## Approval of Minutes

Governor Gourley called for a motion to approve the open and closed minutes of the October 2, 2025, Risk Management and Audit Committee meeting. Governor Tim Francka provided a motion, receiving a second from Governor Chris Waters.

Motion passed 4-0.

## **Fiscal year 2025 Independent Financial Statement Audit and Management Letter**

Kyle Miller, Audit Director at Forvis Mazars, and Rachel Marsh, Senior Audit Associate II at Forvis Mazars, provided an overview of Forvis Mazars, the audit team, timeline, and approach. Forvis Mazars advised the university had a clean audit. There were no reportable matters related to alternative accounting treatment or auditor's judgements about the quality of the entity's accounting principles. There were no material weaknesses or significant deficiencies reported during the audits.

## **Fiscal year 2025 Independent Single Audit of Federal Awards**

The independent single audit of federal awards will be released and reviewed at a later date, as the process is in final review.

### **Issued Communications from Auditor**

Natalie McNish, Director of Internal Audit and Risk Management, reviewed a letter issued on cash count for University Advancement.

### **Closed Session**

It was determined that the Board of Governors needed to meet in a closed session to consider items of business provided in the Revised Statutes of Missouri. Governor Gourley asked if a resolution authorizing a closed meeting of the Board was prepared. Thereupon, the following resolution was presented for consideration:

BE IT RESOLVED by the Risk Management and Audit Committee of the Board of Governors for Missouri State University that a closed meeting, with closed records and closed vote, be held during a recess of the Risk Management and Audit Committee meeting of the Board of Governors to consider items pursuant to:

- R.S.Mo. 610.021 (18). “Confidential or privileged communications between a public governmental body and its auditor,....”

Governor Waters provided a motion for approval to move into closed session and Governor Anson Elliott provided a second.

A roll-call vote on the motion was as follows: those voting in favor – Governors Elliott, Francka, Gourley, and Waters; those voting against – none.

The open meeting recessed at 9:01 a.m. to go into closed session.

The open meeting reconvened at 9:31 a.m.

### **Adjournment**

With no additional information needing to be discussed, Governor Gourley called for a motion to adjourn the meeting. Governor Francka provided a motion; Governor Waters provided a second.

Motion passed 4-0.

Meeting adjourned at 9:32 a.m.

## **Independent Accountant's Report on Applying Agreed-Upon Procedures**

June 30, 2025

## Independent Accountant's Report on Applying Agreed-Upon Procedures

Dr. Richard "Biff" Williams, President, and the Board of Governors  
Missouri State University  
Springfield, Missouri

We have performed the procedures enumerated below, on whether the accompanying statement of revenues and expenses (the "Statement") of Missouri State University (the "University") is in compliance with the National Collegiate Athletic Association (NCAA) Bylaw 20.2.4.18.1 for the year ended June 30, 2025, and completed procedures prescribed in the NCAA Agreed-Upon Procedures Guidelines. The management of Missouri State University is responsible for their compliance with these regulations and the related financial statement elements, accounts, and items.

Management has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of complying with National Collegiate Athletic Association (NCAA) Bylaw 20.2.4.18.1 for the year ended June 30, 2025. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures that were performed and our findings are as follows:

For purposes of all the following agreed-upon procedures, the following guidelines and materiality thresholds apply:

1. The materiality threshold is set at \$5,000 and only variances greater than \$5,000 were noted in our report.
2. If a specific reporting category is less than 4% of the total revenues or expenses, no procedures were performed for that specific category.
3. Unless otherwise specified, all sample sizes consisted of three items.

We obtained the Statement, as prepared by the management of the University. We noted that the Statement consisted of amounts from the University's general ledger and the general ledger of the Missouri State University Foundation (the "Foundation") aggregated by management to include items in the Statement as required under NCAA constitution, Article 2(D)(1)(c). We obtained a reconciliation of the Statement from management of the University which reconciled the activity recorded in the Statement to the activity included in the University's audit of Intercollegiate Athletics Program Accounts included in the audited financial statements. We inquired with the management of the Foundation who indicated that the amounts included from the Foundation agreed to the amounts provided which were included in the audited financial statements of the Foundation. We obtained a copy of the Foundation's audited financial statements.

For revenue and expense categories, we performed the following:

1. We compared the amount of each operating revenue and expense category reported in the Statement during the year ended June 30, 2025, to supporting schedules provided by the administration of the University, noting that they agreed without exception. We recalculated the totals per the supporting schedules, without exception. The following revenue reporting categories were less than 4.0% of total revenues and the following expense categories were less than 4.0% of total expenses and, therefore, as prescribed in the NCAA Agreed-Upon Procedures Guidelines, no procedures were performed for these categories:

Revenues

- a. Ticket sales
- b. Indirect institutional support
- c. Guarantees
- d. In-kind contributions
- e. Media rights revenue
- f. NCAA revenue distribution
- g. MVC reimbursement
- h. Program, novelty, parking, and concession sales
- i. Royalties, licensing, advertising, and sponsorships
- j. Athletics restricted endowment and investment income

Expenses

- a. Guarantees
- b. Recruiting
- c. Sports equipment, uniforms, and supplies
- d. Fundraising, marketing, and promotion
- e. Spirit groups
- f. Indirect institutional support
- g. Medical expenses and insurance
- h. Memberships and dues

2. We inquired of the University's management whether there were any of the following revenues, expenses, or other reporting items during the year ended June 30, 2025, and University management replied that there were none:

Revenue

- a. Direct state or other government support
- b. Transfers back to the Institution
- c. Compensation and benefits paid by a third party

- d. Sports camps revenues
- e. Bowl revenues

Expenses

- a. Coaching salaries, benefits, and bonuses paid by a third party
- b. Support staff/administrative compensation, benefits, and bonuses paid by a third party
- c. Severance payments
- d. Sports camp expenses
- e. Student athlete meals (non-travel)
- f. Bowl expenses
- g. Post-season football expenses
- h. Post-season non-football expenses
- i. Enhanced educational expenses
- j. Institutional NIL revenue share

3. We compared each revenue and expense amount greater than 10% of the total to prior year amounts and inquired of University management regarding individual changes greater than 10% from prior year amounts. University management's explanation of variances greater than 10% from the prior year are included in the attached Supplemental Schedule.

4. Per inquiry of University personnel, the athletic department is not budgeted to the level of the Statement, thus comparison of each major revenue and expense account over \$1 million and/or 10 percent of total revenues and expenses to budget estimates was not performed.

**Revenues**

5. *Student Fees* – We compared and agreed student fees reported by the Institution in the Statement to the reporting of student enrollments during the same reporting period.

We obtained and documented an understanding of the Institution's methodology for allocating student fees to intercollegiate athletics programs.

We recalculated student fee totals and agreed to the Statement, without exception.

6. *Direct Institutional Support* – We compared the direct institutional support recorded by the Institution during the year ended June 30, 2025, with institutional general ledger detail, without exception. The athletic department is not budgeted to the level of the Statement and therefore; we were unable to compare to budgeted financials.

We recalculated direct institutional support and agreed to the Statement, without exception.

7. *Contributions* – We compared the supporting schedule of contributions of moneys, goods, or services received directly by the University Athletics Department to contributions per the Statement and recalculated the total without exception. We reviewed the schedule of all contributions received during the year ended June 30, 2025, noting that there were no single contributions over 10%.

8. *Other operating revenue* – We obtained a supporting schedule for other operating revenues reported in the Statement and recalculated the total noting that it agreed to the Statement without exception. We selected a sample of three other operating revenue transactions and compared them to supporting documentation, noting that they agreed without exception.

## Operating Expenses

9. *Athletic Student Aid* – The University uses the NCAA's compliance assistant (CA) software to prepare athletic aid detail; therefore, we selected a sample of 40 of the total student athletes from the listing of University student aid recipients captured from a squad list by sport. We recalculated total student aid provided for each sport and overall.

We obtained individual student account detail per the Institution for each selection and compared to the student's detail in the CA software. Management indicated that the University has opted to report "average aid" in the CA software as opposed to "actual aid" for students who receive a full scholarship, full tuition and fees, or full room and board; therefore, for 32 of the student-athletes selected, the aid provided by the Institution was agreed to the "2024-2025 Undergraduate Costs Report" for resident and nonresident students provided by the University Athletics Compliance department. Amounts reported in the CA software agreed to the individual student account detail without exception.

We compared the following details to the information recorded in the NCAA's CA software (where applicable) for each of the 40 students selected in the sample:

- a. The equivalency value for each student-athlete was converted to a full-time equivalency value without exception.
- b. Grants-in-aid is calculated by using the revenue distribution equivalencies by sport and in value without exception.
- c. Other expenses related to attendance were not included in grant-in-aid revenue distribution equivalencies.
- d. The full grant amount was the full cost of tuition for an academic year, not semester or quarter.
- e. Student-athletes had been counted only once and did not receive a revenue distribution equivalency greater than 1.00 with the following exceptions.
- f. Athletic aid was awarded only in sports in which the NCAA conducts championship competitions, emerging sports for women, or football.
- g. All sports for which grants-in-aid were distributed met the minimum contest and participants' requirements of Bylaw 20.9.6.3.
- h. Student-athletes listed on the CDRE as "Exhausted Eligibility (fifth-year)" or "Medical" received credit in the grants-in-aid component.
- i. The athletics aid equivalency for baseball exceeded maximum equivalency. We noted that the University self-reported the violation to the NCAA.
- j. Students receiving aid from athletics grants for a discontinued sport which is still being honored by the University are included in student-athlete aid for revenue distribution purposes.
- k. The equivalency calculation was rounded to two decimal places.
- l. If the student received a Pell Grant, the value of the grant was not included in the total dollar amount of student athletic aid expense.
- m. The University has not yet entered Pell Grants in the NCAA Membership Financial Reporting System as management indicated that the submission will be made in January 2026. Pell Grants awarded to student-athletes in the sample were agreed between the University's financial aid records to a University Athletics Department listing provided by Compliance, without exception. Management indicated that the list provided by Compliance is the information it will enter into the NCAA Membership Financial Reporting System.

