Motion passed 4-0.

President’s Report

President Smart shared that the omnibus budget that was passed by Congress and signed into legislation by President Biden includes federal funding of \$50 million for the renovation and addition to Temple Hall, \$3 million for faculty endowment in health and life sciences on the Springfield campus, \$2.5 million for a hospital simulation lab on the West Plains campus, and \$525,000 for equipment and technology updates on the West Plains Campus. The budget also includes more than \$28 million for projects with university partners at the Roy D. Blunt Jordan Valley Innovation Center. President Smart thanked Senator Roy Blunt for being the driving force for securing the funds for Missouri State. He commented that Senator Blunt has been a leading advocate for Missouri State and southwest Missouri and that these appropriations would not be in the budget without his support.

President Smart provided a COVID-19 update. He reviewed cases on the Springfield campus by week, Greene County cases, and 7-day rolling average worldwide cases.

President Smart reviewed the agenda for March 23, 2022, New Board of Governor Orientation.

President Smart concluded his report by reviewing the agenda for the Board Development Workshop with EAB scheduled for April 7-8, 2022, in St. Louis, Missouri.

Facilities and Equipment

Matt Morris, Vice President for Administrative Services, presented a resolution for approval of proposal and award of a contract to repair the stone façade at Pummill Hall (Bids & Quotations No. 1596-22). The project budget is \$430,000.00 to be paid from the Repair Façade Pummill budget funded from the Operating Maintenance and Repair budget. The project restores the stone façade at Pummill Hall. Restoration includes repair, replacement, and cleaning of existing exterior façade stone fascia, caps, and panels. The stone exhibits displacement, cracking, staining, and chipping. The work will include associated flashing work as needed. Work is scheduled to be completed during the summer 2022 semester. Governor Waters made a motion for approval, receiving a second from Governor Parman.

Motion passed 4-0.

Mr. Morris presented a resolution for approval to increase the project budget for the professional construction management services in conjunction with the improvements to the pedestrian underpass at Grand Street (Agreement No. 455-22). The increase amount of \$2,788,252.00 is to be paid from the Grand Street Underpass budget funded by the President's Program Enhancement Fund (\$1,388,252.00), Operating Maintenance and Repair (\$786,027.36), Classroom Upgrades (\$313,972.64), and Administrative Services - Operating (\$300,000.00) budgets. Due to unforeseen circumstances in and around the project site, increases to the original scope of work are required, including replacement of an existing sewer line that feeds a portion of the historic buildings on campus, additional soil shoring, and stormwater piping modifications and redirection. Additionally, the global supply chain continues to suffer and cost escalations due to COVID-19 are causing additional cost impacts on the project budget. Work is schedule to be completed by the fall 2022 semester. Governor Parman made a motion for approval, receiving a second from Governor Waters.

Motion passed 4-0.

Adjournment

With no additional information needing to be discussed, Governor Silvey called for a motion to adjourn the meeting. Governor Parman made a motion, receiving a second from Governor Waters.

Motion passed 4-0.

Meeting adjourned at 4:33 p.m.

Scope of the Required Student Fees Schedule

All fees assessed must be paid in full by specified fee deadlines; otherwise, a student's future registration may be canceled. Courses audited count in the same way as courses taken for credit in determining fees. *The required student fee schedule is subject to revision by the Board of Governors without notice.*

Exceptions to the Required Student Fees Schedule

The Provost or designee has the authority to approve exceptions to the above required student fee schedule for specific course sections. These exceptions will generally be made for sections of courses that do not require students to come to the campus for more than a short period of time.

Fee Exchange for Section Changes after the Change of Schedule Period

Students may drop a section and add a different section of the same course during the same part of term and receive an even exchange of fees provided the section add and drop were processed during the same transaction. Students who drop and add a section of the same course but in a different part of term do not qualify for this fee exchange. Students who drop a special topics course and add the same course but with a different topic do not qualify for this fee exchange.

Supplemental Course Fees

Supplemental course fees may be assessed on individual courses to cover the cost of specialized supplies, equipment, or services for instructional purposes that are provided by the University to all students enrolled in the course and are in addition to routine instructional expenses. The supplemental course fees will be assessed at the time of registration. Supplemental course fees will not be assessed for sections identified as Dual Credit/High School. The Provost shall be authorized to approve additional supplemental course fees needed for selected courses during the year.

