¹ This is at the College Council review stage, so it will not show up as ready for CGEIP until that has been completed (with the CCs meeting the day before our meeting). However, it is important to address these at our meeting so that they can go to Senate and, if approved at each step, be available this fall. To access this:: MyMissouriState → Work Resources → (on left) Academic/Curricular Proposals/Curricular Action Forms and Workflow → (right below View Existing Proposals) Filter List of Proposals: → Filter by Department (Select Biomedical Science) and Filter for Proposal Type (select Change Course).