10. *Coaching Salaries, Benefits, and Bonuses Paid by the University and Related Entities* – We obtained a listing of coaches employed by the University during the year ended June 30, 2025. We selected a sample of three coaches' contracts that included football, men's basketball, and women's basketball. We agreed the financial terms and conditions of each selection to the payroll summary registers for the reporting year provided by the University and recalculated totals for each selection, without exception. We also recalculated totals recorded in the Statement, without exception.
11. *Support Staff/Administrative Salaries, Benefits and Bonuses Paid by the University, and Related Entities* – We selected a sample of three athletic support staff/administrative personnel employed by the University. We obtained supporting salary information per the financial system for each selection and agreed the information to the payroll summary registers provided by the University and recalculated totals recorded in the Statement, without exception.
12. *Team Travel* – We obtained and documented the University's team travel policies and compared them to the NCAA policies, noting no exceptions. We obtained supporting schedules for team travel expenses, recalculated totals, and compared to the Statement without exception.
13. *Games Expenses* – We obtained the general ledger detail and agreed to total expenses reported. We selected a sample of three transactions to validate existence of the transaction and accuracy of recording.
14. *Athletic Facilities Debt Service, Lease, and Rental Fees* – We obtained a listing of debt service schedules, lease payments, and rental fees for athletics facilities for the year ended June 30, 2025, and recalculated totals without exception. We compared a sample of the three highest facilities payments to supporting documentation without exception.
15. *Other Operating Expenses and Transfers to the Institution* – We obtained a schedule for all other operating expenses and agreed the listing to the Statement without exception. We selected a sample of three other operating schedules without exception.

#### **Minimum Agreed-Upon Procedures – NCAA Membership Financial Reporting System**

16. We compared and agreed the sports sponsored reported in the NCAA Membership Financial Reporting System to the squad lists of the University, noting they agreed without exception. We compared current Grants-In-Aid revenue distribution equivalencies to prior year reported equivalencies per the Membership Financial Report submission noting variances greater than 4.0% for 8 different sports.
17. We obtained the University's Sports Sponsorship and Demographics Forms Report for the year ended June 30, 2025, and agreed the countable sports reported by the University with the minimum requirements set forth in Bylaw 20.9.6.3 for the number of contests and the number of participants in each contest that is counted toward meeting the minimum contest requirement. We noted the University has reported these sports as countable for revenue distribution purposes within the NCAA Membership Financial Reporting System. We also compared the current year number of Sports Sponsored to the prior year total reported per the Membership Financial Reports submission noting no variance.
18. We obtained a listing from the University financial aid records of all student athletes receiving Pell Grants during the year ended June 30, 2025, and agreed it to the listing of athletes receiving Pell Grants provided by compliance. As noted in *Item 9(m)*, the University has not yet reported Pell Grants in the NCAA Membership Financial Reporting System as management indicated that the submission will be made in January 2026. We also compared the current year Pell Grants total to prior year reported total per the Membership Financial Report submission noting the variance of 26 grants was caused by the type of recruiting class and the recruits' family financial backgrounds.

### **Minimum Agreed-Upon Procedures for Other Reporting Items**

19. We obtained from management and recalculated repayment schedules and annual maturities for all outstanding intercollegiate debt identified by management during the reporting period. We agreed the total annual maturities and total outstanding athletic related debt to the University's general ledger.
20. We obtained a schedule of outstanding institutional debt from management and the University's audited financial statements. We agreed the schedule of outstanding institutional debt to the University's audited financial statements, without exception.
21. We obtained the detail of all athletics dedicated endowments and agreed the fair market value of the endowments to supporting documentation. The value of athletics dedicated endowments is included in the total value of the institutional endowments.
22. We obtained the detail of all institutional endowments and agreed the fair market value of the endowments to supporting documentation. We agreed the value of institutional endowments to the audited financial statements of the Missouri State University Foundation.
23. We obtained a schedule of capital expenditures for the University Athletics Department from management and recalculated totals without exception. We selected a sample of three items from the schedule and agreed to supporting documentation without exception.

We were engaged by management to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to, and did not, conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the accompanying University Athletics Department Statement of Revenues and Expenses for the year ended June 30, 2025, or the specified elements, accounts, and items or internal control over financial reporting and compliance described above. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of Missouri State University and to meet our other ethical responsibilities in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

**Note 1. NCAA Reporting Requirements**

The accompanying Statement of Revenues and Expenses (the "Statement") has been prepared on the accrual basis of accounting and is presented in a manner which intends to report all activity of the Missouri State University (the "University") Athletics Department, including activity reported by the Missouri State University Foundation (the "Foundation") related to intercollegiate athletics. Revenues without donor restrictions are recorded when earned and expenditures are recorded when incurred. Revenues with donor restrictions are reported when expended rather than when received. The revenues and expenditures have been classified on a basis consistent with the account structure of the University.

The National Collegiate Athletic Association (NCAA) mandates the financial reporting timeline to specify agreed-upon procedures and related reporting requirements. The primary purpose of the agreed-upon procedures report is to ensure that the president of the University is made aware of all financial activity (both internal and external) for athletics purposes and to assist the Institution in exercising control over financial activity made by or on behalf of the intercollegiate athletics program.

**Note 2. Capital Assets**

Capital assets purchased by the University are recorded at cost at the date of acquisition.

Building additions and improvements with a cost in excess of \$200,000 are capitalized if the life of the building is extended. Equipment with a cost in excess of \$5,000 with a useful life greater than one year is capitalized. Donated assets are transferred from the Missouri State University Foundation and are recorded at the fair value at the date of donation to the Foundation. Infrastructure assets are included in the financial statements and are depreciated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Depreciation is computed using the straight-line method over the estimated useful life of the asset. Assets under lease obligations are depreciated over the shorter of the lease term or their respective estimated useful lives. Expenditures for construction in progress are capitalized with depreciation beginning when the project is completed. The following estimated useful lives are being used by the University:

Land improvements	20 years
Buildings and improvements	7–40 years
Furniture, fixtures, and equipment	3–15 years
Infrastructure	20 years
Library materials	10 years

**Note 3. Affiliated Organizations**

The Missouri State University Foundation (Foundation) is a related entity of the University. The Foundation conducts fundraising activities that support the University.

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Missouri State University (the "University"), collectively a component unit of the State of Missouri, as of and for the years ended June 30, 2025 and 2024, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of Missouri State University, as of June 30, 2025 and 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the University, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of Missouri State University Foundation, the discretely presented component unit, were not audited in accordance with *Government Auditing Standards*.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Missouri State University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Missouri State University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension, and other postemployment benefit information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The accompanying schedule of expenditures of federal awards required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Condensed Schedules by Campus as listed in the table of contents are presented for the purposes of additional analysis and are not a required part of the basic financial statements. The Condensed Schedules by Campus have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2025, on our consideration of Missouri State University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Missouri State University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Missouri State University's internal control over financial reporting and compliance.

***Management's Discussion and Analysis***

This discussion and analysis of the Missouri State University's financial statements provide a comparative overview of the University's financial performance during the years ended June 30, 2025, 2024, and 2023. Since the management's discussion and analysis is designed to focus on current activities, resulting changes, and current known facts, please read it in conjunction with the University's basic financial statements and the footnotes. These financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB) pronouncements.

***Statements of Net Position***

The Statements of Net Position present the financial position of the University at a point in time. The Statement of Net Position has five major components which include 1.) Assets, 2.) Deferred Outflows of Resources, 3.) Liabilities, 4.) Deferred Inflows of Resources, and 5.) Net Position. A description of each component is as follows:

**Assets** – Current assets are those anticipated to be liquidated within one year or less and include items such as cash and cash equivalents, investments, accounts receivable, inventories, loans to students, and prepaid expenses. Noncurrent assets include that portion of accounts receivable, investments, loans to students, and prepaid expenses not expected to liquidate within one year plus capital assets such as buildings, building improvements, infrastructure, equipment, etc.

**Deferred Outflows of Resources** – Deferred outflows of resources are those applicable to a future reporting period and include losses on bond refunding and pension and OPEB items required to be reported under GASB Statement Nos. 68 and 75, respectively.

**Liabilities** – Current liabilities are those anticipated to be recognized within one year or less and include items such as accounts payable and accrued liabilities, accrued compensated absences, unearned revenue, interest payable, student deposits, the current portion of long-term debt, and accrued settlements. Noncurrent liabilities include that portion of accrued liabilities, compensated absences, and long-term debt that are not due within one year.

**Deferred Inflows of Resources** – Deferred inflows of resources are those applicable to a future reporting period and include pension, OPEB, and lease items required to be reported under GASB Statement Nos. 68, 75, and 87, respectively.

**Net Position** – Net Position represents University total assets and deferred outflows of resources less total liabilities and deferred inflows of resources. Net Position are classified in three major categories which include 1.) Net Investment in Capital Assets, 2.) Restricted, and 3.) Unrestricted.

1. Net Investment in Capital Assets represents buildings, building improvements, equipment, etc., that is net of accumulated depreciation and related debt.
2. Restricted Net Position are that whose purpose has been determined by an outside party for a specific use such as scholarships, loans, and capital projects.
3. Unrestricted Net Position represents balances from operational activities that have not been restricted by parties external to the University. This includes funds that have been designated for specific purposes as well as amounts that have been contractually committed for goods and services not yet received.

**Comparative Analysis of Fiscal Years 2025, 2024, and 2023**

**Current Assets** – Current assets for Fiscal Year 2025 totaled \$246.1 million which is a decrease of \$16.3 million from Fiscal Year 2024. The decrease is primarily the result of a decrease in cash and short-term investments due to planned capital investment. Current assets for Fiscal Year 2024 totaled \$262.4 million which was a decrease of \$2.4 million from Fiscal Year 2023. The decrease was primarily the result of a decrease in cash and short-term investments offset by an increase in grant receivable and prepaid expenses.

**Noncurrent Assets** – Noncurrent assets for Fiscal Year 2025 totaled \$722.0 million which is an increase of \$57.3 million. The increase is primarily due to the completion of capital projects. Noncurrent assets for Fiscal Year 2024 totaled \$664.7 million which was an increase of \$30.6 million from Fiscal Year 2023 due to an increase in construction in progress.

**Deferred Outflows of Resources** – Deferred outflows of resources for Fiscal Year 2025 totaled \$81.7 million which is a decrease of \$3.8 million. The decrease is primarily the result of a decrease of GASB 68. Deferred outflows of resources for Fiscal Year 2024 totaled \$85.5 million which is an increase of \$15.5 million from Fiscal Year 2023 deferred outflows of resources. The increase was primarily the result of GASB 68.

**Current Liabilities** – Current liabilities for Fiscal Year 2025 totaled \$85.2 million which is an increase of \$6.1 million. The increase is primarily the result of an increase in accounts payable and unearned revenue. Current liabilities for Fiscal Year 2024 totaled \$79.1 million which is an increase of \$1.8 million from Fiscal Year 2023. The increase is primarily the result of an increase in accounts payable, offset by a decrease in unearned revenue.

