Introduction

This report is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as amended. It provides students and employees of Missouri State University ("University") with information on the University's security arrangements, policies, and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the University will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

Policy for Preparing the Annual Report

This report is prepared by the Director of University Safety in cooperation with local law enforcement authorities and includes information provided by them as well as by the University's Campus Security Authorities and various other elements of the University. Each year an e-mail notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting the Office of University Safety, 700 E Elm Street, Springfield, MO 65806. The University is committed to taking the actions necessary to provide a secure working/learning environment for all students and staff. As a member of the campus community, you can feel comfortable knowing that security procedures are in place that represent best practices in the field and are routinely tested and re-evaluated for their effectiveness.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The Office of University Safety is responsible for campus safety at the University.

Members of the Office of University Safety are non-commissioned safety officers. They do not have the authority to make arrests or carry firearms. Authority is limited to the property owned, leased or controlled by Missouri State University.

Commissioned law enforcement at Missouri State University is provided, under an intergovernmental agreement for law enforcement services, by the Springfield Police Department (SPD). The SPD officers work out of a campus substation and have full police power including authority to investigate any and all reports of criminal activity, full powers of arrest, and power to search.

When the substation officers are not available for any reason, other SPD officers will respond to calls on campus. Springfield police officers are fully authorized with all police powers on any property owned, leased, or controlled by Missouri State University, as well as any other properties within the city limits of the City of Springfield. Additionally, they have those powers outside the city limits of the City of Springfield that are authorized to them by the state of Missouri.

Campus Security Authorities

The University has designated certain officials to serve as Campus Security Authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the University's annual report of crime statistics. The Campus Security Authorities to whom the University would prefer that crimes be reported are listed below.

- Office of University Safety at 417-836-5509
- Springfield Police - MSU Substation at 417-836-5327
- Title IX Coordinator at 417-836-4252

Reporting a Crime or Emergency

The University encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the University, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

- Situations that pose an imminent danger or while a crime is in progress should be reported to local law enforcement by calling 911.
- Students, staff, faculty, and visitors should report criminal actions, accidents, injuries or other emergency incidents to one of the Campus Security Authorities identified above. Once reported, the individual making the report will be encouraged to also report it to the appropriate police agency. If requested, a member of University staff will assist a student in making the report to the police.
- Anonymous incident reports can also be made at MissouriState.edu/ReportCrime.

Confidential Reporting

The University will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

The Title IX Coordinator may keep confidential the identity of any individual who has made a report or complaint of Sex Discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witnesses depending on the specific circumstances of the case. The Title IX Coordinator may permit disclosure of the above information as permitted by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the grievance process.

The Title IX Coordinator will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the Title IX Coordinator to provide the supportive measures.

The Title IX Coordinator must include the identity of any known complainant in its initial notice of formal complaints. As a result, anonymity cannot be provided to complainants who wish to proceed with a formal complaint.

A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the University disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a Campus Security Authority. Upon the victim's request, a report of the details of the incident may be filed with the University without revealing the victim's identity. Such a confidential report complies with the victim's wishes, but still helps the University take appropriate steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the University.

The University encourages its professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The University does not have pastoral counselors.

Security of and Access to Campus Facilities

MSU is a public campus and as such, the grounds are generally open and accessible to the public. MSU administration buildings, student service facilities and academic buildings are unlocked during regular business hours, or times when an event may be scheduled after hours. Academic, administration and service buildings are generally secured when they are not in use after regular business hours and during weekends, and only unlocked as needed. However, some academic areas are accessible for student use after hours. Campus Safety personnel routinely patrol all facilities around the clock. Entrances specifically for maintenance workers are locked when not in use.

Unless a building is specifically opened after hours for authorized use, all buildings or facilities other than the residence halls are off-limits to students and the public after closing hours. Because of the danger inherent to certain physical plant facilities, access is limited to staff members. These facilities are either locked or marked with a sign. Faculty and department heads may authorize a student to work in an academic building after closing hours by approving the issuance of a "Building Permit" to the student through the Office of University Safety. Building permit request forms are located on the University Safety website at MissouriState.edu/BuildingPermitRequest. Fraternities, sororities and other recognized Missouri State University organizations have individual procedures to access facilities.

The University Residence Life, Housing and Dining Services security access system permits residents to enter the building at all times but limits the entrance of non-residents during specified hours. Receptionists and night security staff maintain 24-hour front desk service in each residence hall. Guests are welcome in the residence halls; however, each guest must be accompanied at all times by the resident who serves as the guest's host. All overnight guests must be registered at the front desk at the time of arrival and all visitors must be approved by all residents of the room, suite, or apartment.