Digital Course Materials

Some courses require access to digital course materials. A charge for access to these materials will be applied to the student's account.

Program Fees

A program fee will be assessed to cover the additional costs required for faculty, equipment, facilities, clinical instruction, and supervision for selected programs. This fee is in addition to the applicable tuition, additional per-credit-hour fees, supplemental course/section fees, and student services fees.

Refunds for Classes with a term* of 19 days or less (including Intersession)

The refund for courses with a term* of 19 days or less (including Intersession) is 100% if the class is dropped by the end of the first day of the term, except if the term is a one day term. After the first day of the term, refunds are made on the basis of the number of days in the term per the following schedule:				
Number of Days in Term	100%	75%	50%	25%
1	Prior to day 1	n/a	n/a	n/a

19	1	3	5	10

Refunds for Classes with a term* of 20 days or more (except for standard sessions listed above):

The refund for classes with a term* of 20 days or more is 100% if the class is dropped before the end of the second day of the term (even if the class does not meet on the second day of the term). Additional refund periods are proportionate to the refund periods described above for full semester classes. Refund deadlines are calculated as follows:

- 75% refund = 0.133 times the length of term
- 50% refund = 0.267 times the length of term
- 25% refund = 0.533 times the length of term

Standard rounding rules apply (e.g., the 75% refund deadline for a 25-day term is 0.133×25 or 3.325, which will be rounded down to day 3; the 50% refund deadline for a 25-day term is 0.267×25 or 6.675, which will be rounded up to day 7). The Office of the Registrar maintains refund deadline dates for each class length.

*For classes that are not full semester or block classes, refunds are based on the 'length of term.' For those classes, the 'term' begins with the start date of the class and ends with the end date. The length of term is the number of days in that period, including the start and end date but excluding weekends and holidays when classes are not in session.

Refunds for Dual Credit Classes

If a student drops or withdraws from a fall-only dual credit class, the refund shall be as follows:	
On or before the Friday of the eighth week of the semester	100%
Between the Friday of the eighth week and the Friday of the twelfth week of the semester	50%
Between Friday of the twelfth week of the fall semester and the last day of full semester fall classes	No refund with "W"
Last day of full semester fall classes	Last day to drop with a "W"

If a student drops or withdraws from a full-year dual credit class, the refund shall be as follows:	
On or before the Friday of thirteenth week of the fall semester	100%
Between the Friday of the thirteenth week of the fall semester and the Friday of the third week of the spring semester	50%
Between Friday of the third week of the spring semester and the last day of full semester spring classes	No refund with "W"
Last day of full semester spring classes	Last day to drop with a "W"

If a student drops or withdraws from a spring-only dual credit class, the refund shall be as follows:	
On or before the Friday of the eighth week of the semester	100%
Between the Friday of the eighth week and the Friday of the twelfth week of the semester	50%
Between Friday of the twelfth week of the semester and the last day of full semester spring classes	No refund with "W"
Last day of full semester spring classes	Last day to drop with a "W"

If a student drops or withdraws from a summer dual credit class, the refund shall be as follows:	
On or before the Friday of the fourth week of the semester	100%
Between the Friday of the fourth week and the Friday of the sixth week of the semester	50%
Between Friday of the sixth week of the semester and the last day of summer full semester classes	No refund with "W"
Last Day of summer full semester classes	Last day to drop with a "W"

Student Services Fee Refunds

One hundred percent (100%) of Student Services Fees will be refunded for full semester, first block and second block classes dropped on or before the fifth day of the semester; for classes with a duration of 19 days or less dropped on or before the first day of the term; for classes with a duration of 20 days or more (but not first block, second block or full semester) dropped on or before the second day of the term.

For classes dropped outside the above deadlines, student services fees are recalculated based on the credit hours in which a student remains, plus the percentage of the dropped credit hours for which the student remains liable (liability is based on the tuition refund percentage period in place at the time of the drop).