**Noncurrent Liabilities** – Noncurrent liabilities for Fiscal Year 2025 totaled \$515.7 million which is a decrease of \$3.6 million. The decrease is primarily the result of a decrease in capital lease obligations and revenue bonds payable offset by an increase in net pension liability. Noncurrent liabilities for Fiscal Year 2024 totaled \$519.3 million which is a decrease of \$1.6 million from Fiscal Year 2023 noncurrent liabilities. The decrease is primarily the result of a decrease in the revenue bonds payable offset by an increase in net pension liability.

**Deferred Inflows of Resources** – Deferred inflows of resources for Fiscal Year 2025 totaled \$19.2 million which is an increase of \$1.6 million. The increase is primarily the result of GASB 68 and postemployment benefits. Deferred inflows of resources for Fiscal Year 2024 totaled \$17.6 million which is an increase of \$4.2 million. The increase is primarily the result of GASB 68 and postemployment benefits.

**Net Position** – Net position totaled \$429.6 million for Fiscal Year 2025, \$396.6 million for Fiscal Year 2024, and \$357.3 million for Fiscal Year 2023.

Overall, two significant noncash items have impacted the Fiscal Years 2025, 2024, and 2023 financial results. In order to reflect a comparable comparison of the change in net position on the Statements of Revenues, Expenses, and Changes in Net Position, the following table adjusts for the two items:

**Comparative Analysis of Fiscal Years 2025, 2024, and 2023**

**Operating Revenues** – Operating Revenues for Fiscal Year 2025 totaled \$257.4 million which is an increase of \$6.0 million from Fiscal Year 2024 operating revenues. The increase in operating revenues is caused primarily by an increase in tuition and fees, along with state and local grants and contracts. Operating Revenues for Fiscal Year 2024 totaled \$251.4 million which is an increase of \$12.8 million from Fiscal Year 2023 operating revenues. The increase in operating revenues is caused primarily by an increase in tuition and fees and state, local, and nongovernmental grants and contracts.

**Nonoperating Revenues** – Nonoperating Revenues for Fiscal Year 2025 totaled \$159.7 million which is an increase of \$9.7 million from Fiscal Year 2024. The increase is primarily due to an increase in state appropriations, federal grants, and gifts offset by a decrease in investment income. State appropriations increased by \$3.7 million. Federal grants and contracts increased by \$6.9 million. Nonoperating Revenues for Fiscal Year 2024 totaled \$150 million which is an increase of \$10.4 million from Fiscal Year 2023. The increase is primarily due to an increase in state appropriations, federal grants, and investment income.

**Operating Expenses**  
**Years Ended June 30, 2025, 2024, and 2023**

	<u>June 30, 2025</u>	<u>June 30, 2024</u>	<u>June 30, 2023</u>

<b>Cash and Cash Equivalents, End of Year</b>	\$ 91.5	\$ 98.7	\$ 108.2

The Statements of Cash Flows show the sources and uses of University cash. The statements present a beginning and ending cash balance.

**Debt and Capital Activities**

During Fiscal Years 2025 and 2024, the University did not enter into any additional Debt or Capital arrangements. During Fiscal Year 2023, the University issued a total of \$13,590,000 in educational facilities revenue bonds through the Health and Educational Facilities Authority of the State of Missouri in August 2015. Bond proceeds were used for the renovation and expansion of the College of Business Glass Hall project. In July 2022, bonds in the amount of \$13,215,000 were refunded and refinanced with Capital One at a fixed rate of 2.7%. Current outstanding balance: \$12,995,000. Annual bond payments approximately \$955,000. Source of funds for annual bond payments: College of Business other enrollment fee for upper-level undergraduate business courses approved starting in fiscal year 2013. Final bond payment October 2040. Callable October 1, 2032.

**Note 1. Nature of Operations and Summary of Significant Accounting Policies**

***Nature of Institution***

Missouri State University (the “University”) is a state-assisted University with campuses in Springfield and West Plains and locations in Mountain Grove, Missouri, and Dalian, China. A nine-member Board of Governors, appointed by the Governor and confirmed by the Senate of the State of Missouri, governs the University, a component unit of the State of Missouri.

***Component Units***

The Missouri State University Foundation, Inc. (the “Foundation”) is a legally separate, tax-exempt component unit of the University. The Foundation’s primary function is to raise and hold funds to support the University and its programs. The board of the Foundation is self-perpetuating and consists of graduates and friends of the University.

Although the University does not control the timing or amount of receipts from the Foundation, the majority of the Foundation’s resources and related income are restricted by donors for the benefit of the University. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University and is discretely presented in the University’s financial statements.

During the years ended June 30, 2025 and 2024, the Foundation provided \$14,281,328 and \$13,607,158, respectively, of support to the University. Audited financial statements of the Foundation are available at <https://www.missouristate.edu/FinancialServices/foundationreports.htm> or may be obtained from its administrative office at the following address: 901 S. National, Springfield, MO 65897.

The Foundation is a private nonprofit organization that reports under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation’s statements in the University’s financial reporting entity for these differences.

The Missouri State University Development Corporation (the “Corporation”) is fully controlled by the University and considered a component unit of the University and is blended in the University’s financial statements.

The purpose of the Corporation is to foster, cooperate, and assist in the physical and functional growth, development, and advancement of Missouri State University. The Corporation owned three unimproved lots and one warehouse in downtown Springfield with a value of \$1,067,280 as of June 30, 2025 and 2024.

***Basis of Accounting and Presentation***

The financial statements of the University have been prepared on the accrual basis of accounting. Revenues, expenses, gains, losses, assets, liabilities, and deferred inflows and outflows of resources from exchange and exchange-like transactions are recognized when the exchange transaction takes place, while those from government-mandated or voluntary nonexchange transactions (principally federal and state grants and state appropriations) are recognized when all applicable eligibility requirements are met. Internal activity and balances are eliminated in preparation of the financial statements.

Operating revenues and expenses include exchange transactions and program-specific, government-mandated, or voluntary nonexchange transactions. Government-mandated or voluntary nonexchange transactions that are not program specific (such as state appropriations), investment income, and interest on capital asset-related debt are included in nonoperating revenues and expenses. The University first applies restricted net position when an expense or outlay is incurred for purposes for which both restricted and unrestricted net position are available.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred inflows and outflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses, and other changes in net position during the reporting period. Actual results could differ from those estimates.

***Cash Equivalents***

The University considers all liquid investments with original maturities of three months or less to be cash equivalents. At June 30, 2025, cash equivalents consisted primarily of depository accounts and money market accounts with brokers.

***Investments and Investment Income***

Investments in debt securities are carried at fair value. Fair value is determined using quoted market prices. Investments in nonnegotiable certificates of deposit are carried at cost. Investment income consists of interest income and the net change for the year in the fair value of investments carried at fair value.

***Accounts and Notes Receivable***

Student accounts receivable consists of fees charged to students and charges for auxiliary enterprise services provided to students, faculty, and staff. Accounts receivable also include amounts due from the Federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts of \$5,341,914 and \$4,465,838 at June 30, 2025 and 2024, respectively. The University reserves for uncollectible accounts that are at least 90 days past due.

Student accounts receivable are stated at the amount billed to the students less applied scholarships and loan proceeds. The University provides an allowance for doubtful accounts, which is based upon a review of outstanding receivables, historical collection information, and existing economic conditions. All charges are due at the beginning of the semester unless the student is enrolled in the Deferred Payment Plan. Fee payment deadlines vary depending upon when the student registers. If charges are not paid in full by that date, a finance charge is assessed on the remaining balance. Charges that are past due without payments for one year and have had no response to the due diligence process are considered delinquent. Delinquent receivables are written off based on individual credit evaluation and specific circumstances of the student.

***Valuation of Gifts and Property***

Gifts of real and personal property are reported at their estimated fair value as of the date the property is received. Fair value is determined either by a staff member of the University with expertise in the valuation of the particular property, or by appropriate documentation furnished by the donor.

***Inventories***

Nonauxiliary inventories consist of supplies for use by the University and merchandise available for sale such as art supplies. These inventories are stated at the lower of cost, determined using the first-in, first-out method or market.

Auxiliary enterprises inventories consist of merchandise available for sale at the bookstore, student union, pharmacy, and recreation facilities. These inventories are stated at the lower of cost, determined using the first-in, first-out method or market.

### **Capital Assets**

Capital assets purchased by the University are recorded at cost at the date of acquisition. Building additions and improvements with a cost in excess of \$200,000 are capitalized if the life of the building is extended. Equipment with a cost in excess of \$5,000 with a useful life greater than one year is capitalized. Donated assets are transferred from the Missouri State University Foundation and are recorded at the acquisition value at the date of donation to the Foundation. Infrastructure assets are included in the financial statements and are depreciated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Depreciation is computed using the straight-line method over the estimated useful life of the asset. Expenditures for construction in progress are capitalized with depreciation beginning when the project is completed. The following estimated useful lives are being used by the University:

Land improvements	20 years
Buildings and improvements	7–40 years
Furniture, fixtures, and equipment	3–15 years
Infrastructure	20 years
Library materials	10 years

### **Lease Assets**

Lease assets are initially recorded at the initial measurement of the lease liability, plus lease payments made at or before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease, plus initial direct costs that are ancillary to place the asset into service. Lease assets are amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset.

### **Subscription Assets**

Subscription assets are initially recorded at the initial measurement of the subscription liability, plus subscription payments made at, and certain prepayments made before, the commencement of the subscription-based information technology arrangement (SBITA) term, less any SBITA term, plus capitalizable initial implementation costs. Subscription assets are amortized on a straight-line basis over the shorter of the SBITA term or the useful life of the underlying IT asset.

### **Capital, Lease, and Subscription Asset Impairment**

The University evaluates capital, lease, and subscription assets for impairment whenever events or circumstances indicate a significant, unexpected decline in the service utility of a capital or lease asset has occurred. If a capital, lease, or subscription asset is tested for impairment and the magnitude of the decline in service utility is significant and unexpected, the capital asset historical cost and related accumulated amortization are decreased proportionately such that the net decrease equals the impairment loss.

No asset impairment was recognized during the years June 30, 2025 and 2024.

### **Loss on Refunding**

Losses on refunding incurred on the bond issues have been deferred and are being amortized over the life of the bonds and are included in deferred outflows of resources.

***Deferred Outflows of Resources***

The University reports the consumption of net position that relates to a future reporting period as deferred outflows of resources in a separate section of its statements of net position.