Security Considerations in the Maintenance of Facilities

Security also is a consideration in maintaining campus facilities. Facilities and landscaping are maintained in a manner that minimizes hazardous conditions. Campus Safety personnel

regularly patrol campus and report malfunctioning lights and other conditions that may indicate or result in an unsafe environment to facilities management for correction.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The University seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

- During Student Orientation Advisement and Registration (SOAR), all parents and students are briefed on safety and security.
- Campus safety personnel are available on request to address the following crime prevention programs, which are available to all students, staff and faculty members:
 - Personal safety.
 - Theft prevention.
 - Sexual assault prevention and defensive moves.
 - Responses to armed intruders (Run, Hide, Fight, Shots Fired on Campus).
 - 360° Stay Safe at College video programs including –
 - - Identification theft prevention.
 - - Everyday safety.
 - - Common sense defense.
 - - Traveling safely.
- Crime prevention programs are available at MissouriState.edu/PreparednessTraining.
 - This comprehensive set of videos were developed specifically for students on a college campus and covers important topics relevant to safety on campus, including active shooter, thefts, everyday safety, travel tips, and common self-defense and are available to all members of the campus community at any time.
- University employees and students must take an active role in their personal safety and security. Each individual is expected to behave in a responsible manner concerning their own personal safety, and the security of their possessions. The University encourages students and employees to contact the Office of University Safety and/or the on-site administrator to discuss information of this nature, as well any other matters related to the University's campus security procedures and practices.

Monitoring Off-Campus Locations of Recognized Student Organizations

The University monitors and records, through local police agencies, any criminal activity in which students have engaged at off-campus locations of student organizations officially recognized by the University, including student organizations with off-campus housing facilities.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the University will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

Drug and Alcohol Policy

The unlawful possession, use or distribution of alcohol is prohibited on University property, in conjunction with University activities, and in conjunction with student organization events. The University recognizes the enforcement of all state underage drinking laws in cooperation with local law enforcement agencies.

“University activities” include those activities that are planned, promoted, or sponsored by a University department or other University subdivision.

“University property” includes University owned or leased land, facilities, vehicles, and equipment.

“University-sponsored student organizations” are student organizations that are recognized by the University, advised by a full-time faculty or staff member, and funded in some manner through University funds.

Use of alcohol on University property, at University activities, or at the activities of University-sponsored student organizations is permitted only if specifically authorized by the Board of Governors, or its delegate, in accordance with state law.

Those employees, students or visitors who are under 21 years of age and who use, sell, or who are in the possession of alcoholic beverages are subject to the penalties of this State’s underage drinking laws.

The University recognizes the enforcement of federal and state drug laws in cooperation with local law enforcement agencies. The possession, sale, manufacture, or distribution of illegal drugs is prohibited on campus or as any part of the University’s activities. Violators of the University’s policies or federal and state laws regarding illegal drugs will be subject to disciplinary action and possibly criminal prosecution.

Crime Type (Missouri Revised Statues)	Definitions
Consent (as it relates to sexual activity) (Mo. Rev. Stat. § 556.061(14))	Consent or lack of consent may be expressed or implied. Assent does not constitute consent if: (a) It is given by a person who lacks the mental capacity to authorize the conduct charged to constitute the offense and such mental incapacity is manifest or known to the actor; or (b) It is given by a person who by reason of youth, mental disease or defect, intoxication, a drug-induced state, or any other reason is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense; or (c) It is induced by force, duress or deception.

University Definition of Consent

In addition to the definition of consent under state law, the institution uses the following definition of consent in its sexual misconduct policies for the purpose of determining whether sexual violence (including sexual assault) has occurred:

Consent means the agreement or permission expressed through affirmative, voluntary words or actions that are mutually understandable to all parties involved, to engage in a specific act at a specific time. Consent if given for a specific sexual act at a specific time can be withdrawn at any time. Consent cannot be coerced or compelled by duress, threat, force or deception. Consent cannot be given by someone who, for any reason, cannot understand the facts, nature, extent or implications of the sexual situation occurring, including, but not limited to, those who are under the legal age of consent, asleep, unconscious, mentally or physically impaired through the effects of drugs or alcohol, or mentally impaired due to an intellectual or other disability. Consent cannot be assumed based on silence, the absence of “no” or “stop,” the existence of a prior or current relationship, or prior sexual activity.

Risk Reduction

Make Sure You Both Consent

If you find yourself in the position of being the initiator of sexual behavior, these suggestions may help you to reduce your risk of being accused of sexual assault or another sexual crime:

- Remember that you owe sexual respect to the other person.
- Don’t make assumptions about the other person’s consent or about how far they are willing to go. Have a conversation. The best way to know what a person wants to do, sexually or otherwise, is to ask them and listen to the response they give.
- Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.
- If your partner expresses a withdrawal of consent, stop immediately.
- Clearly communicate your sexual intentions so that the other person has a chance to clearly tell you their intentions.
- Consider “mixed messages” a clear sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.
- Don’t take advantage of someone who is really drunk or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don’t be afraid to

step in if you see someone else trying to take advantage of a nearly incapacitated person.

- Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

Risk Reduction

If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk:

- Decide ahead of time how you will get home and with whom.
- Stay with the crowd.
- Communicate clearly – verbally and with body language.
- Don't ignore signs of trouble.
- Watch out for your friends and have them watch out for you.
- Keep track of your beverage, be aware of someone trying to slip an incapacitating substance into your beverage.

Abusive Patterns

It is also important to be aware of the warning signs of an abusive person. Some examples include:

- Insults, humiliation, name-calling, threats.
- Pattern of unwanted texting, phone calls, emails, messaging; monitoring social network sites, stealing passwords.
- Intimidation, isolation, threats (including threats of suicide), withholding affection, destroying property.
- Interfering with income or ability to work, controlling finances.
- Unwanted touch, nonconsensual sex, controlling sexual situations or access to contraception.
- Slapping, shoving, hitting, kicking, strangling.

