

Transfer Advising Committee

September 22, 2022

10:00AM-11:00AM

Members Present: Campbell Keele (AATC), Jina Seo (RCOAL), Alisa Trotter (COB), Kristen Thomas (COE), Alaina Smith (MCHHS), Dylan Earnshaw (CNAS), John Hall (Outreach)

Members Absent: Nick Beatty (CHPA), Jim Bellis (DCOA)

Discussion Items:

-Updates from Committee members:

-Dylan: CNAS is working more with the weekly list of admitted transfer students, including working on a texting campaign. CNAS also had an ice cream social on September 21, with more than 100 people in attendance.

-John: Outreach has started visiting OTC-Table Rock. They've also restarted the Non-Traditional Student Organization.

-Kristen: COE is continuing to do great things with their Pathways to Paras program.

-Campbell: The AATC will host Majors Fair on September 29, 2022. The AATC and Career Center have created a partnership to allow undeclared transfer students to have their own SPEC (Career Resources Specialist) assigned to them. The student's SPEC will have access to Advising Notes and will work with the student to help provide career information. The goal is to help this population of students find the right major for them as early as possible, since they typically come in with quite a few credit hours and are eager to find the right major, as well. The SPEC Assignment will be removed when the student declares a major.