***Unearned Revenue***

Unearned revenue includes unearned student fees, advances on program tickets, and unamortized revenue contributions for dining services capital projects.

***Compensated Absences***

University policies permit most employees to accumulate vacation and sick leave benefits that may be realized as paid time off or, in limited circumstances, as a cash payment. A liability is accrued for compensated absences as the benefits are earned if the leave is more likely than not to be used for time off or settled in cash.

Compensated absence liabilities are computed using the regular pay and termination pay rates, as applicable, in effect at statement of net position date plus an additional amount for salary-related payments such as social security and Medicare taxes computed using rates in effect at that date. Employees who retire under one of the University's public retirement plans will be paid for 40% of any accumulated unused sick leave rounded up or down to the nearest full day (up to a maximum of 48 days) and the remaining unused sick leave will be reported to Missouri State Employees' Retirement System (MOSERS) for inclusion as creditable service in accordance with MOSERS' policies regarding the reporting of unused sick leave. The estimated compensated absences liability expected to be paid more than one year after the statement of net position date is included in other long-term liabilities.

***Noncurrent Liabilities***

Noncurrent liabilities include (1) principal amounts of revenue bonds payable and capital lease obligations with contractual maturities greater than one year and (2) estimated amounts for accrued compensated absences and other liabilities that will not be paid within the next fiscal year.

***Defined Benefit Pension Plan***

As a component unit of the State of Missouri, the University participates in the Missouri State Employees' Plan (MSEP), a single-employer defined benefit pension plan as defined by GASB Statement No. 68. MSEP is administered by the Missouri State Employee's Retirement System (MOSERS), also a component unit of the State of Missouri. In accordance with the provisions of GASB Statement No. 68, the University accounts for and reports its participation in the single-employer plan as if it was a cost-sharing employer. For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of MOSERS and additions to/deductions from MOSERS' fiduciary net position has been determined on the same basis as they are reported by MOSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

***Defined Benefit Other Postemployment Benefit Plan Nontrusted Single Employer***

The University has a single-employer defined benefit other postemployment benefit (OPEB) plan, providing health insurance to retirees (the "OPEB Plan"). For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

**Deferred Inflows of Resources**

The University reports the acquisition of net position that relates to a future reporting period as deferred inflows of resources in a separate section of its statements of net position.

**Net Position**

Net position of the University is classified in four components on its statement of net position. Net investment in capital assets consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any borrowings used to finance the purchase or construction of those assets. Restricted expendable net position is made up of noncapital assets that must be used for a particular purpose as specified by creditors, grantors, or donors external to the University, including amounts deposited with trustees as required by bond indentures, reduced by the outstanding balances of any related borrowings.

Restricted nonexpendable net position consists of noncapital assets that are required to be maintained in perpetuity as specified by parties external to the University, such as the federal portion of loan funds. Unrestricted net position is the remaining net position that does not meet the definition of net investment in capital assets or restricted.

The Foundation's net assets, which under FASB standards are reported as either with or without donor restrictions based on the presence or absence of donor restrictions, have been presented based on the GASB classifications with like characteristics.

**Classification of Revenues**

The University has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues – Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student fees, net of scholarship allowances, (2) sales and services of auxiliary enterprises, and (3) grants and contracts meeting certain criteria.

Nonoperating revenues – Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as grants, gifts, and contributions, and other revenue sources that are defined as nonoperating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities That Use Proprietary Funds Accounting*, and GASB No. 34, such as state appropriations and investment income.

**Tuition Revenue**

Tuition revenue is recognized in the term to which it relates. The summer term is allocated by number of days falling within each fiscal year.

**Auxiliary Revenue**

Auxiliary revenue presented in the statements of revenues, expenses, and changes in net position are presented net of cost of goods sold.

**Scholarship Allowances**

Student tuition and fees and auxiliary enterprise revenues, presented net of scholarships and fellowships of \$68,466,564 and \$60,543,556 at June 30, 2025 and 2024, respectively, are applied to student accounts, while stipends and other payments made directly to students are reported as scholarships and fellowships expense. Net tuition and fees, except for summer session, are recognized as revenues as they are assessed. The portion of summer session tuition and fees applicable to the following fiscal year is included in unearned revenues.

***Bad Debt Expense***

Bad debt expense is \$4,221,704 and \$3,745,337 for the years ended June 30, 2025 and 2024, respectively, and is netted against tuition and fee revenues.

***Federal Financial Assistance Programs***

The University participates in the following federal student financial aid programs: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Work Study, and Federal Direct Loan.

***Income Taxes***

As a state institution of higher education, the income of the University is generally exempt from federal and state income taxes under Section 115(a) of the Internal Revenue Code and a similar provision of state law. However, the University is subject to federal income tax on any unrelated business taxable income.

***Adoption of New Accounting Standard***

In June 2022, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 101, Compensated Absences. The new accounting guidance updates the recognition and measurement guidance for compensated absences under a unified model.

Specifically, the new standard clarifies that a liability should be recorded for compensated absences that are more likely than not to be paid or otherwise settled. Additionally, it amends certain existing disclosure requirements.

The University adopted this standard on July 1, 2024, and applied it retrospectively to the earliest period presented. There was no effect on beginning net position as of July 1, 2023.

***Revision***

An immaterial revision has been made to the 2024 Note 10 Auxiliary Enterprise System information to correct total assets and net position. This revision did not have an impact on any financial statement line items.

***Note 2. Deposits, Investments, and Investment Income***

***Deposits***

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The University's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities, or the state of Missouri; bonds of any city having a population of not less than 2,000, county, school district, or special road district of the state of Missouri; bonds of any state; or a surety bond having an aggregate value at least equal to the amount of the deposits.

**Missouri State University**

**Notes to Financial Statements**  
**June 30, 2025 and 2024**

---

At June 30, 2025 and 2024, none of the University's bank balances held by the current domestic depository, a United States financial institution, were exposed to custodial credit risk. All these domestic deposits were fully collateralized at the end of Fiscal Year 2025 and 2024. The funds held by international banks for the University's foreign education activities were not collateralized. The University is exposed to custodial credit risk for these deposits as follows:

	<b>2025</b>	<b>2024</b>
Uninsured and uncollateralized	\$ 87,866	\$ 68,555

**Foreign Currency Risk.** This risk relates to adverse effects on the fair value of a deposit from changes in exchange rates. The University does not have any policies related to foreign currency risk. The University has \$87,866 and \$68,555 of foreign deposits denominated in Chinese Yuan at June 30, 2025 and 2024, respectively.

**Investments**

Investment policies are established by the Board of Governors. The University may invest in certificates of deposit, United States Treasury and U.S. agency securities, repurchase agreements, corporate bonds, commercial paper, banker's acceptances, and money market funds.

At June 30, 2025, the University had the following investments and maturities:

Type	<b>June 30, 2025</b>			
	<b>Maturities in Years</b>			
	<b>Fair Value</b>	<b>Less than 1</b>	<b>1-5</b>	<b>6-10</b>
U.S. Treasury obligations	\$ 84,980,180	\$ 84,980,180	\$ -	\$ -
	<b><u>\$ 84,980,180</u></b>	<b><u>\$ 84,980,180</u></b>	<b><u>\$ -</u></b>	<b><u>\$ -</u></b>

At June 30, 2024, the University had the following investments and maturities:

Type	<b>June 30, 2024</b>			
	<b>Maturities in Years</b>			
	<b>Fair Value</b>	<b>Less than 1</b>	<b>1-5</b>	<b>6-10</b>
U.S. Treasury obligations	\$ 93,842,247	\$ 93,842,247	\$ -	\$ -
	<b><u>\$ 93,842,247</u></b>	<b><u>\$ 93,842,247</u></b>	<b><u>\$ -</u></b>	<b><u>\$ -</u></b>

**Interest Rate Risk.** As a means of limiting its exposure to fair value losses, the University's investment policy limits the type of investments to those which are not exposed to fair value losses arising from increasing interest rates. The maturities are structured to meet the cash flow needs of the University.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2025 and 2024**

---

The prohibition of speculative investments precludes pursuit of gain or profit through unusual risk. Investment trading in response to changes in market value or market direction is warranted under active portfolio management. Interest rate risk is not specifically discussed in the University's investment policy.

**Credit Risk.** Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The University uses nationally recognized rating organizations to evaluate credit risk for non-U.S. governmental agency investments. Minimums are established for each investment type.

**Custodial Credit Risk.** For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the University will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. In accordance with its policy, the University minimizes custodial credit risk by establishing limitations on the types of instruments held by qualifying institutions.

**Concentration of Credit Risk.** The University's investment policy places maximum percentages on the total investment funds held in each type of instrument. The type of investments that can be held in the University's portfolio include U.S. Treasury and U.S. agency securities, repurchase agreements, corporate bonds, commercial paper, banker's acceptance, and money market funds. It is the University's policy that no more than 15% of the total portfolio will be held in any one bank, unless a safekeeping custody agreement is in place. There are no restrictions on direct obligations of the U.S. government, U.S. government agency issues, or U.S. government guaranteed securities.

There are no restrictions for repurchase agreements which are fully collateralized by U.S. government securities. No more than 20% of the portfolio will be held in corporate bonds or banker's acceptances with no more than 5% of the portfolio to be held with any one issuer. No more than 30% of the portfolio will be held in commercial paper, with no more than 5% of the portfolio to be held with any one issuer. Money market funds must be SEC 2a-7 compliant and no more than \$4,000,000 to be held in money market funds.

**Foreign Currency Risk.** This risk relates to adverse effects on the fair value of an investment from changes in exchange rates. The University's exposure to foreign currency risk did not exist at June 30, 2025 and 2024, because there were no foreign investments in the University's investment portfolio at any time during these two fiscal years.

### **Summary of Carrying Values**

The carrying values of deposits and investments shown above are included in the statements of net position as follows:

	<b>2025</b>	<b>2024</b>

**Note 3. Leases Receivable**

The University leases a portion of its property to various third parties, the terms of which expire August 2025 through June 2044. Payments increase annually based on the terms of the contract (*i.e.*, fixed rate increases of a defined percentage or increases based on the Consumer Price Index). The leases were measured based upon the payment rate increases at lease commencement.

Revenues recognized under lease contracts during the year June 30, 2025 and 2024, were \$159,058 and \$175,726, respectively, which includes both lease revenue and interest revenue.

**Note 6. Risk Management**

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, dental, and accidental benefits. Commercial insurance coverage is purchased for claims arising from such matters other than those related to general liability, workers' compensation, natural disasters, and employee health benefits.