Example 1: Student originally enrolls for the fall semester in 12 on-campus credit hours and is assessed full student services fees (i.e., the amount for seven or more credit hours). During the 50% refund period, the student drops six credit hours. The amount that the student owes following the drop is recalculated to include the six remaining credits plus 50% of the six credit hours dropped (or three credit hours), which totals nine liable credit hours. In this example, there is no change in student services fees.

Example 2: Student originally enrolls in six on-campus credit hours and is assessed student services fees for those credit hours. During the 25% refund period, the student drops three credit hours. The amount the student owes following the drop is recalculated to include the three remaining credits plus 75% of the three dropped credit hours (2.25), which totals 5.25 liable credit hours. Student services fees will be assessed based on six liable credit hours (credit hours are rounded up).

Example 3: Student originally enrolls in 12 on-campus credit hours and is assessed full student service fees (i.e., the amount for seven or more credit hours). During the 75% refund period, the same student drops all 12 credit hours. Student services fees are recalculated to charge for the 25% liability of the 12 credit hours dropped, which is three liable credit hours. Student services fees will be assessed based on three liable credit hours. Thus, the student will receive a credit (refund) for the difference between the student services fee for three hours and seven hours.

Supplemental Course Fee Refunds

If a student drops during the 100% refund period for tuition (as indicated above), then 100% of supplemental fees will be refunded (with the exception of fees that have already been expended on the part of the student). No refund of supplemental or section fees is issued for students who drop after the 100% refund period.

Refunds for Recipients of Federal Aid

For students who are recipients of Federal Title IV student aid, refunds will be made in accordance with all applicable federal regulations.

Exceptions to the Required Student Fees Refund Policy

Student-Initiated: Exceptions to the fee refund policy are generally granted only for documented exceptional circumstances that were beyond the control of the student (e.g., medical emergency or death in the immediate family) or when a documented University error has occurred. A change in assessment can only be adjusted or prorated to a refund percentage rate already established in the published University tuition and required fees schedule (100%, 75%, 50%, or 25%). The documented date of the exceptional circumstances and the associated refund percentage will be evaluated when considering prorated or full refunds.

Class(es) must have been dropped/withdrawn from in order to be considered for a refund. If a grade was received (including a failing grade or incomplete grade), a refund appeal cannot be considered. Appeals for a fall semester must be received on or before June 30 of the following year; appeals for a spring semester must be received on or before November 30 of the same year; appeals for a summer semester must be received on or before February 28 of the following year.

Post-semester refund exceptions may also be considered when a University policy-based grade change is approved by the Scholastic Standards and Revision of Records Committee.

Requests for exceptions to the refund policy must be submitted to the Office of the Registrar and must be accompanied by appropriate supporting documentation. Requests for exceptions to the refund policy will be considered by the Refund Exception Committee. The Refund/Credit Appeal form and more information concerning the appeal process can be found on the Office of the Registrar's website.

The University will consider requests for full refunds of tuition and fees based on non-attendance, if it is determined that a student:

- Did not attend any classes during the semester;
- Did not live any length of time in University student housing;
- Did not have other campus charges on their accounts;
- Did not have any financial aid returned causing the returned aid to be placed on the student's account;
- Was assigned a "W" grade in all classes for the semester either by withdrawing from all classes by the last day to drop as indicated on the academic calendar or through a successful grade appeal to the Scholastic Standards and Revision of Records Committee;
- Submitted a refund appeal to the Office of the Registrar by the deadlines indicated above; and,
- Has not been given a full refund for non-attendance for a previous semester.

Department-Initiated: Exceptions may also be made when course(s) are dropped and added after the change of schedule period if the department of the course(s) dropped and added provides written verification to the Office of the Registrar stating that the late schedule change was required or recommended by the department.

Admission Application Fees

Non-refundable admission application fee is required of all first-time applicants*	
Graduate degree-seeking students	\$ 60.00
International students (undergraduate level)	\$ 50.00
International students (graduate level)	\$ 60.00

*The application fee will not apply toward payment of the Required Student Fees. A student's application fee may, in certain circumstances, be transferrable to another semester should the student not enroll for the initial semester of application. The determination on transferability of the fee will be made by the administering office (Admissions, Graduate College, or International Services).

Students applying for admission as non-degree seeking students are not assessed the application fee. Such students will be assessed the fee should they apply for regular admission as indicated above.