Bystander Intervention

In addition to reporting incidents to appropriate authorities, below are some ways in which individuals can take safe and positive steps to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking against another person.

- Participate in Engaging Bears: MissouriState.edu/Engage/
- Be a GOOD friend and a savvy bystander – look out for those around you.
- Don't leave your friend.
- Don't ignore signs of trouble – realize that it is important to intervene and help others.
- Be protective.
- BELIEVE.
- Get help.
- Be SUPPORTIVE in the short and long term.
- Don't hesitate to contact the police or other authorities.
- Understand that counterintuitive behavior of victims is normal.

Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and supportive measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The University also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the University. Methods include, but are not limited to: online presentations, distribution of written materials, periodic email blasts, and guest speakers. Past programming and currently planned programming include the following:

- Title IX General Education Program (GEP) presentations (new students).
- Title IX University Honors College (UHC) presentations (any students).
- Title IX presentations to various University groups (any students, faculty, or staff).
- Student Access: Not Anymore Sexual Assault Awareness Training (new students).
- Engaging Bears overview training presentations (any students, faculty, or staff).

Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

If you are a victim of a sexual assault, domestic violence, dating violence or stalking, go to a safe place and call 911 or the Missouri State University Office of University Safety at 417-836-5509. At the earliest opportunity, you should also contact the University's Title IX Coordinator at 417-836-4252.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.

4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Don't bathe or wash, or otherwise clean the environment in which the assault occurred. You can obtain a forensic examination at

- Mercy Emergency-Trauma Center: 1235 E. Cherokee, Springfield, MO 417-820-2115
- Cox Emergency Department (North): 1423 N. Jefferson Ave., Springfield, MO 417-269-3393
- Cox Emergency Department (South): 3801 S. National Ave., Springfield, MO 417-269-4083

Completing a forensic examination does not require you to file a police report but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Security/Law Enforcement & How to Make a Police Report

- Missouri State University Office of University Safety: 417-836-5509
- City of Springfield Police Department: 911 or 417-864-1810
- MSU Substation: 417-836-5327
- Greene County Sheriff's Office: 911 or 417-868-4040

To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address and when and what occurred, to the best of the victim's ability.

Information about Legal Protection Orders

In Missouri, victims may obtain an Adult Order of Protection, which provides protective relief for victims of domestic violence, stalking or sexual assault. Information about Adult Orders of Protection may be found at: MissouriState.edu/ProtectionOrder.

A protection order may be obtained by filing a petition with the court. Courts can issue two types of orders: (1) Ex Parte Orders, which act as a temporary emergency order to protect a victim, for up to 15 days, until a court hearing, and (2) Full Orders of Protection, which may be issued for up to one year. Additional information about the orders may be found on the Missouri Courts webpage: [Orders of Protection – Adult: Information for Both Parties](#).

Citizens who feel they need a "Temporary Order of Protection" (also called an Ex Parte) may visit the 31st Judicial District's Circuit Clerks' Office on the second floor of the Greene

County Judicial Building to complete the necessary paperwork. Per RSMo. 455.035, upon the filing of a petition and with good cause shown in the petition, the court may issue an Ex Parte Order of Protection. Most court hearings are held within 15 days after filing. (Dates, times, and locations of events will help with your request.) The address is: 1010 N Boonville Avenue, Springfield, Missouri 65802. The phone number is 417-868-4074. Additional information about an Ex Parte is available on the [Greene County Sheriff's Office](#) website.

The Circuit Court Clerk's office can provide the necessary forms and may assist in completing the forms. Forms may also be found at [Protection Order Form](#). A victim should be prepared to present documentation and/or other forms of evidence when filing for an order of protection.

The Greene County Sheriff's Office located at 5100 West Division Street, Springfield, MO, 65802, has Ex Parte paperwork for petitioners needing to file in emergency situations after the Circuit Clerk's Office is closed. The phone number is 417-868-4040. Please note the staff in both of these locations will not be able to assist you with what to write if you need help completing the paperwork. After you have completed the forms, your petition will be sent to a Duty Judge. If you choose to wait, you will be notified of whether or not you have been granted an Ex Parte before you leave. If you have been given a court date, you will receive a copy of your paperwork.

Victims may contact local domestic violence and sexual assault advocates for assistance in obtaining a protection order.

If you would like help with what to write, please contact an attorney. You may also contact the Victim's Center at 417-863-7273 for the limited assistance an advocate can provide.

When a protection order is granted, it is enforceable statewide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police department.

The institution will also enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the institution and can be enforced on campus, if necessary. Upon learning of any orders, the institution will take all reasonable and legal action to implement the order.

The University does not issue legal orders of protection. However, as a matter of institutional policy, the University may impose a no-contact order between individuals in appropriate circumstances. The University may also issue a "no trespass warning" if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Accommodations and Supportive Measures:

The University will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or supportive measures. If victims request these accommodations or supportive measures and they are reasonably available the University is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

Requests for accommodations or supportive measures should be made to the Title IX Coordinator at 417-836-4252, and the Title IX Coordinator is responsible for deciding what, if any, accommodations, or supportive measures will be implemented.