Settled claims have not exceeded this commercial coverage in any of the three preceding years. Additional coverage is provided through the State Self-Insurance program, through the Risk Management Division of the Department of Administration Services in Jefferson City. The State of Missouri self-insures the workers' compensation benefits for all state employees, including University employees. Claims are administered by the Missouri Office of Administration, Risk Management Section.

Liabilities for employee health and dental benefits are included in liabilities for claims incurred but not yet reported or paid. The liability is estimated based on subsequent payments and historical information. Changes in the balance of claims liabilities for the years ended June 30, 2025 and 2024, are summarized as follows:

	<b>2025</b>	<b>2024</b>	<b>2023</b>

***Financed Purchases***

As of June 30, 2025, the University is obligated under one agreement accounted for as a financed purchase agreement. The agreement is for an expansion for the utility system improvements to the Springfield campus. At June 30, 2024, the University was also obligated under two additional agreements accounted for as financed purchased arrangements. One agreement provided financing primarily for utility system improvements to the Springfield campus. The second agreement financed the purchase of 52 Steinway pianos for the College of Arts and Letters music department. Assets under this agreement on June 30, 2025 and 2024, totaled \$8,382,340 and \$8,946,437, respectively, net of accumulated depreciation of \$2,738,749 and \$2,188,494 in 2025 and 2024, respectively.

The principal and interest requirements on notes and bonds payable to maturity at June 30, 2025, are as follows:

**Note 8. Lease Liabilities**

The University leases various assets, the terms of which expire in various years through 2041. Variable payments of certain leases are based upon the Consumer Price Index (Index). The leases were measured based upon the Index at lease commencement. Variable payments based upon the use of the underlying asset are not included in the lease liability because they are not fixed in substance.

During the years ended June 30, 2025 and 2024, the University did not recognize rental expense or variable payments not previously included in the measurement of the lease liability.

### **Note 9. Subscription Liabilities**

The University has various subscription-based information technology arrangements (SBITAs), the terms of which expire in various years through 2029. The subscriptions were measured based upon the interest rate implicit per the contract or the University's incremental borrowing rate at commencement. Variable payments based upon the use of the underlying asset are not included in the subscription liability because they are not fixed in substance. There were no outflows of resources recognized in the reporting period for variable payments not previously recorded in the measurement of the subscription liability.

The following is a schedule by year of payments under the leases as of June 30, 2025:

The Resolution provides that the bonds are payable from the gross income and revenues derived from the housing, parking, health center, and recreational facilities serving the University and its students. The housing facilities consist of 11 residence halls, 4 dining facilities, and the Student Union Building. The parking facilities consist of all facilities, lots, and equipment for the parking of vehicles and the movement of passengers around campus. The health center consists of the Magers Health and Wellness Center facility which provides medical and wellness services to students and their spouses and University employees and their spouses and eligible dependents. The recreational facilities include the Bill R. Foster and Family Recreation Center, Hammons Student Center, the Plaster Stadium, the Great Southern Bank Arena, Betty and Bobby Allison Recreation Fields, the Juanita K. Hammons Hall for the Performing Arts, and the athletic programs of the University. The Auxiliary Enterprise System also includes the University's Bookstore and certain auxiliary operations at the University's West Plains campus.

## **Note 11. Pension Plans**

### ***MOSERS***

#### ***Plan Description***

The Missouri State Employees' Plan (MSEP) is a multiple-employer, defined benefit public employee retirement plan with two benefit structures known as the MSEP (closed plan) and MSEP 2000, which are administered by the Missouri State Employees' Retirement System ("MOSERS" or the "System") in accordance with Sections 104.010 and 104.312 to 104.1215 of the Revised Statutes of Missouri (RSMo). In accordance with the provisions of GASB 68, the University accounts for and records its participation in the single-employer plan as if it was a cost-sharing plan. As established under Section 104.320, RSMo, MOSERS is a body corporate and an instrumentality of the state. In the System are vested the powers and duties specified in Sections 104.010 and 104.312 to 104.1215, RSMo and such other powers as may be necessary or proper to enable it, its officers, employees, and agents to carry out fully and effectively all the purposes of Sections 104.010 and 104.312 to 104.1215, RSMo. Responsibility for the operation and administration of the System is vested in the 11-member MOSERS Board of Trustees as defined by state law. Due to the nature of MOSERS' reliance on funding from the state of Missouri and other state government agencies and the overall control of the plan document by the legislative and executive branches of state government, the MSEP is considered a component unit of the state of Missouri financial reporting entity and is included in the state's financial reports as a pension trust fund.

Generally, all full-time state employees hired before July 2000, who were not covered under another state-sponsored retirement plan, are eligible for membership in the MSEP (closed plan). Full-time state employees hired after July 2000, and before January 2011, are eligible for membership in the MSEP 2000. Employees hired for the first time on or after January 2011 are eligible for membership in the MSEP 2011 tier of the MSEP 2000. The MSEP provides retirement, survivor, and disability benefits. MOSERS issues an Annual Financial Report, a publicly available financial report that can be obtained at [www.mosers.org](http://www.mosers.org).

#### ***Benefits Provided***

MOSERS provides retirement, disability, and life insurance benefits to eligible employees. The base retirement benefits are calculated by multiplying the employee's final average pay by a specific factor multiplied by the years of credited service. The factor is based on the specific funding structure in which the employee participates, which is based on the employee's hire date. Information on the three funding structures administered by MOSERS (MSEP, MSEP 2000, and MSEP 2011) and how eligibility and the benefit amount is determined for each funding structure may be found in the Notes to the Financial Statements of MOSERS' Annual Financial Report starting on page 26.

#### ***Contributions***

Per Chapter 104.436 of the Revised Statutes of Missouri, contribution requirements of the active employees and the participating employers are established and may be amended by the MOSERS' Board. No employee contribution is required for the MSEP and MSEP 2000 plans. Employees in the MSEP 2011 plan are required to contribute 4.00% of their annual pay. The University's required contribution rate for all plans for the year ended June 30, 2025, was 28.75% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The contribution rate for the MOSERS' plan years ended June 30, 2024 and 2023, was 27.26% and 26.33%, respectively, for all plans, which were the years of measurement for the net pension liability. Contributions to the pension plan from the University were \$34,279,037 and \$30,903,661 for the years ended June 30, 2025 and 2024, respectively.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2025 and 2024, the University reported a liability of \$374,308,763 and \$364,264,299, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024 and 2023, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of those dates.

The University's proportion of the net pension liability was based on the University's actual share of contributions to the pension plan relative to the actual contributions of all participating employers for MOSERS' plan years ended June 30, 2024 and 2023. At June 30, 2024, the University's proportion was 4.61177% which was a decrease of 0.16045% from its proportion measured as of June 30, 2023. At June 30, 2023, the University's proportion was 4.77222%, which was a decrease of 0.16560% from its proportion measured as of June 30, 2022.

There were no changes in benefit terms during the MOSERS' plan year ended June 30, 2024 and 2023, that affected the measurement of total pension liability.

For the years ended June 30, 2025 and 2024, the University recognized pension expense of \$49,622,410 and \$30,302,202, respectively.

At June 30, 2025 and 2024, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>2025</b>	<b>2024</b>		
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 18,182,481	\$ -	\$ 17,067,220	\$ -
Net difference between projected and actual earning on pension plan investments	25,245,256	-	29,971,643	-
Change in proportion and differences between the University's contributions and the University's proportionate share of contributions	-	8,316,979	3,165,502	6,419,322
University's contributions subsequent to the measurement date	<u>34,279,037</u>	<u>-</u>	<u>30,903,661</u>	<u>-</u>
<b>Total</b>	<b><u>\$ 77,706,774</u></b>	<b><u>\$ 8,316,979</u></b>	<b><u>\$ 81,108,026</u></b>	<b><u>\$ 6,419,322</u></b>

At June 30, 2025 and 2024, the University reported \$34,279,037 and \$30,903,661, respectively, as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the years ending June 30, 2025 and 2024, respectively.

Other amounts reported as deferred outflows of resources and deferred inflows of resources at June 30, 2025, related to pensions will be recognized in pension expense as follows:

<b>Year Ended June 30, 2025</b>	<b>Amount Recognized</b>
2025	\$ 11,397,694
2026	19,518,368
2027	3,942,832
2028	<u>251,864</u>
	<u><u>\$ 35,110,758</u></u>

***Actuarial Assumptions***

The total pension liability in the June 30, 2024 and 2023, actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurement:

**June 30, 2024**

Inflation	2.25%
Salary increases	2.75% to 10.00% including inflation
Wage inflation	2.25%
Investment rate of return	6.95% per year, compounded annually, net after investment expenses and including inflation

**June 30, 2023**

Inflation	2.25%
Salary increases	2.75% to 10.00% including inflation
Wage inflation	2.25%
Investment rate of return	6.95% per year, compounded annually, net after investment expenses and including inflation

**Mortality:** Preretirement mortality rates were based on the Pub-2010 General Members Below Median Employee mortality table, set back two years for males and set forward one year for females. Mortality was projected generationally from 2010 to 2020 using Scale MP-2020 and 75% of Scale MP-2020 for years after 2020.

Postretirement mortality rates for retirees were based on the Pub-2010 General Members Below Median Healthy Retiree mortality table, scaled by 104%, set back two years for males and set forward one year for females. Mortality was projected generationally from 2010 to 2020 using Scale MP-2020 and 75% of Scale MP-2020 for years after 2020.

Postretirement mortality rates for beneficiaries were based on the Pub-2010 General Members Below Median Contingent Survivor mortality table, set back two years for males and set forward one year for females. Mortality was projected generationally from 2010 to 2020 using Scale MP-2020 and 75% of Scale MP-2020 for years after 2020.

