c. BGS Admissions Committee Year-end Report: It was stated that students who enter with 75-90 hours are also required to meet with an advisor from the area of study. This is to assist them in exploring options. The process was then discussed. Having advisees go to the Career Center was also discussed. This will happen beginning in the fall 2016 semester. Adding wording to the website in regard to the process of being admitted into the BGS program could take several months, was suggested. There will be a reception for the graduates from the program. The report will be presented to Faculty

Senate in the May meeting. Jack Llewellyn will be the one to present the report. Josh Smith moved to accept; Joe Hughes seconded. All approved; motion carried.

- d. **General Education Update:** Josh Smith gave some gen ed updates. He presented the new gen ed form and visual diagram. He informed the committee that the SOC 152 wasn't officially added yet. Members were asked not to officially use the form until SOC 152 could be officially added. It was questioned if the registrar's office could change the audit to reflect the order. Josh will check; the catalog and degree audit should be in the same order.

Josh also gave a review of the new website. It is now mobile friendly with fewer items per page. Discussion continued over the new website. Josh asked that committee members view the new website and report to him any errors they may find.

- e. **Other**

Josh Smith stated that May 4 is the All Faculty Reception which would be held during the regularly scheduled CGEIP meeting. It was questioned if there would be any curricular business that the members going off the committee would need to do. The minutes would need to be approved by someone on the old committee. However, both sets of committee members need to be there and there needs to be a quorum. Joe Hughes moved to move the meeting to the following Wednesday to avoid the conflict at the same time. Josh Smith seconded the motion. All approved; motion carried. The BGS subcommittee will then meet immediately after the meeting on May 11, 2016 at 3:30.

Keri Franklin was unable to come and will be sending information via email.
