Single purchase > \$250,000 from established cooperative contract

LED Videoboard for Killian Sports Complex Stadium Intercollegiate Athletics Softball	\$288,230.00 (Estimated)
---	-------------------------------------

Pursuant to University policy, which allows for participation in contract agreements established by other public entities, the University requests approval to utilize OMNIA Partners Cooperative Contract Daktronics R170101 for Scoreboards and Electronic Signs, for a new LED videoboard for the Killian Sports Complex Stadium.

Athletics is seeking to upgrade Killian Stadium where the University softball team plays its regular season and hosts conference tournaments. In partnership with Greene County Parks and Recreation, Athletics has a lease agreement to play at the stadium, similar to the partnership to play at Hammons Field. Many of the conference schools that host conference tournaments have this type of scoreboard, and it would be an investment toward improving the University's gender equity commitment.

Included in the purchase price with Daktronics are equipment and software, project management, engineering and site support services, installation responsibilities, and standard warranty service with extended services for completion of the project, scheduled for May, 2022.

Greene County Parks and Recreation is investing the electrical, fiber, and other infrastructure upgrades to support the new system for an estimate of \$150,000.00. Other investors are three contributors through the University Foundation for \$138,230.00. The Sales Agreement with Daktronics is for the contract price of \$288,230.00.

Cooperative contract terms include an initial three-year period from May 1, 2017 to April 30, 2020 with options to renew for two (2) additional one-year periods through April 30, 2022.

Note: Funding to be from Greene County Parks and Recreation, and the University Foundation.

Single purchase > \$250,000 that was competitively bid

Pre-Preg Braider for Ceramic and Carbon Composite Structures Jordan Valley Innovation Center (JVIC)	\$2,348,700.00 (Estimated)
--	---------------------------------------

In response to required advertising, one bid was received for a pre-preg braider for ceramic and carbon composite structures for the Jordan Valley Innovation Center (JVIC).

Pre-preg refers to reinforcing fabric which has been pre-impregnated with a resin system. As a large-scale braiding machine, the system would be used to apply prep-preg material to various shapes and sizes of mandrels.

Core components that make up the braiding system are the braider and the traverse. The braider carries the materials and provides the braiding motion to intertwine the materials, and the traverse automatically manipulates and transports the mandrel through the braider as the materials is applied.

Needed in order to accomplish tasks in the statement of work for a federally funded program, the system is through a Cooperative Agreement with the U.S. Air Force titled *Large Scale Prototyping Development Braider for Rapid Manufacture of Affordable Composite Structures*.

Recommend award to James Gallagher, Incorporated, for procurement to be split into two phases. The braider would be purchased in phase one through existing funding for \$1,490,000.00, and the traverse would be purchased in phase two pending future federal funding for \$858,700.00.

Pricing is fixed for 120 days from date of original proposal of November 9, 2021. Based on the rate of inflation, between 120-180 days the price could increase up to 4%, and between 180-360 days the price could increase up to a total of 8%. Since funding is already available for phase one, any price increase would only impact phase two.

Note: Funding to be from Cooperative Agreement Award FA8650-21-2-5261 with the United States Air Force, paid through Case Development Braider Center for Applied Science and Engineering I02972 072008.

NOW THEREFORE, in consideration of the mutual covenants it is agreed to as follows:

1. **PARTIES.** This contract is made by and between the City of Springfield, Missouri ("Seller"), a municipal corporation, and the Board of Governors of Missouri State University ("Buyer"), effective as of this _____ of _____, 2022 ("Effective Date").
2. **PURCHASE PRICE.** The purchase price for the sale of the property is the amount of One Dollar (\$1.00) and other valuable consideration as set forth in this agreement.

4. **CONTINGENCIES.** This Contract and obligation to purchase the property is subject to the following contingencies, and Buyer may elect to declare this agreement null and void prior to the closing without any obligation or liability to Seller if:
 - (a) A survey or inspection of the property by Buyer discloses encroachments, violations of subdivision or other restrictions, boundary line disputes, or rights or claims of third parties in possession, on any portion of the premises, that are unacceptable to Buyer.