---

The actuarial assumptions used in the June 30, 2024 and 2023, valuation were based on the results of an actuarial experience study for the period July 1, 2015, to June 30, 2020. As a result of this actuarial experience study, the MOSERS' Board made various demographic assumption changes to more closely reflect actual experience. The most significant changes included the following: subsequent changes in the unfunded actuarial accrued liability due to actuarial gains/losses or assumption changes are now amortized over a closed 25-year period instead of 30 years; mortality assumptions are now based on generational tables; and the merit component of the salary increase assumption was adjusted to partially reflect observed experience. The changes in assumptions recorded as deferred inflows and outflows of resources were due to these changes from the actuarial experience study.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates rates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of geometric real rates of return for each major asset class included in MOSERS' target asset allocation as of June 30, 2024, are summarized in the following table:

<b>Asset Class</b>	<b>Policy Allocation</b>	<b>Long-Term Expected Real Rate of Return*</b>	<b>Weighted Average Long-Term Expected Real Rate of Return</b>
Global public equities	30.00%	5.80%	2.30%
Global private equities	15.00%	7.40%	1.40%
Long treasuries	25.00%	1.60%	0.90%
Core bonds	10.00%	1.20%	0.30%
Commodities	5.00%	3.60%	0.30%
TIPS	25.00%	0.80%	0.70%

**Discount Rate**

The discount rate used to measure the total pension liability was 6.95% at June 30, 2024 and 2023. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from employers will be made at required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

***Sensitivity of the University's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate***

The following presents the University's proportionate share of the net pension liability calculated using the discount rate of 6.95%, as well as what the University's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% point lower (5.95%) or 1% point higher (7.95%) than the current rate:

	<b>1% Decrease (5.95%)</b>	<b>Current Discount Rate (6.95%)</b>	<b>1% Increase (7.95%)</b>
University's proportionate share of the net pension liability	\$ 464,710,118	\$ 374,308,763	\$ 298,799,372

***Pension Plan Fiduciary Net Position***

Detailed information about the pension plan's fiduciary net position is available in the separately issued MOSERS' financial report.

***CURP***

Beginning July 1, 2002, all faculty on full-time, regular appointments are enrolled in the College and University Retirement Plan (CURP) if they have not previously been enrolled in MOSERS. CURP is a noncontributory 401(a) defined contribution retirement plan which uses TIAA-CREF as its third-party administrator. CURP provides a retirement program which offers interstate portability, immediate vesting, and no minimum service requirement. Contributions made by the University are self-directed by participants into their selected individual accounts. After participating in CURP for at least six years, a faculty member may elect to become a member of the Missouri State Employees' Retirement System (MOSERS).

The University was required to contribute 6.00% of the participant's salary to CURP for the years ended June 30, 2025 and 2024, respectively. The total contributed for years ended June 30, 2025 and 2024, was \$2,365,970 and \$2,476,832, respectively.

***Note 12. Other Postemployment Benefit Plan***

***Plan Description:*** The University contributes to the Missouri State University Employee Benefit Plan (the "OPEB Plan"), a single-employer defined benefit OPEB plan covering substantially all employees. The OPEB Plan is administered through a commercial insurance carrier. Benefit provisions are contained in the plan document and were established and can be amended by action of the University's governing body. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2025 and 2024**

---

**Benefits Provided:** The OPEB Plan provides medical and prescription drug benefits to eligible retirees and their dependents. Benefits are provided through a third-party insurer, and retirees contribute premiums ranging between \$546 for a single person to \$1,357 for retiree and spouse. For employees who retire before reaching age 65, their insurance will be continued until the earlier of the date the plan is canceled or until their 65<sup>th</sup> birthday.

The employees covered by the benefit terms at June 30, 2025 and 2024, are:

	<b>2025</b>	<b>2024</b>
Inactive employees or beneficiaries currently receiving benefit payments	70	70
Active employees	<u>2,114</u>	<u>2,043</u>
	<u><u>2,184</u></u>	<u><u>2,113</u></u>

**Total OPEB Liability**

The University's total OPEB liability of \$7,197,777 and \$7,792,448 was measured as of June 30, 2025 and 2024, respectively, for the years then ended, and was determined by an actuarial valuation as of those dates.

The total OPEB liability in the June 30, 2025 and 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	<b>2025</b>
Inflation	3.00%
Discount rate	5.20%
Salary increases	3.50%
Health care cost trend rates	7.45% for 2025, grading down to an ultimate rate of 4.0% for 2029 and later years
	<b>2024</b>
Inflation	3.00%
Discount rate	3.93%
Salary increases	3.50%
Health care cost trend rates	7.75% for 2025, grading down to an ultimate rate of 4.0% for 2029 and later years

This discount rate used for the plan was the 20-year, tax-exempt municipal bond rate as there are no assets in the plan.

For the OPEB valuation as of June 30, 2025, the mortality projection scale was updated from MP-2020 to MP-2021 to reflect the Society of Actuaries' recent mortality study, mortality rates were based on the Pub-2010 projected forward using SOA scale MO-2021.

The actuarial assumptions used in the June 30, 2025 and 2024, valuations were based on the results of an actuarial experience study from 2013.

***Changes in Total OPEB Liability***

Changes in the total OPEB liability are:

	<b>2025</b>	<b>2024</b>
Balance, beginning of year	<u>\$ 7,792,448</u>	<u>\$ 7,835,818</u>
Service cost	353,008	352,981
Interest	307,604	289,822
Differences between expected and actual experience	-	2,468,389
Changes in assumptions or other inputs	(618,501)	(2,657,647)
Benefit payments	<u>(636,782)</u>	<u>(496,915)</u>
Net changes	<u>(594,671)</u>	<u>(43,370)</u>
Balance, end of year	<u><u>\$ 7,197,777</u></u>	<u><u>\$ 7,792,448</u></u>

***Sensitivity of the Total OPEB Liability to Changes in the Discount Rate and Health Care Cost Trend Rates***

The total OPEB liability of the University has been calculated using a discount rate of 5.20%, an increase of 1.27% from the 2024 rate of 3.93%. The following presents the total OPEB liability using a discount rate 1% higher and 1% lower than the discount rate.

	<b>1% Decrease</b>	<b>Current Discount Rate</b>	<b>1% Increase</b>
University's total OPEB liability	\$ 7,774,000	\$ 7,198,000	\$ 6,694,000

The total OPEB liability of the University has been calculated and updated using health care cost trend rates of 7.75% decreasing to 4.00%, consistent with prior year of 7.75% decreasing to 4.00%.

The following presents the total OPEB liability using health care cost rates 1% higher and 1% lower than the current health care cost trend rates.

	<b>1% Decrease</b>	<b>Current Health Care Cost Trend Rates</b>	<b>1% Increase</b>

***OPEB Expense and Deferred Inflows of Resources Related to OPEB***

For the years ended June 30, 2025 and 2024, the University recognized OPEB expense of \$474,125 and \$492,233, respectively. At June 30, 2025 and 2024, the University reported deferred outflows and deferred inflows of resources related to OPEB from the following sources:

	<b>2025</b>	<b>2024</b>		
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 2,181,700	\$ 2,100,926	\$ 2,325,045	\$ 2,281,779
Changes of assumptions	945,211	3,632,056	1,057,042	3,274,365
<b>Total</b>	<b>\$ 3,126,911</b>	<b>\$ 5,732,982</b>	<b>\$ 3,382,087</b>	<b>\$ 5,556,144</b>

Deferred outflows and deferred inflows of resources at June 30, 2025, related to OPEB will be recognized as a reduction in OPEB expense as follows:

2026	\$ (186,487)
2027	(186,487)
2028	(186,487)
2029	(170,836)
2030	(167,691)
Thereafter	<u>(1,708,083)</u>
	<u><u>\$ (2,606,071)</u></u>

**Note 13. Disclosure About Fair Value of Assets**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

***Investments***

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 are not available, securities are classified within Level 3 of the hierarchy.

### **Note 15. Related Party Transactions**

In 1982, the University's Board of Governors authorized the transfer of its endowment fund of \$199,762 to the Foundation for management purposes. This balance is shown on the University's statements of net position as amounts due from the Foundation, in noncurrent assets. All investment earnings from these funds have been recorded in the accounting records of the Foundation and are not shown on the University's financial statements. All endowment additions since 1982, including gifts and other income, have been recorded in the Foundation's accounting records. In 2023, the University received grants of \$6,000,000 from the Department of Education to establish endowment funds. The University's Board of Governors authorized the transfer of these funds to the Foundation for management purposes.

The Foundation owed the University approximately \$12,286,552 and \$13,107,681 at June 30, 2025 and 2024, respectively, for pledges receivable and expenses paid by the University for costs to be funded by the Foundation. The balance is shown on the University's statements of net position as current assets and is included in accounts receivable.

The University pays the Foundation for space occupied by various University departments within the Kenneth E. Meyer Alumni Center. Rental payments for each of the years ended June 30, 2025 and 2024, was \$482,152.

### **Note 16. Commitments and Contingencies**

#### ***Claims and Litigation***

As is common with most large governmental entities, various parties have asserted claims against the University through litigation and by other means. The University is vigorously defending each of these matters, the eventual outcomes of which management presently believes will not be material.

#### ***Government Grants***

The University is currently participating in numerous grants from various departments and agencies of the federal and state governments. The expenditures of grant proceeds must be for allowable and eligible purposes. Single audits and audits by the granting department or agency may result in requests for reimbursement of unused grant proceeds or disallowed expenditures. Upon notification of final approval by the granting department or agency, the grants are considered closed.

#### ***Construction Commitments***

The University has outstanding commitments for various construction contracts of approximately \$112.7 million at June 30, 2025.

## **Note 17. Missouri State University Foundation**

### ***Financial Statements***

The consolidated financial statements of the Foundation are presented in accordance with the provisions of the FASB ASC. The FASB ASC requires the Foundation to distinguish between contributions that increase net assets with donor restrictions or net assets without donor restrictions. It also requires recognition of contributions, including contributed services meeting certain criteria, at fair values. The FASB ASC establishes standards for external financial statements of not-for-profit organizations and requires a statement of financial position, a statement of activities, and a statement of cash flows. As permitted by GASB Statement No. 34, the University has elected not to present a statement of cash flows for the Foundation in the basic financial statements of the University's reporting entity.

### ***Pooled Investments***

Funds treated as endowment by the Foundation are managed as a pooled investment fund. This pool includes funds from the with or without donor restrictions net asset classes. The various subsidiary accounts purchase shares in the investment pool when additions are received. The investment pool is operated on a unit market basis. The following schedule summarizes data related to the investment pool for the years ended June 30, 2025 and 2024:

	<b>2025</b>	<b>2024</b>
Pooled investments at market value	\$ 132,210,471	\$ 121,995,631
Number of pool shares	538,324	515,323
Market value per pool share	\$ 247	\$ 237
Fiscal year return	9.85%	8.31%
Interest and dividend earnings	\$ 2,782,750	\$ 2,723,646
Net gains (losses)	\$ 10,229,900	\$ 7,166,633

### ***Investments and Investment Return***

The Foundation measures securities, other than investments that qualify for the equity method of accounting, at fair value. Investments in private equity funds and hedge funds are recorded at net asset value (NAV), as a practical expedient, to determine fair value of the investments.

