<sup>1</sup>If A+ is utilized, students will need to enroll in 6 credit hours for tuition to be covered. Check with the OTC financial aid office regarding how enrolling in a summer semester may affect aid eligibility (some students may have no remaining summer aid eligibility if aid has been exhausted in the Fall and Spring semesters.)

<sup>2</sup>Initially, BHS 291, 292, and 293 will transfer to MSU as elective credit. After being admitted to MSU as a Sociology major, working with your Sociology advisor, these courses will be reevaluated and transfer as SOC 499 which meets degree, major, and upper division unit requirements. OTC students are strongly encouraged to meet with their major specific MSU transfer advisor early in their OTC education to discuss the most appropriate OTC coursework for their intended MSU major, MSU degree requirements, etc. Students are required to fulfill MSU graduation and GPA requirements to receive a degree and should consult with their MSU advisor and the MSU undergraduate catalog for details, as there may exist pre-requisite requirements as well as periodicity limitations that could affect scheduling sequences. Students from Missouri public colleges and universities will be assigned to the Core 42 General education system when transferring to MSU. This schedule is designed based on a Core 42 General Education.
