-master's DNP program in June 2012 and post-baccalaureate DNP program on June 17, 2013.

As you are aware, programs are expected to comply with the current CCNE standards and procedures throughout the period of accreditation. These documents are available at <http://www.aacn.nche.edu/ccne-accreditation/standards-procedures-resources/baccalaureate-graduate>. This includes advising CCNE in the event of any substantive change in the nursing programs or of any major organizational changes that may affect the programs' administration, scope, or quality. Substantive change notifications must be submitted to CCNE no earlier than 90 days prior to implementation or occurrence of the change, but no later than 90 days after implementation or occurrence of the change. These reporting requirements are discussed further in the CCNE *Procedures* (pages 22-23).

Thank you for providing CCNE with the substantive change notification. Please do not hesitate to contact Crystal Pool, CCNE Assistant Director, at 202-887-6791 x245 or cpool@aacn.nche.edu, if you have questions or need assistance.

Sincerely,

Judith F. Karshmer, PhD, PMHCNS-BC
Chair, CCNE Board of Commissioners