In hardship cases, the Office of Admissions is authorized to waive the admission application fee for undergraduate, degree-seeking applicants. Waivers may be granted to students who submit either (1) a properly signed National Association for College Admission Counseling Fee waiver form; (2) a signed ACT Request for Waiver of College Admission Application Fee form; or, (3) a signed College Board College Application Fee Waiver form.

The application fee is waived for students who apply to transfer from the West Plains Campus to the Springfield Campus and who paid the West Plains campus application fee.

Enrollment Deposit

First-time, domestic admitted students who have fewer than 24 transferable credit hours earned **AFTER** high school graduation are required to pay a \$150.00 enrollment deposit. Payment of the enrollment deposit serves as the student's official acceptance of their offer of admission and qualifies the student to register for a required Student Orientation, Advisement, and Registration (SOAR) program. The enrollment deposit is refundable for students admitted for the summer or fall semesters if paid on or before May 1 and is refundable for students admitted for spring semester if paid on or before October 1st.

The enrollment deposit may be deferred for students who demonstrate significant financial need through a process established by the Director of Orientation and Transition Programs. The enrollment deposit is waived for students who are exempt from the SOAR requirement in accordance with the Orientation for Freshmen and Transfer Students policy.

Other fees related to orientation are collected at the time of registration and are noted below.

SOAR family member (per person)	\$ 30.00
Additional overnight accommodations for students (per student, per night)	\$ 25.00

Orientation fees may be deferred for students who demonstrate significant financial need through a process established by the Director of Orientation and Transition Programs.

Prior Learning Assessment and Credit by Examination

A department may choose to assess a nonrefundable fee of \$100.00 to administer an examination/assessment given to determine if academic credit will be awarded. The Office of the Provost will establish procedures for administering this fee.

The Common Fee is used to cover a variety of student and administrative focused activities. To calculate the total Common Fee incurred each semester, multiply the total Common Fee for one (1) hour by the total number or credit hours enrolled for the semester.

Scope of the Required Student Fees Schedules

- All fees assessed must be paid in full by specified fee deadlines; otherwise, a student's future registration is canceled.
- Courses audited are counted in the same way as courses taken for credit in determining fees.
- *The required student fee schedule is subject to revision by the Board of Governors without notice.*

Exceptions to the Required Student Fee Schedule

The Dean of Academic Affairs has the authority to approve exceptions to the above required student fee schedule for courses for which the fees must be negotiated with outside agencies.

Supplemental Course Fees

Supplemental course fees may be assessed on individual courses to cover the cost of specialized supplies, equipment or services for instruction purposes that are provided by the University to all students enrolled in the course and are in addition to routine instructional expenses. The listing of supplemental course fees in Appendix B will be identified in the catalog and class schedule and will be assessed at the time of registration.

There may be additional supplemental course fees needed during the year for selected courses. For such courses, the Chancellor of the West Plains Campus shall be authorized to recommend supplemental course fees. Supplemental fees recommended will be presented to the President for approval and reported to the Board of Governors at the next meeting of the Board.

International transcripts cost is \$47.50/transcript. The actual cost to the University will be charged for enrollment verifications, and other documents sent via express or overnight mail outside the continental United States. Third-party transcripts will be charged \$12.00 per transcript.

International Programs Academic Experience Fee

An International Programs Academic Fee (IPAEF) must be paid by individuals traveling with an international Education Abroad program and/or participating in an international academic experience. West Plains students participating in a West Plains short-term faculty-directed program will pay a \$50.00 fee. All students participating in an international Education Abroad program or international academic experience are required to carry University-approved health insurance that includes emergency medical, political, or natural disaster evacuation, as well as repatriation of remains. The cost of insurance is included in the International Programs Academic Experience Fee. This fee is non-refundable.