When determining the reasonableness of such a request, the University may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same class or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The University will maintain as confidential any accommodations or supportive measures provided a victim to the extent that maintaining confidentiality would not impair the University's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or supportive measure. Such decisions will be made by the University in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or supportive measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the University will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

Procedures for Disciplinary Action:

Allegations of domestic violence, dating violence, sexual assault or stalking will be processed through the institution's Title IX Sexual Harassment Grievance Procedure Policy. The Title IX Grievance Procedure Policy applies to all members of the University community (students, faculty, and staff) for allegations relating to domestic violence, dating violence, sexual assault and/or stalking.

Information about the Title IX Coordinator and Deputy Title IX Coordinator are found below.

Title IX Coordinator

Equity@MissouriState.edu

Deputy Title IX Coordinator

417-836-4252

Equity@MissouriState.edu

An electronic form available at MissouriState.edu/TitleIXComplaint can also be used to file a report.

Following the submission of a formal complaint, the Title IX Coordinator will notify the parties of the possibility of resolving a formal complaint prior to the resolution of the

grievance process through the informal resolution process. The informal resolution process must be voluntary and agreed to by both the complainant and respondent, and cannot be utilized if the respondent is an employee of the University. Either party may indicate their intention to withdraw from the informal resolution process at any time prior to the execution of the final informal resolution agreement.

Agreement to participate in informal resolution process. Either party may indicate in writing at any time, prior to the conclusion of the grievance process, their desire to participate in the informal resolution process. Any communication regarding the informal resolution process must be directed in writing to the Title IX Coordinator. Following written notice of a party's interest in the informal resolution process, the Title IX Coordinator will notify the other party of the interested party's desire to pursue informal resolution. Should the other party acknowledge in writing that they are also interested in pursuing informal resolution, the Title IX Coordinator will suspend the investigation of the allegations found in the formal complaint and prepare a draft informal resolution agreement.

1. The complainant and respondent may, but are not required to, suggest supportive measures, remedies, and/or other desired outcomes, that should be included in the draft informal resolution agreement.
2. The Title IX Coordinator will draft the informal resolution agreement, in consideration of any suggestions provided by the parties, and present the draft to the complainant and respondent for consideration.
3. Upon receipt of the draft informal resolution agreement a party must notify the Title IX Coordinator in writing that: i) the party approves the informal resolution agreement without edit; ii) the party requests revision to the resolution outcomes selected by the Title IX Coordinator, or iii) the party no longer wants to participate in the informal resolution process.

Revised informal resolution agreement. If a party requests a revision to the Title IX Coordinator's draft informal resolution agreement, the Title IX Coordinator will:

1. Inform each party as to the response provided by the other party.
2. Generate a revised informal resolution agreement based on the feedback received by the parties, to the extent that the Title IX Coordinator reasonably believes the parties can come to an agreement as to a final informal resolution agreement.
3. Provide the revised informal resolution agreement to the parties for review and response.

Failure to agree on revised or draft informal resolution agreement. If the parties do not agree to accept the revised informal resolution agreement, then the informal resolution process will cease and, to the extent permitted, the grievance process will resume. Either party may reengage the informal resolution process to the extent that they communicate, in writing, their willingness to accept a prior draft informal resolution or revised informal resolution agreement previously accepted by the other party.

Finalized informal resolution agreement. Once both parties acknowledge, in writing, their agreement to a draft informal resolution agreement or a revised informal resolution agreement, the Title IX Coordinator will finalize the informal resolution agreement. The Title IX Coordinator will present the final informal resolution agreement to both parties for

signature. Once each party has signed the informal resolution agreement the Title IX Coordinator will:

1. Notify those offices necessary for the implementation of any resolution outcome identified in the final informal agreement.
2. Dismiss the formal complaint.

The Title IX Office will retain final informal resolution agreements pursuant to the limitations. Information obtained by the Title IX Coordinator solely in connection with the negotiation of the informal resolution agreement will not be included in the grievance process should the informal resolution process conclude without an informal resolution agreement.

Following the receipt of a formal complaint, the Title IX Coordinator will provide a notice of formal complaint of sexual harassment to the complainant and to the respondent identified in the formal complaint. The notice of formal complaint will include the following information:

- Notice of the University grievance process.
- Notice of the allegations of sexual harassment from the Formal complaint, including, if known, to the Title IX Coordinator, the following details regarding the allegations of sexual harassment: the identities of the parties involved in the alleged incident, the conduct allegedly constituting sexual harassment, the date and location of the alleged incident.
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.
- A statement informing the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, during the investigation of the formal complaint.
- A statement informing the parties that they, and their advisors, will have the right to inspect and review evidence obtained during the investigation of the formal complaint.
- A statement informing the complainant and respondent of any provision in the University's applicable policies that prohibits knowingly making false statements in bad faith or knowingly submitting false information (collectively, false statement(s)) during the grievance process.
- As applicable, a statement regarding the requirements of the informal resolution process, including i) the voluntary nature of a party's participation in the informal resolution process, ii) the circumstances under which the informal resolution process precludes the parties from resuming a formal complaint arising from the same allegations, iii) the parties' right to withdraw from the informal resolution process, and iv) the records that will be maintained and disclosed following the conclusion of the informal resolution process.

Live Hearing of Formal Complaints of Title IX Sexual Harassment. Following the completion of the Title IX final investigative report, the Title IX Coordinator will review the Title IX final investigative report along with the corresponding formal complaint for possible dismissal. If a formal complaint is not dismissed, the Title IX Coordinator will schedule a live hearing no sooner than five (5) days following the issuance of the Title IX final investigative report. The Title IX Coordinator and Title IX Investigator will endeavor in

good faith to ensure the grievance process is completed promptly and absent necessary delays, should conclude within a period of 90 days.