Net investment return includes dividend and interest income and other investment income; realized and unrealized gains and losses on investments carried at fair value; and realized gains and losses on other investments, less external and direct internal investment expenses. Gains and losses on the sale of securities are recorded on the trade date and are determined using the specific identification method. Investment return that is initially restricted by donor stipulation and for which the restriction will be satisfied in the same year is included in net assets without donor restrictions. Other investment return is reflected in the statements of activities as with or without donor restrictions based upon the existence and nature of any donor or legally imposed restrictions.

The Foundation maintains pooled investment accounts for its endowments. Investment income and realized and unrealized gains and losses from securities in the pooled investment accounts are allocated monthly to the individual endowments based on the relationship of the fair value of the interest of each endowment to the total fair value of the pooled investments accounts, as adjusted for additions to or deductions from those accounts.

### ***Endowments***

The Foundation's endowment consists of approximately 1,230 individual funds established for a variety of purposes. The endowment includes both donor-restricted endowment funds and funds designated by the governing body to function as endowments (Board-designated endowment funds). As required by accounting principles generally accepted in the United States of America (GAAP), net assets associated with endowment funds, including Board-designated endowment funds, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation's governing body has interpreted the State of Missouri Prudent Management of Institutional Funds Act (SPMIFA) as requiring preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of donor-restricted endowment funds is classified as net assets with donor restrictions – purpose or time-restricted for future periods until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. Duration and preservation of the fund
2. Purposes of the Foundation and the fund
3. General economic conditions
4. Possible effect of inflation and deflation
5. Expected total return from investment income and appreciation or depreciation of investments
6. Other resources of the Foundation
7. Investment policies of the Foundation

***Underwater Endowments***

The governing body of the Foundation has interpreted SPMIFA as not requiring the maintenance of purchasing power of the original gift amount contributed to an endowment fund, unless a donor stipulates the contrary. As a result of this interpretation, when reviewing its donor-restricted endowment funds, the Foundation considers a fund to be underwater if the fair value of the fund is less than the sum of:

- the original value of initial and subsequent gift amounts donated to the fund and
- any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument.

The Foundation has interpreted SPMIFA to permit spending from underwater funds in accordance with the prudent measures required under the law.

At June 30, 2025, funds with original gift value of \$175; fair value of \$94; and deficiency of \$81 were reported in net assets with donor restrictions. At June 30, 2024, funds with original gift value of \$337,549; fair value of \$322,520; and deficiency of \$15,029 were reported in net assets with donor restrictions. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after investment of new restricted contributions and continued appropriation for certain purposes that was deemed prudent by the governing body.

The Foundation has a policy that does not permit spending from underwater endowment funds.

***Investment and Spending Policies***

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs and other items supported by its endowment while seeking to maintain the purchasing power of the endowment. Endowment assets include those assets of donor-restricted endowment funds the Foundation must hold in perpetuity or for donor-specified periods, as well as those of Board-designated endowment funds. Under the Foundation's policies, endowment assets are invested in a manner that is intended to produce results that exceed the endowment's financial requirement over time, while assuming a moderate level of investment risk. The Foundation expects its endowment funds to provide a rate of return between 9.9% annually over time. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both current yield (investment income such as dividends and interest) and capital appreciation (both realized and unrealized). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The Foundation has a policy (the spending policy) of appropriating for expenditure each year 6.0% of its endowment fund's average fair value over the prior 36 months through the month-end preceding the month in which expenditure is planned. In establishing this policy, the Foundation considered the long-term expected return on its endowment. The Foundation expects the current spending policy to allow its endowment to grow at a rate approximating the inflationary rate over the long term. This is consistent with the Foundation's objective to maintain the purchasing power of endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

The Foundation receives significant contributions with donor restrictions to be used in accordance with the associated purpose restrictions. It also receives gifts to establish endowments that will exist in perpetuity. In addition, the Foundation receives support without donor restrictions. Contributions and the income generated from endowments are used to provide scholarships, faculty support, improve facilities, and to support student programs. Such support has historically represented a significant percent of annual program funding needs, with the remainder funded by investment income without donor restrictions and appropriated earnings from gifts with donor restrictions.

The Foundation considers investment income without donor restrictions, appropriated earnings from donor-restricted, and Board-designated (quasi) endowments, contributions without donor restrictions, and contributions with donor restrictions to meet ongoing obligations, major and central to its annual operations to be available to meet cash needs for general expenditures. General expenditures include instruction and academic program support, student services, institutional support, scholarships, rental expenses, and capital projects expected to be paid in the subsequent year. Annual operations are defined as activities occurring during the Foundation's fiscal year.

The Foundation manages its cash available to meet general expenditures following three guiding principles:

- Operating within a prudent range of financial soundness and stability,
- Maintaining adequate liquid assets, and
- Maintaining sufficient reserves to provide reasonable assurance that long-term commitments and obligations under endowments with donor restrictions and quasi-endowments that support mission fulfillment will continue to be met, ensuring the sustainability of the Foundation.

The Foundation strives to maintain financial assets available to meet general expenditures at a level that represents 100% of annual expenses.

(A) Certain investments that are measured using the net assets value per share (or equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts included above are intended to permit reconciliations of the fair value hierarchy to the amounts presented in the consolidated statements of financial position.

**Investments**

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include cash equivalents, money market funds, equity securities, and mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows. Inputs used to value Level 2 securities include interest rates for similar debt securities and Treasury obligations with similar maturities.

***Investments Held in Trust***

Fair value is estimated at the present value of the future distributions expected to be received over the term of the agreement. Due to the nature of the valuation inputs, the investments are classified as Level 1, Level 2, and Level 3 of the hierarchy. The Level 3 investments are the Foundation's beneficial interest in trusts. Fair value is determined based on the market value of the securities held in the trusts and the Foundation's proportional beneficial interest.

***Cash Equivalents***

The carrying amount approximates fair value.

***Contributed Services***

The Foundation applies ASU 2013-06, *Services Received from Personnel of an Affiliate*, which requires recognition of personnel services received from an affiliate for which the Foundation was not charged. The Foundation received contributed personnel services from the University of \$4,424,084 and \$4,301,960 for the years ended June 30, 2025 and 2024, respectively. The contributed personnel services are based on costs incurred and expense recognized by the University. The Foundation receives administrative support outside of personnel services from the University without charge.

***Functional Expenses***

The Foundation's financial statements report certain categories of expenses that are attributed to more than one program or supporting function. The tables below present expenses by both their nature and their function. Program and support services expenses consist of the following as of June 30, 2025:

**Notes to Schedule:**

***Benefit Changes***

Senate Bill 62 (SB 62), which contained changes to the benefit structure for MSEP 2011, was passed by the 2017 legislature. The provision of the bill decreased vesting from ten to five years of service, but also included provisions that essentially offset the cost of the vesting change. As a result, SB 62 had no impact on the employer contribution rate and created a decrease to the UAAL of \$1.6 million.

There were no changes to benefit terms for MOSERS for the plan years ended June 30, 2024 or 2023. During the MOSERS plan year ended June 30, 2017, the vesting requirements were changed for the MSEP 2011 plan from 10 years of credit service to 5 years for members employed on or after January 1, 2018. There were no other changes in benefit terms during the MOSERS' plan year ended June 30, 2017, that affected the measurement of total pension liability.

There were no changes to benefit terms for MOSERS for the other years presented above.

***Changes of Assumptions***

There were no changes to actuarial assumptions used in the June 30, 2024, valuation and the June 30, 2023, valuation.

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study covering the five-year period ended June 30, 2020, and performed in 2021. As a result of this actuarial experience study, the MOSERS' Board made certain actuarial assumption and method changes as a result of the experience study, including:

- Subsequent changes in the unfunded actuarial accrued liability due to actuarial gains/losses or assumption changes are now amortized over a closed 25-year period, instead of 30 years.
- Mortality assumptions are now based on generational tables.

**A Component Unit of the State of Missouri**  
**Notes to the Schedule of Expenditures of Federal Awards**  
**Year Ended June 30, 2025**

---

**Note 1. Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Missouri State University under programs of the federal government for the year ended June 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Missouri State University, it is not intended to and does not present the financial position, changes in net position, or cash flows of the University.

**Note 2. Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

**Note 3. Indirect Cost Rate**

Missouri State University has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Note 4. Federal Loan Programs**

Federal Direct Student Loan balances are not included in Missouri State University's financial statements. Loans disbursed during the year are included in federal expenditures presented in the Schedule.

**Report on Internal Control Over Financial Reporting  
and on Compliance and Other Matters Based on  
an Audit of Financial Statements Performed in  
Accordance with *Government Auditing Standards***

**Independent Auditor's Report**

Board of Governors  
Missouri State University  
Springfield, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the business-type activities, and the discretely presented component unit of Missouri State University (the "University"), collectively a component unit of the state of Missouri, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the University's basic final financial statements, and have issued our report thereon dated December 3, 2025. The financial statements of Missouri State University Foundation, which are included in the University's financial statements as a discretely presented component unit, were not audited in accordance with *Government Auditing Standards* and accordingly this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with Missouri State University Foundation.

***Report on Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance**

### **Independent Auditor's Report**

Board of Governors  
Missouri State University  
Springfield, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Missouri State University's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Missouri State University's major federal programs for the year ended June 30, 2025. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Missouri State University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (*Uniform Guidance*). Our responsibilities under those standards and the *Uniform Guidance* are further described in the "Auditor's Responsibilities for the Audit of Compliance" section of our report.

We are required to be independent of Missouri State University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Missouri State University's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Missouri State University's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Missouri State University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Missouri State University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Missouri State University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Missouri State University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Missouri State University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Other Matters**

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2025-001. Our opinion on the major federal program is not modified with respect to this matter.

*Government Auditing Standards* requires the auditor to perform limited procedures on the University's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The University's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response. The University is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The University's corrective action plan was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on it.

## Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the "Auditor's Responsibilities for the Audit of Compliance" section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over

compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2025-001, to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on Missouri State University's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. Missouri State University's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response. Missouri State University is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. Missouri State University's corrective action plan was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Views of Responsible Officials and Planned Corrective Actions** -The University's Office of Student Financial Aid agrees with the recommendation and will enact the following procedure changes:

**1. Formal Interdepartmental Oversight**

- Establish a documented coordination process between the Office of the Registrar (OOR) and the Office of Student Financial Aid (OSFA) to jointly oversee enrollment reporting for Title IV purposes.
- Define clear roles and responsibilities for monitoring, review, and escalation of enrollment reporting issues.

