**BE IT RESOLVED BY THE BOARD OF GOVERNORS OF MISSOURI STATE UNIVERSITY AS FOLLOWS:**

The Board of Governors adopts the following fee schedule for the Springfield Campus, effective July 1, 2019 subject to the following:

Should the Governor of the State of Missouri approve a Truly Agreed and Finally Passed FY2020 ongoing base operating appropriation for Missouri State University System greater than \$84,001,060 and there are no appropriation withholdings other than the traditional 3% withholding, the Missouri State University Board of Governors will consider a Fee Schedule amendment to reduce the increase in the undergraduate Missouri resident regular instruction credit hour cost.

**Delegation of Responsibility**

The Board of Governors delegates the responsibility for negotiating charges for on- and off- campus use of the Plaster Student Union, Juanita K. Hammons Hall for the Performing Arts, JQH Arena, Hammons Student Center, Plaster Sports Complex, Bill R. Foster and Family Recreation Center and other University facilities to the Vice President with administrative responsibility for each facility.

**BE IT FURTHER RESOLVED**, understanding that unanticipated circumstances may require immediate action, and to be able to respond efficiently as necessary in the judgment of the President, that the President of the University is hereby authorized to establish and implement additional fees, or make appropriate modifications to the fees as set forth here, except for "Required Student Fees," and that such fees will be immediately effective upon action by the President, but will be reported to the Board at the next meeting of the Board by either the President or the Chief Financial Officer.

**BE IT FURTHER RESOLVED** that previous actions by the Board of Governors covered in this schedule of student fees and deposits be modified accordingly, the Board of Governors reserves its discretion to further modify fees and charges as it determines necessary and appropriate.

**Refunds for Classes with a term\* of 19 days or less (including Intersession)**

The refund for courses with a term\* of 19 days or less (including Intersession) is 100% if the class is dropped by the end of the first day of the term, except if the term is a one day term. After the first day of the term, refunds are made on the basis of the number of days in the term per the following schedule:

Number of Days in Term	100%	75%	50%	25%
1	Prior to day 1	n/a	n/a	n/a
2	1	n/a	n/a	n/a
3	1	2	n/a	n/a
4	1	2	n/a	3
5	1	2	3	4
6	1	2	3	4
7	1	2	3	4

9	1	2	3	5
10	1	2	3	5

14	1	2	4	8
15	1	2	4	8
16	1	2	5	9
17	1	3	5	9
18	1	3	5	10
19	1	3	5	10

**Refunds for Classes with a term\* of 20 days or more (except for standard sessions listed above):**

The refund for classes with a term\* of 20 days or more is 100% if the class is dropped before the end of the second day of the term (even if the class does not meet on the second day of the term). Additional refund periods are proportionate to the refund periods described above for full semester classes. Refund deadlines are calculated as follows:

- 75% refund = 0.133 times the length of term
- 50% refund = 0.267 times the length of term
- 25% refund = 0.533 times the length of term

Standard rounding rules apply (e.g., the 75% refund deadline for a 25-day term is  $0.133 \times 25$  or 3.325, which will be rounded down to day 3; the 50% refund deadline for a 25-day term is  $0.267 \times 25$  or 6.675, which will be rounded up to day 7). The Office of the Registrar maintains refund deadline dates for each class length.

\*For classes that are not full semester or block classes, refunds are based on the 'length of term.' For those classes, the 'term' begins with the start date of the class and ends with the end date. The length of term is the number of days in that period, including the start and end date but excluding weekends and holidays when classes are not in session.

**Refunds for Dual Credit Classes**

If a student drops or withdraws from a full-year, fall, or spring dual credit class the refund shall be as follows:	
On or before Friday of the fifth week of the semester	100%
Between Friday of the fifth week and Friday of the ninth week of the semester	50%
After the Friday of the ninth week of the semester	No refund

### **Student Services Fee Refunds**

One hundred percent (100%) of Student Services Fees will be refunded for full semester, first block and second block classes dropped on or before the fifth day of the semester; for classes with a duration of 19 days or less dropped on or before the first day of the term; for classes with a duration of 20 days or more (but not first block, second block or full semester) dropped on or before the second day of the term.

For classes dropped outside the above deadlines, student services fees are recalculated based on the credit hours in which a student remains, plus the percentage of the dropped credit hours for which the student remains liable (liability is based on the tuition refund percentage period in place at the time of the drop).

Example 1: Student originally enrolls for the fall semester in 12 on-campus credit hours and is assessed full student services fees (i.e., the amount for seven or more credit hours). During the 50% refund period, the student drops six credit hours. The amount that the student owes following the drop is recalculated to include the six remaining credits plus 50% of the six credit hours dropped (or three credit hours), which totals nine liable credit hours. In this example, there is no change in student services fees.