Role of Title IX Coordinator in Live Hearing. The Title IX Coordinator will have no substantive role in the Live Hearing except for coordination of the Live Hearing including, but not limited to:

- The selection and coordination of the decision maker(s) assigned to facilitate the live hearing;
- The facilitation of the live hearing being conducted virtually; and
- Ensuring that an audio recording of the live hearing is created and available, as set forth in availability of live hearing audio

Evidence Available at the Live Hearing. At the live hearing, the complainant and respondent (including their advisors), as well as any decision maker, will have an equal opportunity to inspect and review all evidence available in the evidence database.

Presentation of Evidence at the Live Hearing. The decision maker will facilitate the presentation of evidence through the presentation of relevant questions, via direct examination and cross examination, to the complainant, respondent, and any witnesses, including questions on credibility. The decision maker, as a neutral factfinder, may pose direct questions to any participant in the live hearing (complainant, respondent, and/or witnesses). The advisor for the complainant and respondent may engage in cross examination. The decision maker will not require, allow, rely upon, or otherwise use direct or cross examination questions that seek disclosure of information prohibited under the evidence collected by the University during the Title IX investigation unless the appropriate authorization has been provided. Any determinations of credibility made by the decision maker will not be based solely on an individual's status as a complainant, respondent, or witness.

Determining Relevance During the Live Hearing. In making its decision regarding relevance, the decision maker will determine whether the question posed is probative to the question of responsibility as set forth in the formal complaint. The decision maker must focus on evidence pertinent to proving whether facts material to the allegation(s) of sexual harassment are more or less likely to be true. The University has pre-determined that questions and evidence about the complainant's sexual predisposition and/or prior sexual behavior are "irrelevant," and will not be permitted, unless the decision maker determines that:

- Such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or
- The questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Cross Examination During Live Hearing. The decision maker will only allow the complainant or respondent's advisor to ask the other party and any witnesses relevant questions and follow-up questions. Such questioning must be allowed directly, orally, and in real-time, subject to the right of a virtual live hearing.

Following each question posed by an advisor, the decision maker will instruct the individual receiving the question to wait prior to responding, so that the decision maker may decide as to

the relevance of the question asked. Only questions that are relevant to the allegations of sexual harassment will be considered. If the decision maker believes that a question posed to an individual is not relevant, the decision maker will notify the advisor asking the question of that determination and provide a brief explanation as to why the question was determined irrelevant and was excluded.

Effect of Failing to Submit to Direct Examination. The decision maker may not draw any inference about the determination of responsibility based solely on a party's refusal to answer any questions posed during the live hearing. The decision maker may rely on any relevant statements of a witness or party, even if that party or witness refuses to respond to direct examination by the decision maker or cross examination by a party's advisor.

Virtual Live Hearing. At the determination of the Title IX Coordinator, or at the request of either the complainant or the respondent, the Title IX Coordinator will provide for the live hearing to occur with the complainant and respondent located in separate rooms with technology sufficient to enable the decision maker(s), complainant, respondent, and witnesses to simultaneously see and hear the answering of questions and presentation of evidence.

Determination Regarding Responsibility. Following the live hearing, the decision maker will conduct an objective evaluation of all relevant evidence presented during the grievance process. The Title IX Coordinator and Title IX Investigator will endeavor in good faith to ensure that the grievance process is completed promptly and pursuant to the timing requirements. Absent necessary delays in the grievance process, including:

- The absence of a complainant or respondent, advisor, or witness;
- Concurrent law enforcement activity relating to the allegations of sexual harassment;
- The need for accommodations of disabilities through the grievance process;
- The need for language assistance through the grievance process;
- Failure of an advisor to adhere to the policy or the advisor statement of expectations, or
- Circumstances outside of a party's control that might temporarily prevent them from full participation in the grievance process.

The grievance process should conclude within a period of 90 days. The decision maker will issue a written determination regarding responsibility for the allegation set forth in the formal complaint in light of the preponderance of the evidence. The written determination of the decision maker will be provided to the Title IX Coordinator. The Title IX Coordinator will review the written determination to ensure it includes all required information. The Title IX Coordinator will then provide the written determination simultaneously to the complainant and the respondent. The written determination must include the following information:

- The allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from the receipt of the formal complaint through the issuance of the written determination, including any notifications to the complainant and respondent, interviews with the complainant and respondent and witnesses, site visits, methods used to gather other evidence, and hearings held;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the Student Code, Greenwood Handbook, Faculty Handbook, Employee Handbook, as applicable, to the facts raised in the live hearing;

- A statement of and rationale for the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and whether remedies designed to restore or preserve equal access to the University's education program or activity will be provided to the complainant;
- The University's procedures and permissible bases for appeal; and
- The date on which an appeal will no longer be accepted.

Final Determination Regarding Responsibility. The written determination, including any disciplinary sanctions, will not be final until the conclusion of any appeal, or if no appeal is filed, the date set forth in the written notification.

Availability of Live Hearing Audio. Within three (3) Days of the live hearing, an audio recording of the live hearing will be made available to the parties via the evidence database. The complainant and respondent shall have access to the audio recording of the live hearing until the expiration of the appeal period.