**2. Transmission Monitoring and Reconciliation**

- Implement a recurring reconciliation process to verify that enrollment status changes submitted to NSC are successfully transmitted to NSLDS.
  - a. OSFA designee (Associate Director) will review sample populations each reporting cycle to ensure data transfer to NSLDS.
  - Develop exception process to resolve delayed, rejected, or missing enrollment updates and ensure timely resolution.
  - a. OSFA designee will coordinate with OOR designee (Associate Registrar) to alert of potential issues and work to resolve.

**3. Issue Escalation and Resolution Protocol**

- Establish a formal escalation process with NSC for unresolved transmission issues, including defined timelines for follow-up and resolution.
- Maintain documentation of identified issues, corrective actions taken, and final resolution.

**4. Ongoing Monitoring**

- Incorporate enrollment reporting compliance into routine Title IV compliance monitoring activities.
- Conduct periodic internal reviews to ensure controls remain effective and reporting continues to meet federal timeliness and accuracy requirements.

Implementation of the above listed procedure changes will take place immediately with a completion date no later than June 30, 2026.

Board of Governors, Risk Management & Audit Committee, and Management  
Missouri State University  
Springfield, Missouri

As part of our audits of the compliance of Missouri State University (the University) as of and for the year ended June 30, 2025, we wish to communicate the following to you.

## **AUDIT SCOPE AND RESULTS**

**Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America and the Standards Applicable to Financial Audits Contained in *Government Auditing Standards* Issued by the Comptroller General of the United States and U.S. Office of Management and Budget (OMB) Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance)**

An audit performed in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and U.S. Office of Management and Budget (OMB), *Uniform Guidance* is designed to obtain reasonable, rather than absolute, assurance about whether noncompliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on a major federal award program occurred.

A compliance audit includes designing procedures to detect both intentional and unintentional material noncompliance. The auditor can obtain reasonable, but not absolute, assurance about the entity's compliance because of factors such as the need for judgment, the use of sampling, the inherent limitations of internal control over compliance with applicable compliance requirements, and the fact that much of the evidence available to the auditor is persuasive rather than conclusive in nature. Our engagement does not include a detailed audit of every transaction. Our contract more specifically describes our responsibilities.

Refer to letter dated December 3, 2025, for communications as the result of the financial statement audit.

These standards require communication of significant matters related to a compliance audit that are relevant to the responsibilities of those charged with governance in overseeing the compliance audit process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of compliance does not relieve management or those charged with governance of their responsibilities. Our contract more specifically describes your responsibilities.

## **Significant Unusual Transactions**

Significant unusual transactions represent significant transactions that are outside the normal course of business for the entity or that otherwise appear to be unusual due to their timing, size, or nature. We have identified the following transactions that we consider to be significant and unusual.

- No matters are reportable

## **Other Material Communications**

### **Consideration of Material Matters**

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

### **Confirmation of Matters Specific to the Subject Matter of Forvis Mazars' Report**

We confirm, to the best of our knowledge and belief, the following:

#### **Broad Matters**

1. We have fulfilled our responsibilities, as set out in the terms of our contract, for compliance with requirements applicable to each of our major federal awards programs.
2. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
3. We have provided you with:
  - a. Access to all information of which we are aware that is relevant to the compliance requirements applicable to each of our major federal awards programs.
  - b. Additional information that you have requested from us for the purpose of the audit.
  - c. Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
  - d. All significant contracts and grants.
4. We have responded fully and truthfully to all your inquiries.

***Government Auditing Standards***

5. We acknowledge that we are responsible for compliance with applicable laws, regulations, and provisions of contracts and grant agreements.
6. We have identified and disclosed to you all laws, regulations, and provisions of contracts and grant agreements that have a direct and material effect on the determination of amounts in our financial statements or other financial data significant to the audit objectives.
7. We have identified and disclosed to you any violations or possible violations of laws, regulations, and provisions of contracts and grant agreements, tax or debt limits, and any related debt covenants whose effects should be considered for recognition and/or disclosure in the financial statements or for your reporting on noncompliance.
8. We have taken or will take timely and appropriate steps to remedy any fraud, abuse, illegal acts, or violations of provisions of contracts or grant agreements that you or other auditors report.
9. We have a process to track the status of audit findings and recommendations.
10. We have identified to you any previous financial audits, attestation engagements, performance audits, or other studies related to the objectives of your audit and the corrective actions taken to address any significant findings and recommendations made in such audits, attestation engagements, or other studies.
11. We have provided our views on any findings, conclusions, and recommendations, as well as our planned corrective actions with respect thereto, to you for inclusion in the findings and recommendations referred to in your report on internal control over financial reporting and on compliance and other matters based on your audit of the financial statements performed in accordance with *Government Auditing Standards*.

**Federal Awards Programs (Uniform Guidance)**

12. We have identified in the schedule of expenditures of federal awards all assistance provided (either directly or passed through other entities) by federal agencies in the form of grants, contracts, loans, loan guarantees, property, cooperative agreements, interest subsidies, commodities, insurance, direct appropriations, or in any other form.
13. We have disclosed to you all contracts or other agreements with service organizations, and we have disclosed to you all communications from the service organizations relating to noncompliance at the service organizations.
14. We have reconciled the schedule of expenditures of federal awards (SEFA) to the financial statements.
15. Federal awards-related revenues and expenditures are fairly presented, both in form and content, in accordance with the applicable criteria in the entity's financial statements.
16. We have evaluated all recipient organizations that received federal funding and have correctly identified all subrecipients on the schedule of expenditures of federal awards.

17. We have identified the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* regarding activities allowed or unallowed; allowable costs/cost principles; cash management; eligibility; equipment and real property management; matching, level of effort, earmarking; period of performance of federal funds; procurement and suspension and debarment; program income; reporting; subrecipient monitoring; and special tests and provisions that are applicable to each of our federal awards programs. We have identified to you our interpretation of any applicable compliance requirements subject to varying interpretations.
18. We are responsible for complying, and have complied, with the requirements of Uniform Guidance.
19. We are responsible to understand and comply with the requirements of federal statutes, regulations, and the terms and conditions of federal awards related to each of our federal awards programs and have disclosed to you any and all instances of noncompliance with those requirements occurring during the period of your audit or subsequent thereto to the date of this letter of which we are aware. Except for any instances of noncompliance we have disclosed to you, we believe the entity has complied with all applicable compliance requirements.
20. We are responsible for the design, implementation, and maintenance of internal controls over compliance that provide reasonable assurance we have administered each of our federal awards programs in compliance with federal statutes, regulations, and the terms and conditions of the federal awards.
21. We have made available to you all federal awards (including amendments, if any) and any other correspondence or documentation relevant to each of our federal awards programs and to our compliance with applicable requirements of those programs.
22. The information presented in federal awards program financial reports and claims for advances and reimbursements is supported by the books and records from which our financial statements have been prepared.
23. The costs charged to federal awards are in accordance with applicable cost principles.
24. The reports provided to you related to federal awards programs are true copies of reports submitted or electronically transmitted to the federal awarding agency, the applicable payment system, or pass-through entity in the case of a subrecipient.
25. Amounts claimed or used for matching were determined in accordance with Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) regarding cost principles.
26. We have monitored any subrecipients to determine that they have expended federal awards in accordance with federal statutes, regulations, and the terms and conditions of the subaward and have met the audit and other requirements of the Uniform Guidance.
27. We have taken appropriate corrective action on a timely basis after receipt of any subrecipient's auditor's report that identified findings and questioned costs pertaining to federal awards programs passed through to the subrecipient by us.
28. We have considered the results of any subrecipient's audits received and made any necessary adjustments to our books and records.

29. We have disclosed to you any communications from federal awarding agencies and pass-through entities concerning possible noncompliance with the applicable compliance requirements for each of our federal awards programs, including any communications received from the end of the period of your audit through the date of this letter.
30. We have identified to you any previous compliance audits, attestation engagements, and internal or external monitoring related to the objectives of your compliance audit, including findings received and corrective actions taken to address any significant findings and recommendations made in such audits, attestation engagements, or other monitoring.
31. Except as described in the schedule of findings and questioned costs, we are in agreement with the findings contained therein and our views regarding any disagreements with such findings are consistent, as of the date of this letter, with the description thereof in that schedule.
32. We are responsible for taking corrective action on any audit findings and have developed a corrective action plan that meets the requirements of Uniform Guidance.
33. The summary schedule of prior audit findings correctly states the status of all audit findings of the prior audit's schedule of findings and questioned costs and any uncorrected open findings included in the prior audit's summary schedule of prior audit findings as of the date of this letter.
34. The reporting package does not contain any protected personally identifiable information.
35. No changes have been made in internal control over compliance or other factors that might significantly affect internal control, including any corrective action we have taken regarding significant deficiencies or material weaknesses in internal control over compliance subsequent to the period covered by the auditor's report.

#### **Litigation, Laws, Rulings, & Regulations**

36. We have no knowledge of communications, other than those specifically disclosed, from regulatory agencies, governmental representatives, employees, or others concerning investigations or allegations of noncompliance with laws and regulations, deficiencies in financial reporting practices, or other matters that could have a material adverse effect on our compliance.
37. We have disclosed to you all known instances of violations or noncompliance or possible violations or suspected noncompliance with laws and regulations whose effects should be considered.
38. There are no regulatory examinations currently in progress for which we have not received examination reports.

#### **Nonattest Services**

39. You have provided nonattest services, including the following, during the period of this engagement:
  - Preparing a draft of the schedule of expenditures of federal awards.
  - Completing the auditee portion of the Form SF-SAC (Data Collection Form) through the Federal Audit Clearinghouse.
40. With respect to these services:
  - a. We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.

- b. We have established and monitored the performance of the nonattest services to ensure they meet our objectives.
- c. We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
- d. We have evaluated the adequacy of the services performed and any findings that resulted.
- e. Established and maintained internal controls, including monitoring ongoing activities.
- f. When we receive final deliverables from you, we will store those deliverables in information systems controlled by us. We have taken responsibility for maintaining internal control over these deliverables.

### **Supplementary Information**

41. With regard to supplementary information:

- a. We acknowledge our responsibility for the presentation of the supplementary information in accordance with the applicable criteria.
- b. We believe the supplementary information is fairly presented, both in form and content, in accordance with the applicable criteria.
- c. The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.
- d. We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
- e. If the supplementary information is not presented with the audited financial statements, we will make the audited financial statements readily available to intended users of the supplementary information no later than the date such information and the related auditor's report are issued.

### **Other Matters**

42. We have interpreted the U.S. Department of Education's regulation on related party disclosures at 34 CFR 668.23(d)(1) not to apply to public institutions and therefore, have not included the disclosures required by the regulation in the financial statement disclosures.