Example 2: Student originally enrolls in six on-campus credit hours and is assessed student services fees for those credit hours. During the 25% refund period, the student drops three credit hours. The amount the student owes following the drop is recalculated to include the three remaining credits plus 75% of the three dropped credit hours (2.25), which totals 5.25 liable credit hours. Student services fees will be assessed based on six liable credit hours (credit hours are rounded up).

Example 3: Student originally enrolls in 12 on-campus credit hours and is assessed full student service fees (i.e., the amount for seven or more credit hours). During the 75% refund period, the same student drops all 12 credit hours. Student services fees are recalculated to charge for the 25% liability of the 12 credit hours dropped, which is three liable credit hours. Student services fees will be assessed based on three liable credit hours. Thus the student will receive a credit (refund) for the difference between the student services fee for three hours and seven hours.

### **Supplemental Course Fee Refunds**

If a student drops during the 100% refund period for tuition (as indicated above), then 100% of supplemental fees will be refunded (with the exception of fees that have already been expended on the part of the student). No refund of supplemental or section fees is issued for students who drop after the 100% refund period.

### **Refunds for Recipients of Federal Aid**

For students who are recipients of Federal Title IV student aid, refunds will be made in accordance with all applicable federal regulations.

### **Exceptions to the Required Student Fees Refund Policy**

Student-Initiated: Exceptions to the fee refund policy are generally granted only for documented exceptional circumstances that were beyond the control of the student (e.g., medical emergency or death in the immediate family) or when a documented University error has occurred. A change in assessment can only be adjusted or prorated to a refund percentage rate already established in the published University tuition and required fees schedule (100%, 75%, 50%, or 25%). The documented date of the exceptional circumstances and the associated refund percentage will be evaluated when considering prorated or full refunds.

Class(es) must have been dropped/withdrawn from in order to be considered for a refund. If a grade was received (including a failing grade or incomplete grade), a refund appeal cannot be considered. Appeals for a fall semester must be received on or before June 30 of the following year; appeals for

a spring semester must be received on or before November 30 of the same year; appeals for a summer semester must be received on or before February 28 of the following year.

Post-semester refund exceptions may also be considered when a University policy-based grade change is approved by the Scholastic Standards and Revision of Records Committee.

Requests for exceptions to the refund policy must be submitted to the Office of the Registrar and must be accompanied by appropriate supporting documentation. Requests for exceptions to the refund policy will be considered by the Refund Exception Committee. The Refund/Credit Appeal form and more information concerning the appeal process can be found on the Office of the Registrar’s website.

The University will consider requests for full refunds of tuition and fees based on non-attendance, if it is determined that a student:

- Did not attend any classes during the semester;
- Did not live any length of time in University student housing;
- Did not have other campus charges on their accounts;
- Did not have any financial aid returned causing the returned aid to be placed on the student’s account;
- Was assigned a “W” grade in all classes for the semester either by withdrawing from all classes by the last day to drop as indicated on the academic calendar or through a successful grade appeal to the Scholastic Standards and Revision of Records Committee;
- Submitted a refund appeal to the Office of the Registrar by the deadlines indicated above; and,
- Has not been given a full refund for non-attendance for a previous semester.

Department-Initiated: Exceptions may also be made when course(s) are dropped and added after the change of schedule period if the department of the course(s) dropped and added provides written verification to the Office of the Registrar stating that the late schedule change was required or recommended by the department.

**Admission Application Fees**

Non-refundable admission application fee is required of all first-time applicants*	
Undergraduate degree-seeking students	\$ 35.00
Graduate degree-seeking students	\$ 55.00
International students (undergraduate level)	\$ 50.00
International students (graduate level)	\$ 55.00

\*The application fee will not apply toward payment of the Required Student Fees. A student’s application fee may, in certain circumstances, be transferrable to another semester should the student not enroll for the initial semester of application. The determination on transferability of the fee will be made by the administering office (Admissions, Graduate College, or International Services).

Students applying for admission as non-degree seeking students are not assessed the application fee. Such students will be assessed the fee should they apply for regular admission as indicated above.

In hardship cases, the Office of Admissions is authorized to waive the admission application fee for undergraduate, degree-seeking applicants. Waivers may be granted to students who submit either (1) a properly signed National Association for College Admission Counseling Fee waiver form; (2) a signed ACT Request for Waiver of College Admission Application Fee form; or, (3) a signed College Board College Application Fee Waiver form.

The application fee is waived for students who apply to transfer from the West Plains Campus to the Springfield Campus and who paid the West Plains campus application fee.

### Confirmation Fee

First-time, domestic students admitted for the fall semester who have fewer than 24 transferable credit hours earned **AFTER** high school graduation are required to pay a \$125.00 confirmation fee. Payment of the confirmation fee serves as the student's official acceptance of their offer of admission and qualifies the student to register for a required Student Orientation, Advisement, and Registration (SOAR) program. The confirmation fee is refundable if paid on or before May 1.