Appeals. Both the complainant and respondent may submit an appeal from a written determination of responsibility following either (i) a live hearing, or (ii) the University's dismissal of a formal complaint, or any allegation contained within a formal complaint. In either case, the University will process the appeal.

Filing of an Appeal. Within five (5) days of the submission of the written determination or dismissal, either the complainant or the respondent may file a written appeal of the written determination or dismissal. Any appeal must be limited to one (1) of the three (3) bases for appeals. Any party submitting an appeal will have an opportunity to provide a statement in support of, or challenging, the written determination or dismissal. Following the submission of an appeal, the Title IX Coordinator will provide to the non-appealing party notice that an appeal has been filed, along with a copy of the written appeal and directions on how to respond to the appeal.

Bases for Appeal. The University will consider appeals of a written determination or dismissal on the following three (3) grounds:

1. A procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made and that could affect the outcome of the matter; and
3. The Title IX Coordinator, Title IX Investigator, or decision maker(s) had a conflict of interest or bias against complainants or respondents generally, or the complainant or respondent specifically, that affected the outcome of the matter;

Responding to Appeals. The non-appealing party will have five (5) days following receipt of the notice of appeal to respond to the written appeal by providing a written statement either supporting or challenging the written determination or dismissal (as applicable), and responding to the bases of appeal.

Written Decisions of Appeals. At the conclusion of the time period for responding to an appeal a new decision maker, assigned for the purpose of the appeal, will review all documents received in connection with the written appeal and provide a written decision on appeal . The

written decision will include a rationale for the result as to each basis of appeal identified by the appealing party. On appeal, the decision maker may choose to either:

- affirm the written determination or dismissal;
- reverse the written determination's finding of responsibility or no responsibility;
- reverse the dismissal of a formal complaint, or an allegation included in a formal complaint; or
- deny the appeal because it does not fall within the bases for appeal.

The decision maker on appeal will provide the written decision to the Title IX Coordinator, who shall provide a copy of the written decision simultaneously to the parties.

Final Disciplinary Sanctions and Remedies. Should the decision maker affirm the written determination as to responsibility, or deny an appeal challenging responsibility, the determination regarding responsibility will become final, and the Title IX Coordinator shall notify University offices and officials as necessary to ensure the implementation of any disciplinary sanction and/or remedies included in the written determination.

Effect of Reversal on Appeal. Any dismissal of a formal complaint, or any allegation included in a formal complaint, that is reversed on appeal by the decision maker will proceed through the grievance process.

Allegations of dating violence, domestic violence, sexual assault, and stalking that are not covered by the Title IX Sexual Harassment Grievance Procedure Policy may be governed by the University's Discrimination Complaint and Investigation Procedures. In those cases, any member of the University community should contact the Equal Opportunity Officer (EOO) or designee to arrange a meeting. After the initial consultation, the Equity Investigator, in consultation with the EOO, will draw a preliminary conclusion regarding whether the allegations fall within the scope of this policy.

If so, the Equity Investigator will initiate the informal complaint procedure. The Equity Investigator may communicate directly with the respondent to discuss the behavior at issue. If this resolves the complaint, no other person will be contacted, although necessary supervisory and administrative personnel may be informed. The Equity Investigator may also meet with both parties, make inquiries to ascertain pertinent facts, and consult with other personnel to facilitate the process. If this option does not resolve the matter, all other options remain open to the complainant.

The Equity Investigator will make all reasonable attempts to resolve the matter within 30 business days. The specific details of each case will determine the best possible means for achieving a satisfactory resolution. If, at the conclusion of the informal complaint procedure, the Equity Investigator determines that the respondent has engaged in conduct that constitutes discrimination or harassment as prohibited by the University's Non-Discrimination Policy Statement, or is in violation of other University policy, the Equity Investigator will prepare a written summary of findings.

If either party is dissatisfied with the results of the informal complaint procedure, the complainant may exercise the Formal Complaint Procedure, as follows.

If the complaint has not been reduced to writing in the Informal Complaint Process, a written formal complaint signed by the complainant will be required for initiation of the formal complaint Procedure. Within 10 business days of the receipt of a signed written formal complaint, the Equity Investigator will notify the respondent of the formal complaint. The respondent will then be given 10 business days from receipt of the formal complaint to provide the Equity Investigator with a formal written statement rebutting or otherwise responding to the formal complaint.

The Equity Investigator will then commence an investigation of the allegations within the formal complaint and the respondent's rebuttal statement (if any). If the respondent elects not to participate in the formal complaint process, the matter will be investigated without the respondent's involvement.

At the conclusion of the investigation, the Equity Investigator shall prepare a Report of Findings. The Report of Findings will be issued within sixty (60) business days after the commencement of formal complaint procedures. When charges of discrimination, harassment, and/or retaliation are substantiated based on the preponderance of the evidence, the appropriate University administrator shall initiate the appropriate disciplinary process based on the status of the respondent. When charges of discrimination, harassment and/or retaliation are not substantiated and no preponderance of evidence is found, written notification of such findings shall be provided to the appropriate University administrator.

