2) Discussion Items

- College Grad Salaries

- Covid – Your Insights
Why is the student population only at 30% vaccinated? Might be a situation that we are still getting data, but not sure. Not seeing an issue in the classroom, but a little worried about large groups outside without masks. Faculty don’t like it, but would rather wear the mask vs. going back to virtual.
- Class Time Schedule
The Provost shared a Fall/Spring Standard Start Time chart as well as a Summer Start time chart. There is a Non-Standard Day/Time Permission form that comes through the Dean and then the Provost. Need to put this out on web since it has been taken down previously.

- Low Success Courses – a retention and graduation concern
 - See attached RFT of 2019-2020
 - What help is needed?
Utilize student mentors move effectively to get DFW rates down. Course redesign or how a student is responding. CNAS providing to Bear Claw and something from the Provost office can't hurt. One or two over the next couple of years. Provost will put some money in this. Will put guidelines together and distribute to Deans.
- Enrollment Drill-down Demonstration (Michelle)
 - Dashboard in Preparation
 - Information for the data interested
