## Curricular Work Group

**Purpose:** The Curricular Work Group will clarify the top issues related to the curricular change process and then recommend remedies to whomever is responsible for providing these adjustments. These remedies might include:

- Changes to the online curricular change process. If these changes require faculty approval then the Faculty Senate will provide such oversight and potential approval.
- Training for faculty who use the online curricular change system. This “training” might be information boxes within the system and/or instructional videos.
- Staffing adjustments. This might require the creation of a new staff position or realignment of existing staff and responsibilities.

*Materials to use:*

Lists of curricular issues generated by various persons and offices.

**Membership:** The Chair of Faculty Senate will serve as Chair of this work group. Additional members will include staff with expertise in the curricular process and the Past Chair and Chair-elect of Faculty Senate, as well as the Secretary of the Faculty.

## **COMMITTEE ON UNIVERSITY BUDGET & PRIORITIES**

**Purpose:** Shall help ensure that the university's budget reflects its priority of high-quality academics. Logically, this includes ensuring that the faculty are paid competitive salaries and that faculty hiring keeps pace with enrollments.

Shall every year produce a report card to be presented to the Senate, posted on the Senate's website, and sent to all faculty. The report card should summarize pertinent data including faculty salaries compared to CUPA averages and medians. The report card should note recent and long-run trends with respect to ranked and unranked faculty and staff salaries. The report card should also summarize the number of equity adjustments given in the previous year, by count and by total value, for faculty, staff and administrators, respectively. The data for the report card should reflect data published by the administration in, for example, budgets and budget requests, Human Resources' salary surveys, and the Key Performance Indicators. The presentation to the Faculty Senate should occur in the fall, preferably during the October meeting.

Shall every year oversee the update of the Institutional Research personnel database to maintain consistency with the previous years' format. Annually, an abbreviated report of personnel proportions will be presented to the Faculty Senate, preferably during the March meeting. This abbreviated report will identify and describe the student-personnel ratios for the most recent update to the Institutional Research personnel database.

Every fifth year, beginning in 2020-21, a comprehensive report of personnel hiring trends across the Missouri State University system will be presented before the Faculty Senate during the April meeting. This comprehensive report will follow the format of the 2017-18 ad hoc Committee on Personnel Hiring Trends including data analysis which identifies and describes the absolute and relative growth/decline in personnel categories, the current and historic proportions of the personnel categories within the entire personnel of the university, and the trends in student-personnel ratios for the personnel categories used in the database.

Should assist appropriate university bodies in identifying and articulating Faculty Senate concerns about budgeting and planning priorities, and should help with monitoring and reporting progress, or the lack of progress, towards goals reflecting these priorities.

Shall every year report on student credit hour (SCH) production and ranked and unranked faculty utilization, as reflected in review the Faculty Descriptors and Productivity Comparison Summary. The committee's report should summarize recent and long-run trends. The university report is completed in late fall, thus, the presentation to the Faculty Senate should occur in the early spring, preferably January.

Shall examine all proposals for intercollegiate programs, general education courses or other major initiatives with possible budgetary implications before the Faculty Senate and report to the Chair of the Faculty Senate the examination results prior to the proposals being voted on.

**Membership:** The Committee on University Budget & Priorities of the Faculty Senate shall consist of representatives from each college and additional representatives as defined in <http://www.missouristate.edu/facultysenate/entities.htm>. A ranked faculty member shall be elected by his or her respective college councils, based on a nomination from each academic department within that college, at the earliest possible session of the college council in the spring semester, and serve a three-year term. A committee member may be elected to more than one three-year term. Membership shall be staggered. Any unforeseen vacancy on the committee shall be filled by the same election process; such election shall occur at the earliest possible session of the appropriate council following the vacancy. In addition to faculty members, one institutional research staff member and the university chief financial officer (CFO) will be *ex officio* members of the committee to help provide technical support and advice to help the committee produce the Hiring Trend report. The Chair-Elect of the Faculty Senate shall call the organizational session of the committee within seven (7) school days after the first Fall Faculty Senate session and preside until the membership has elected a chair who shall serve a one-year term and may be reelected for succeeding terms.

## EDUCATOR PREPARATION PROVIDER COUNCIL

**Purpose:** The primary purpose of the EPPC is to review courses and programs and to define those policies and procedures that ensure educator preparation programs at Missouri State University (MSU) meet state and national guidelines for preparing qualified school personnel. The EPPC represents the EPP (Educator Preparation Provider) as a governing body that is part of the Faculty Senate. Missouri State University is organized such that educator preparation programs are offered in each of the six academic colleges. The EPP was established to encompass all educator preparation certification programs across the various colleges.

