

Magers Health and Wellness Center

Live Well.
Be Well.
Bear Well.

Overview

The Magers Health and Wellness Center is the medical home for Missouri State University's community. To ensure the highest standards, we are accredited by the Accreditation Association for Ambulatory Health Care (AAAHC). Magers Health Center offers affordable, high-quality medical and preventative care for students, faculty, staff, retirees, and their dependents. We have a team of board-certified physicians, nurse practitioners, physician assistants, and other specialty care providers, pharmacist, nurses, and health professionals that provide comprehensive care and wellness services.

Before the Visit: What Students Need to Know

- All students are encouraged to pre-schedule their appointments by phone.
- Students 18+ schedules their own appointments.
- Bring a copy of their most current health and pharmacy insurance card or they can email the information.
- Magers Health courtesy files with most major insurance carriers (except Medicaid and Tri-Care) if there is a charge. Any payments received will be applied to their university account. Remaining balance is the patient's responsibility.
- Medical and Pharmacy services can be paid day of service OR deferred to the student university account. Students paying day of service will need to notify the provider at that time. We are a cashless system.
- If using a Health Savings Account (HSA or FSA) to pay their charges, they must present the physical card the day of service.
- Release of information for medical and billing is completed as needed.

Bears PULSE Educators are trained student leaders (next year certified through NASPA 🧑🏻) who keep campus wellness real and relatable. They host events, programs, peer-to-peer conversations, and share info on AOD, Safe Campus Initiatives, Nutrition and Fitness, Belonging and Connection, Healthy relationships, and more. Just support and looking out for each other.

NASPA stands for the **National Association of Student Personnel Administrators**. It's a professional organization focused on college student affairs and student success. Basically, NASPA helps train and support people who work in higher ed—especially in areas like student wellness, leadership, and campus life.
