

## **QUESTIONS TO HELP “NEW MEMBER” ACADEMICS**

- 1. How are your classes going? Are you having any problems? What seems to be your most challenging class this semester?**
- 2. How are you getting along with your instructors? Do you know anyone else in your class? Have you talked with the instructor during office hours?**
- 3. Do you have problems with note-taking? Do your test results reflect the amount of time you studied?**
- 4. How do you prepare for tests for this particular class?**
- 5. Are you working on or off-campus? How many hours per week do you work?**
- 6. Is the fraternity taking up too much of your out-of-class time?**
- 7. How much studying do you do outside of fraternity study hall?**

### **Suggestions:**

- a. The first person to talk to when you are experiencing problems with a class is the instructor.**
- b. Attending class every day can be worth a whole letter grade.**
- c. Talk with your academic advisor when the problem first develops.**
- d. Working 20 hours per week is the maximum for a student who is full-time.**
- e. The Math Center in the basement of Cheek Hall is open daily for students in MTH 101, 102, 103, 135, 145. No charge.**
- f. The Writing Center can help with writing papers from the first outline to the final product. (Pumm 401)**
- g. Contact free tutors through the Retention Services Office, CARR 315.**
