

2021-2022 TEACH Grant Application

General Information

The Federal Teacher Education Assistance for College and Higher Education (TEACH) Grant is intended for students who are studying to become highly-qualified teachers in a high-need field. Recipients must complete four years of qualified teaching service at a low-income school within the first eight years after completing or withdrawing from their degree. Failure to meet this or any other requirement of the TEACH Grant will result in the grant converting into a Federal Direct Unsubsidized Stafford Loan, with interest assessed from the first disbursement date.

TEACH Grant-Eligible Degree

Award Amount

The amount students receive depends on their enrollment status each semester. The total grant they receive cannot exceed 4 full years of grant funds for undergraduates and 2 full years for graduate students.