The confirmation fee may be deferred for students who demonstrate significant financial need through a process established by the Director of New Student and Family Programs. The confirmation fee is waived for students who are exempt from the SOAR requirement in accordance with the Orientation for Freshmen and Transfer Students policy.

Other fees related to orientation are collected at the time of registration and are noted below.

Days 7 through 12 of the term	25%
After the 12 <sup>th</sup> day of the term	No refund

**Refunds for Classes with a term\* of 19 days or less (including Intersession)**

The refund for courses with a term\* of 19 days or less (including Intersession) is 100% if the class is dropped by the end of the first day of the term. After the first day of the term, refunds are made on the basis of the number of days in the term per the following schedule:

Number of Days in Term	100%	75%	50%	25%
1	Prior to day 1	n/a	n/a	n/a

16	1	2	5	9
17	1	3	5	9
18	1	3	5	10
19	1	3	5	10

**Refunds for Classes with a term\* of 20 days or more:**

The refund for classes with a term\* of 20 days or more is 100% if the class is dropped before the end of the second day of the term (even if the class does not meet on the second day of the term). Additional refund periods are proportionate to the refund periods described above for full semester classes. Refund deadlines are calculated as follows:

- 75% refund = 0.133 times the length of term
- 50% refund = 0.267 times the length of term
- 25% refund = 0.533 times the length of term

Standard rounding rules apply (e.g., the 75% refund deadline for a 25-day term is  $0.133 \times 25$  or 3.325, which will be rounded down to day 3; the 50% refund deadline for a 25-day term is  $0.267 \times 25$  or 6.675, which will be rounded up to day 7). The Office of the Registrar maintains refund deadline dates for each class length.

\*For classes that are not full semester classes, refunds are based on the 'length of term.' For those classes, the 'term' begins with the start date of the class and ends with the end date. The length of term is the number of days in that period, including the start and end date but excluding weekend and holidays when classes are not in session.

**Student Services Fee Refunds**

If a student drops during the 100% refund period for tuition (as indicated above), then 100% of the Common Fee will be refunded. No refund of the Common Fee will be issued for students who drop after the 100% refund period.

**Supplemental Course Fee Refunds**

If a student drops a course(s) during the 100% refund period for tuition (as indicated above), then 100% of supplemental fees for the course(s) being dropped will be refunded (with the exception of

fees that have already been expended on the part of the student). No refund of supplemental or section fees is issued for students who drop a course(s) after the 100% refund period, or for an access code that has been opened/used that was purchased through use of a supplemental course fee.

### **Refunds for Recipients of Federal Aid**

For students who are recipients of Federal Title IV student aid, refunds will be made in accordance with all applicable federal regulations.

### **Refunds for Non-Attendance**

Students will be administratively withdrawn for the following circumstances:

- Reported as Never Attended by the
  - 10<sup>th</sup> class day of the 16-week or longer term
  - 7<sup>th</sup> class day of the 8-week term
  - 4<sup>th</sup> class day of the 5-week and 4-week term
  - 2<sup>nd</sup> class day of a 2-week or less term
- Determined to have enrolled in a course without the appropriate pre-requisite course
- Are academically suspended and have not been reinstated through the academic appeal process

Students who are administratively withdrawn will have their schedule removed and tuition and fees will be refunded at 100%. However, non-tuition related charges will continue to be the responsibility of the student.

### **Changes of Schedule**

Students who drop courses during the change of schedule period will receive a credit on their account in accordance with the Required Student Fees Refund Schedule (see Required Student Fees Refund Schedules). Because courses are not supposed to be added after the change of schedule period, dropped courses and added courses (including section changes), **will result** in an additional financial obligation for the student. Exceptions may be granted when the department of the course(s) dropped and added provides written verification to the Office of Academic Affairs stating that the late schedule change was required or recommended by the department. Courses may be added during the change of schedule period. Additional cost of courses added must be paid at the time the change of schedule is processed, or the student must be completely enrolled in the My Payment Plan.

### **Exceptions to the Withdrawal and Change of Schedule Fee Refund Policy**

Exceptions to the withdrawal and change of schedule fee refund policy must be approved by the registration and records office. Appeals must be submitted in writing to the registration and records office within one month of the date of the withdrawal or change of schedule and should be accompanied by appropriate supporting documentation.

Missouri State University-West Plains will make the following efforts to identify students who are registered but not attending classes:

- Attendance tracking – Instructors will monitor class rosters. After the first ten days of class, instructors will report students who meet the following conditions:
  - A student is attending class but not on their class roster.
  - A student is listed on the class roster but not attending class.
- If a student is attending but is not registered, the registration and records office notifies the student via University email and requests he/she contact the office immediately to resolve the situation. Students registered but not attending classes will be withdrawn from all classes or dropped from the class they are not attending.