- (b) Sale of this property is not approved by the City of Springfield's Planning and Zoning Commission and City Council.
- (c) Purchase of this property is not approved by the Board of Governors of Missouri State University.

- (b) The Property is not subject to any real estate listing agreement or other agreement providing for a real estate commission.

- (e) To the knowledge of Seller, there are no legal proceedings pending which involve the Property.
- (f) These representations are continuing and will be true at closing, unless Seller has given the Buyer notice of the contrary in writing prior to closing.

6. ENVIRONMENTAL. During the Inspection Period, Buyer may, at its own expense, perform such environmental audits, testing and sampling of the Property as it, in its sole discretion, deems necessary to determine the environmental condition of the Property. If Buyer's environmental investigation reveals a condition or conditions requiring additional testing, remediation, abatement or reporting to local, state or federal governmental entities, Buyer will provide, at a minimum, the executive summary of its report to Seller. Buyer will not be obligated to proceed with purchasing the Property in the event the environmental investigation shows the presence of hazardous substances on the property, unless Buyer and Seller subsequently enter into a written amendment of this agreement relating to the removal and payment of the cost of removal of such substances.

7. DEFINITION OF HAZARDOUS SUBSTANCE. As used herein, "Hazardous Substance" shall mean any substance: (1) the presence of which requires investigation or remediation under any federal, state, or local statute, regulation, ordinance, order, action, policy, or common law; (2) which is hereafter defined as a "hazardous waste," "hazardous substance," "hazardous material," "pollutant," or "contaminant" (whether harmful or not) under any federal, state, or local statute, regulation, rule or ordinance, including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. Sections 9601 et seq.) and/or the Resource Conservation and Recovery Act (42 U.S.C. Sections 6901 et seq.); (3) which is toxic, explosive, corrosive, flammable, radioactive, carcinogenic, mutagenic, or otherwise hazardous and is or becomes regulated by any governmental authority, agency, department or instrumentality of the United States, the State of Missouri, or any political subdivision thereof; and (4) without limitation, which consists of or contains petroleum, natural gas, and/or their components and distillates. The Buyer estimates that this facility will create an additional 10-15 high-paying, full-time jobs within the City and will provide training to approximately 40 trainees for high-tech careers within the first two years of its operation and approximately 100 such trainees within the first five years of its operation.
- (b) If the Buyer does not begin construction of the Facility within 48 months of the Closing Date, the Buyer must, if Seller so demands, sell the Property back to the Seller for \$1. The Parties agree that Seller's receipt of the \$1 sale price and the transfer of the Property back to the Seller will be the sole remedies for any failure of Buyer to begin construction of the Facility as outlined above. The Seller acknowledges that proceeds will not be disbursed until the deed has been recorded. The Buyer shall take possession of the property at the time of closing.

10. CLOSING PROCEDURES.

- (a) The Buyer will order necessary title information within ten (10) days of the Effective Date at the sole cost and expense of the Buyer. The Buyer shall

obtain a commitment to insure title in the amount of the purchase price through a title insurance company acceptable to the Buyer, which is authorized to insure titles in the State of Missouri.