Rights of the Parties in an Institutional Proceeding:

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
 - A prompt, fair and impartial process is one that is:
 - Completed within reasonably prompt timeframes designated by the institution's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
 - Conducted in a manner that:
 - Is consistent with the institution's policies and transparent to the accuser and the accused.
 - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
 - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
 - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
 - **Required Training:**

The University will ensure that all individuals serving as Title IX Coordinator, Title IX Investigator, and any decision makers will all be required to engage in training covering the following topics:

General Training:

- The definition of sexual;
- The scope of the University’s education program or activity;
- How to conduct an investigation and the grievance process; and
- How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

Position Specific Training:

The following positions will be required to engage in training covering the following position-specific topics:

- Decision Makers. All decision makers must be trained on topics including:
 - how to serve impartially;
 - issues of relevance; and
 - any technology to be used at a Live Hearing.
 - Title IX Investigators. Any individual who serves as a Title IX Investigator must be trained on topics including:
 - issues of relevance; and
 - technology to be used to populate the electronic database.
3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor, but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.
 4. Have the outcome determined using the preponderance of the evidence standard.
 5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, “result” means “any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Supportive Measures that the University May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:

At the conclusion of the grievance process and following a determination of responsibility, a respondent could be subject to the following disciplinary sanctions, depending on whether the respondent is a student, faculty, or staff.

Student respondents who are found responsible at the conclusion of the grievance process are subject to the disciplinary sanctions as determined by the decision maker (including any applicable duration and conditions), and as defined by the Student Code.

- Loss of Privileges*
- Level Two Probation*
- Denial of Privilege to Re-Enroll*
- University Housing Probation*
- University Housing Suspension*
- University Housing Expulsion
- Suspension*
- Dismissal
- Revocation of Degree
- Withholding of Degree

*For these designated disciplinary sanctions, the decision maker has the discretion, consistent with the Student Code, to set the duration of the disciplinary sanction consistent with the Student Code. All other disciplinary sanctions, as indicated in the Student Code, are permanent.

Faculty respondents who are found responsible at the conclusion of the grievance process are subject to disciplinary sanctions, as determined by the decision maker (including any applicable duration and conditions), and as defined by of Faculty Handbook:

- Dismissal
- Revocation of Tenure

Employee respondents who are found responsible at the conclusion of the grievance process are subject to the following disciplinary sanctions, as determined by the decision maker (including any applicable duration and conditions), and as defined by the Employee Handbook:

- Written reprimand
- Reassignment of duties (which may include a demotion)
- Suspension without pay
- Dismissal

Supportive Measures: Following receipt of an allegation of sexual harassment, and at any time during the grievance process, the Title IX Coordinator may implement supportive measures designed to restore or preserve equal access to the University's education program or activity including measures designed to protect the safety of the complainant and respondent or deter sexual harassment.

Supportive measures may include the following:

- Referral to University or local counseling services;
- Referral to local law enforcement;

- Provide any information to victims of Clery Act crimes available through University Safety;
- Extensions of deadlines or other course-related adjustments;
- Modifications of work or class schedules;
- Coordination with the University’s Safe Walk program;
- Restrictions on contact between the complainant and respondent (mutual or unilateral);
- Changes in work or housing locations;
- Leaves of absence;
- Coordination with the University Safety Office for increased security and monitoring; and/or
- Other measures determined by the Title IX Coordinator to be appropriate and which are not unreasonably burdensome to the respondent.

The Title IX Coordinator is responsible for coordinating the implementation of any supportive measure put in place.

Publicly Available Recordkeeping:

The University will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the University to the extent permitted by law.

Victims to Receive Written Notification of Rights:

When a student or employee reports to the University that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the University will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

Sex Offender Registration Program:

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the University of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting the Title IX Coordinator at 417-836-4252. State registry of sex offender information may be accessed at the following link:<https://www.mshp.dps.missouri.gov/MSHPWeb/PatrolDivisions/CRID/SOR/SORPage.html>

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the judgment of the Office of University Safety constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued.

Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- Office of University Safety, 417-836-5509
- Director of University Safety, 417-836-8444

The University has communicated with local law enforcement asking them to notify the University if it receives reports or information warranting a timely warning.

Emergency Response and Notifications

The University has an emergency management plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to: tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc. The University has communicated with local police requesting their cooperation in informing the University about situations reported to them that may warrant an emergency response.

Students, staff, and visitors are encouraged to notify the Office of University Safety at Office of University Safety of any emergency or potentially dangerous situation.

The Director of University Safety will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the institution's response and for marshaling the appropriate local emergency response authorities for assistance. Depending on the nature of the emergency, other University departments may be involved in the confirmation process.

Once the emergency is confirmed and based on its nature, the Director of University Safety will consult with other appropriate University officials to determine the appropriate segment or segments of the University community to be notified.

The Director of University Safety in collaboration with other appropriate personnel, will determine who should be notified, and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

The Director of University Safety will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

The Director of University Safety will notify local law enforcement of the emergency if they are not already aware of it and building management, and if necessary, will coordinate with the Vice President for Marketing and Communications to ensure the surrounding community is made aware of the emergency.

Methods for Issuing Timely Warnings and Emergency Notifications

The method(s) listed below may be utilized when the University issues a timely warning or emergency notification to the campus community.