Refunds for Classes with a term* of 19 days or less (including Intercession)

The refund for courses with a term* of 19 days or less (including Intercession) is 100% if the class is dropped by the end of the first day of the term. After the first day of the term, refunds are made on the basis of the number of days in the term per the following schedule:				
Number of Days in Term	100%	75%	50%	25%
1	Prior to day 1	n/a	n/a	n/a
2	1	n/a	n/a	n/a
3	1	2	n/a	n/a
4	1	2	n/a	3
5	1	2	3	4
6	1	2	3	4
7	1	2	3	4

9	1	2	3	5
10	1	2	3	5

18	1	3	5	10
19	1	3	5	10

Refunds for Classes with a term* of 20 days or more:

The refund for classes with a term* of 20 days or more is 100% if the class is dropped before the end of the second day of the term (even if the class does not meet on the second day of the term). Additional refund periods are proportionate to the refund periods described above for full semester classes. Refund deadlines are calculated as follows:

- 75% refund = 0.133 times the length of term
- 50% refund = 0.267 times the length of term
- 25% refund = 0.533 times the length of term

Standard rounding rules apply (e.g., the 75% refund deadline for a 25-day term is 0.133×25 or 3.325, which will be rounded down to day 3; the 50% refund deadline for a 25-day term is 0.267×25 or 6.675, which will be rounded up to day 7). The Office of the Registrar maintains refund deadline dates for each class length.

*For classes that are not full semester classes, refunds are based on the 'length of term.' For those classes, the 'term' begins with the start date of the class and ends with the end date. The length of term is the number of days in that period, including the start and end date but excluding weekend and holidays when classes are not in session.

Student Services Fee Refunds

If a student drops during the 100% refund period for tuition (as indicated above), then 100% of the Common Fee will be refunded. No refund of the Common Fee will be issued for students who drop after the 100% refund period, unless officially approved through the Refund Exception Appeal Committee.

Supplemental Course Fee Refunds

If a student drops a course(s) during the 100% refund period for tuition (as indicated above), then 100% of supplemental fees for the course(s) being dropped will be refunded (with the exception of fees that have already been expended on the part of the student, or an access code that has been opened). No refund of supplemental or section fees is issued for students who drop a course(s) after the 100% refund period, or for an access code that has been opened/used that was purchased through use of a supplemental course fee.

Refunds for Recipients of Federal Aid

For students who are recipients of Federal Title IV student aid, refunds will be made in accordance with all applicable federal regulations.

Refunds for Non-Attendance

Students will be administratively withdrawn for the following circumstances:

- Reported as Never Attended by the
 - 10th class day of the 16-week or longer term
 - 7th class day of the 8-week term
 - 4th class day of the 5-week and 4-week term
 - 2nd class day of a 2-week or less term
- Determined to have enrolled in a course without the appropriate pre-requisite course
- Are academically suspended and have not been reinstated through the academic appeal process

Students who are administratively withdrawn will have their schedule removed and tuition and fees will be refunded at 100%. However, non-tuition related charges will continue to be the responsibility of the student.

Changes of Schedule

Students who drop courses during the change of schedule period will receive a credit on their account in accordance with the Required Student Fees Refund Schedule (see Required Student Fees Refund Schedules). Because courses are not supposed to be added after the change of schedule period, dropped courses, and added courses (including section changes), **will result** in an additional financial obligation for the student. Exceptions may be granted when the department of the course(s) dropped and added provides written verification to the Office of Academic Affairs stating that the late schedule change was required or recommended by the department. Courses may be added during the change of schedule period. Additional cost of courses added must be paid at the time the change of schedule is processed, or the student must be completely enrolled in the My Payment Plan.

Exceptions to the Withdrawal and Change of Schedule Fee Refund Policy

Exceptions to the withdrawal and change of schedule fee refund policy must be approved by the registration and records office. Appeals must be submitted within one month of the date of the withdrawal or change of schedule and should be accompanied by appropriate supporting documentation. The Refund Exception Appeal Request form can be found at <https://wp.missouristate.edu/recreg/forms.htm>.

Missouri State University-West Plains will make the following efforts to identify students who are registered but not attending classes:

- Attendance tracking – Instructors will monitor class rosters. After the allotted time for attendance to be reported, instructors will report students who meet the following conditions:
 - o A student is attending class but not on their class roster.
 - o A student is listed on the class roster but not attending class.
- If a student is attending but is not registered, the registration and records office notifies the student via University email and requests he/she contact the office immediately to resolve the situation. Students registered but not attending classes will be withdrawn from all classes or dropped from the class they are not attending.