- (b) The commitment shall show merchantable title in the Seller in accordance with the Title Examination Standards of the Missouri Bar, subject only to any encumbrances as provided in this Contract, subdivision restrictions, setback lines, and easements of record as of the Effective Date, and the lien of current year's taxes.
- (c) The Buyer may, at the Buyer's expense, obtain a survey of the Property.
- (d) The Buyer may, at Buyer's expense, have the title commitment examined, and if applicable, the Buyer shall provide to the Seller in writing any valid objections to title and survey prior to the Closing Date, and the Seller, at its sole option, shall make reasonable efforts to correct the valid objections within thirty (30) days of receipt of request to cure, unless otherwise agreed to in writing; and if not corrected, the Buyer may waive any objections and close, or elect to terminate the Contract. At the Closing, the Seller shall deliver the special warranty deed, along with all other documents reasonably necessary to complete the Closing and which the Title Company requires to issue the Title Insurance Policy, and the Buyer shall deliver its check sufficient to satisfy the Buyer's payment obligations and all other documents necessary to complete the Closing. All closing costs will be paid by the Buyer. The Seller will warrant at Closing there are no unpaid bills for improvements within twelve (12) months prior to Closing and that the Seller has no knowledge of proposed improvements to be paid for by special assessment or fee.

11. **TAXES AND UTILITIES.** The Buyer and Seller are both tax exempt; thus, no real estate taxes are applicable to this Contract. The property has no utility services; thus, no transfer of utility services is necessary, and no utility costs are applicable to this Contract.

12. **VERIFICATION OF CONDITION.** The Buyer shall have the right to make a final inspection of the Property prior to Closing, as a contingency of the sale, to confirm that:

- (a) The Seller has complied with Seller's obligations; and
- (b) Any contingency or defect of title has been resolved.

13. **REMEDIES ON DEFAULT.** The Seller or the Buyer shall be in default under this Contract if either fails to comply with any material provision within the time limits required by the Contract. If either party defaults, the party claiming a default shall notify the other party in writing of the nature of the default and may, as set forth in said notice, either terminate this Contract or extend the time for performance by providing the defaulting party a deadline for curing the default.

In addition to all other remedies available to Seller or Buyer, the parties specifically acknowledge that the remedy of Specific Performance is a remedy that can be pursued by either party in the Circuit Court of Greene County, Missouri.

14. **PROVISIONS NOT MERGED WITH DEED.** No provision of this Contract shall be merged into any deed transferring title to the Property from the Seller to the Buyer, or any successor in interest, and any such deed shall not be deemed to affect or impair the warranties, obligation, and covenants of this Contract, which shall survive the closing.
15. **NOTICE.** All notices required or permitted by this Contract and required to be in writing may be given by facsimile or by first class mail addressed to the Buyer and the Seller by one of three different means: Facsimile Transmission ("FAX") if both parties have a FAX number; United States Postal Service Mails; hand-delivering a copy of the same to the receiving party. Notice may also be given by any combination of the above methods.

(a) The date of notice shall be whichever of the following first occurs:

1. The date upon which notice is hand-delivered to the receiving party;
2. The date of delivery of notice by FAX transmission, which shall be deemed to be the date transmission occurs, except where the transmission is not completed by 5:00 p.m. on a regular business day at the terminal of the receiving party, in which case, the date of delivery shall be deemed to fall on the next regular business day for the receiving party;
3. The third day following mailing of the notice.

COMMENTS:

The intent of these previously approved contracts is to accomplish construction projects that are minor in nature, with the maximum expenditure per project not to exceed \$95,000. Work under this contract may be done on university properties located in Douglas, Camden, Greene, Howell, Jasper, Newton, Taney, Webster, and Wright counties.

Additionally, after issuing the last of three available renewals for the FY19 job order contracting services – mechanical, electrical, plumbing, and insulation repair and replacement contracts it was determined that the expiration date of these contracts should be extended to October 31, 2022, in lieu of June 30, 2022. The summer semester is a busy season for work requests that fall under these contracts. The fall semester is ideal timing for the annual contracts to go into effect due to the timing of such work requests.

After issuing the last of three available renewals for these contracts, it was determined that the annual limit should be increased to meet the needs of the University. The annual limit of these contracts has been met the last two years requiring suspension of any further requests at the end of each fiscal year. It is recommended that the cumulative total of all individual projects awarded under this contract be increased per fiscal year. If approved, this increase would be implemented with the third and final

renewal, which will be effective until October 31, 2022, due to the extension of contract time and maintenance needs.
