Semester 4 Total			10-12
Total Hours at MSU			62-64
Total Hours Overall			126-132

** Electives provide the opportunity to customize your degree program. Some elective credits may or may not be needed to bring total credit hours to a minimum of 120 credit hours and upper division hours (300+) to 40.

◇ Before enrolling in KIN 200, the following eligibility must be met: combined (MSU and transfer) 2.5 GPA or higher, completion of COM 115 with "C" or better, completed KIN 210, completed 30 semester hours, and completion of MOVECHS background check.

Important notes about this MSU major:

- Must attain grade of "C" or better for all Major Requirements
- Students who plan to complete teacher certification requirements must be admitted to the PETE Program. Eligibility is automatically monitored when enrolling in KIN 200. PETE program admission is required before students are allowed to begin additional courses in the Physical Education Teacher Education component. Please see the Physical Education Program requirements for a complete list of PETE Program Requirements, Supervised Teaching and Teacher Certification Requirements.

This information is provided as a guide only.

- OTC students are strongly encouraged to meet with their major specific MSU transfer advisor early in their OTC education to discuss the most appropriate OTC coursework for their intended MSU major, MSU degree requirements, etc.
- Students are required to fulfill MSU graduation and GPA requirements to receive a degree and should consult with their MSU advisor and the MSU undergraduate catalog for details, as there may exist pre-requisite requirements as well as periodicity limitations that could affect scheduling sequences.
- Please note that transfer students from Missouri public colleges and universities may follow the general education and general baccalaureate degree requirements in effect at Missouri State when they first enrolled (or re-enrolled after an absence of one calendar year or more) as degree-seeking students at the institutions from which they transferred (e.g., OTC).