### Membership:

- A An EPPC member who represents the faculty must be a member of the EPP. Faculty/staff who teach one or more EPP courses, advise or supervise educator preparation students, or administer educator preparation academic departments/units\* or colleges must be members of the EPP.

(\*The term “unit” here refers to any group of faculty members who collectively controls the curriculum of one or more academic programs and resides outside of the administrative structure of any single academic department. The only educator preparation entity that fits this description is the MSED-Secondary Oversight Committee. If additional educator preparation units are formed which fit this description, they shall receive voting membership on the EPPC automatically without additional amendment to the Bylaws. The BSED-Secondary Oversight Committee does not fit this description because each of the BSED-Secondary programs is controlled by its respective department.)

All faculty serving on EPPC must meet all Council for the Accreditation of Educator Preparation (CAEP) and Department of Elementary and Secondary Education (DESE) accreditation standards regarding members of the EPP. These standards include being actively involved in teacher education and having a five-year plan on file in the respective academic department and the EPP. This five-year plan must detail the faculty member’s direct and periodic involvement with the public schools.

- B 1 The EPPC shall include at least one EPP faculty member from each academic department, and from each entity so identified in <http://www.missouristate.edu/facultysenate/entities.htm>, that has one or more education programs. All departments are required to have at least one representative. Departments with more than 250 combined graduate and undergraduate teacher education majors have the option of electing one representative per 250 majors in teacher education. If an academic department or entity so identified in <http://www.missouristate.edu/facultysenate/entities.htm> has three or fewer EPP faculty members, then its head may serve as an *ex officio* EPPC member without voting privileges.
- 2 Eligible members from the faculty shall be elected for a two-year term and shall be eligible to serve two consecutive terms but following the second term shall not be eligible to serve until after the lapse of an intervening year. Exception to this rule: A person elected chair-elect during the fourth consecutive year as a EPPC member may serve a fifth year as chair-elect and a sixth year as chair. Upon completion of a term as chair, that person will not be eligible to serve on the EPPC until after the lapse of an intervening year. A second exception shall be those academic departments in which only one or two faculty meet EPPC membership requirements. These faculty may be reelected without limit.
- C Three school teachers (elementary, secondary, K12) from the community and one full-time school administrator from the community shall be elected to the EPPC by the EPPC and shall be eligible to serve two consecutive terms of two years each, but following the second term shall not be eligible to serve until after the lapse of an intervening year. These members shall be full voting members except they shall be excluded from discussions and decisions regarding confidential personnel matters.

- D Membership shall also include two Missouri State University undergraduate students and two Missouri State University graduate students. Student members shall serve a term of two years as full voting members. They shall be excluded from discussions and decisions regarding confidential personnel matters.
- E The Head of the EPP and the Secretary of the Faculty shall be *ex officio* members to the EPPC without voting privileges. The administrator responsible for DESE and CAEP accreditation process shall also serve as *ex officio* member to the EPPC without voting privileges.

## FACULTY SENATE

**Purpose:** Actions, as perfected and passed by the Faculty Senate, represent the collective reasoning of the Faculty through its governance process as to policies and procedures to be followed by the University and are communicated to the University Administration for approval and implementation. Resolutions passed by the Faculty Senate state the collective reasoning of the Faculty Senate on specific issues and shall be forwarded for information to the appropriate Administrators.

**Membership:** There are two classes of membership in the Faculty Senate: voting members (designated as senators) and non-voting members (designated as delegates). The voting membership of the Faculty Senate shall consist of the following senators: the Chair of the Senate; the Chair-Elect of the Senate; the Secretary of the Faculty; representatives of academic departments, one senator from each academic department; one representative from the instructors; one from clinical faculty; and representatives of the ranked faculty, one senator from each rank: (a) assistant professor, (b) associate professor, (c) full or distinguished professor. Eligible department representatives include all ranked faculty, as well as those instructors and clinical faculty who have served no less than two consecutive academic years at Missouri State University by the September session of their term. Ranked faculty refers to tenure-track/tenured Assistant Professor, Associate Professor, or Professor or Distinguished Professor. ## UNIVERSITY HEARING COMMITTEE

**Purpose:** As described in Faculty Handbook policy 12.3, the Academic Personnel Review Commission (APRC) serves as a neutral body in facilitating the resolution of University-related grievances filed by a faculty member. To help complete this work, the APRC may empanel a University Hearing Panel (UHP) from the University Hearing Committee (UHC). The UHC is a committee of thirty tenured, ranked faculty members elected by the Faculty Senate to serve 3-year terms (see Faculty Handbook policy 12.4.1.1). The UHP (see Faculty Handbook policy 12.4.1.2) is a panel of 5 members selected by the Faculty Senate from the UHC