Method	Sign-Up Instructions
Blue light outdoor speakers	No enrollment needed
Posters	No enrollment needed
University website	No enrollment needed
University social media accounts	No enrollment needed
Building alarm systems	No enrollment needed
MSU alert (text, voice, email)	Students and employees are automatically enrolled

Testing & Documentation

The University tests its emergency response and evacuation procedures at least once a year. The tests may be announced or unannounced. Also, at various times the Emergency Operations Center Policy Group will meet to train and test and evaluate the University’s emergency operations plan.

The Director of University Safety maintains a record of these tests and training exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the University will distribute to its students and employees information to remind them of the University’s emergency response and evacuation procedures.

Missing Student Resident Policy

If a member of the University community has reason to believe that a student who resides in on-campus housing has been missing for 24 hours, that information should be reported immediately to Residence Life, Housing and Dining Services main office 417-836-5536 or the Office of University Safety at 417-836-5509. Any University employee receiving a missing student resident report must immediately notify the Office of University Safety at 417-836-5509 so an investigation can be initiated.

If Campus Safety officials determine that a student resident is missing then, within the next 24 hours, Campus Safety must:

- Notify the individual identified by the student resident as their authorized individual.
- If the student is under 18 years old, and not emancipated, notify a custodial parent/guardian, in addition to any other designated contact person provided by the student resident.
- Notify law enforcement.

All information obtained about the missing student resident through the initial inquiry should be shared between appropriate University personnel and law enforcement representatives. The Dean of Students may also contact the student's emergency or other contacts to assist in locating a student who is determined to be missing. These procedures do not preclude University officials from deciding that a student is missing before the student has been missing for a full 24 hours or initiating notification procedures as soon as it determines that the student is missing.

Students residing in on-campus housing have the opportunity to identify an authorized individual the University is required to contact within 24 hours of a determination that the student resident is missing. Student residents can change their authorized individual at any time by updating their housing profile. Except as provided, information regarding a student resident's authorized individual will be accessible only to authorized campus officials.

Policies on Portable Appliances, Smoking and Open Flames

COMMUNITY LIVING GUIDELINES

These guidelines, located in the Guide to Residence Hall Living, detail the policies on portable electrical appliances, smoking, and open flames.

Smoking and/or possession of a lit substance, including the possession of candles, candle warmers, incense, and flame-heated potpourri pots, in any residence hall room and/or in any public area including elevators, bathrooms, hallways, lounges, laundry rooms, lobbies, balconies, within 50 feet of all entrances and exits of all residence halls, unless otherwise specified.

Possession of items not allowed in the residence hall rooms and/or public areas, to include heaters/heating units (except UL-approved heating blankets), halogen torchiere lamps, lamps with narrow plastic shades, lava lamps, ozone machines, waterbeds, mattress toppers and pads over 2" high that are not California fire rated, fog machines, personal washers/dryers or dishwashers, candles (with or without wicks), Scentsy-type warmers, air conditioners, outside antennae, flammable fluids, incense, alcoholic beverage containers, non-University provided refrigerators and microwaves, and personal surveillance systems in public places. Cooking outside of using the provided microwave is prohibited in all areas except the community kitchen. All cooking appliances are prohibited, except traditional blenders, auto-shutoff coffee pots, auto-shutoff electric kettles, toasters (not toaster ovens), and air-popped popcorn makers (intended for in-home use).

Smoke and Tobacco-Free Living: The use of all tobacco products (both smoking and non-smoking) is expressly forbidden in all areas, including all common areas and individual living units. Any student found responsible for contaminating the tobacco-free environment of a room/suite/apartment will be charged per incident per living unit for the thorough restoration/cleaning of that area, including carpets, walls, ceilings, draperies, etc. Charges vary and will be based on the cost to restore the living area.

Fire Evacuation Procedures

In the event the fire alarm sounds:

1. Leave the residence hall at once, using the nearest stairway exit. Depart the room immediately, but dress in preparation for exiting into the outdoors (e.g., shoes, coat, etc.).
2. Lock your door.
3. Never use the elevator during a drill or actual fire.
4. If you are away from your room when the fire alarm sounds, do not return to your room, but leave the residence hall via the nearest exit.
5. Do not return to the residence hall until given the all-clear signal by safety personnel or residence life staff.

In the event of a fire:

1. Contain the fire, if possible, by closing the door.
2. Pull the nearest fire alarm (pull station).
3. No matter how small the fire, and even if it is already extinguished, report it to the front desk or your RA/CA immediately.
4. Leave the residence hall by the nearest stairway. Do not use an elevator. Close the room and hallway doors behind you. Remain calm at all times.

5. Do not return to the residence hall until given the all-clear signal by University Safety personnel or the Residence Life staff.

Fire Education and Training Programs

All members of Hall Staff and Resident Assistants undergo fire safety education and training prior to the beginning of each school year in coordination with the Springfield Fire Department and Missouri State University Office of University Safety.

Training includes fire extinguisher training and an explanation of departmental policies and procedures. Hall Directors and Assistant Hall Directors receive additional training on all fire alarm panel and fire suppression sprinkler systems for Residence Life, Housing and Dining Services buildings. Residents are required to participate in one fire drill per semester, completed within each building with the support of Residence Life, Housing, and Dining Services staff members.

Reporting Fires

The University is required to disclose each year statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety and then please call 911.

There may also be instances when a fire is extinguished quickly, and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the Office of University Safety at 417-836-5509. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

Plans for Future Improvements

The University periodically reviews its fire safety protections and procedures. At this time, it has no plans for future improvements.
