C. Scope of the Required Student Fees Schedule:

All fees assessed must be paid in full by specified fee deadlines; otherwise a student's registration is canceled. The \$60 required minimum payment is non-refundable. Courses audited count in the same way as courses taken for credit in determining fees. **The required student fee schedule is subject to revision by the Board of Governors without notice.**

D. Exceptions to the Required Student Fee Schedule:

The Provost has the authority to approve exceptions to the above required student fee schedule for courses for which the fees must be negotiated with outside agencies. The Provost or a designee may also specify courses or students for which the student services fee will not be assessed. These will generally be courses for which the students are not required to come to the campus for more than a short period of time.

XVI. Required Student Fees Refund Schedule:

A. Refunds for Full Semester Length Classes (Fall 2008 and Spring 2009):

Students who withdraw from the University or drop a class prior to the ninth week of the semester will receive a partial refund of the Required Student Fees (or a change in their fee assessment if all fees have not been paid) provided the student completes the formal withdrawal or drop process. Students who are enrolled in the Deferred Payment Plan are responsible for any unpaid amount of fees after the refund or re-assessment.

Sixty dollars of each student's Required Student Fees is designated as a non refundable required minimum payment. This \$60.00 is retained by the University if the student withdraws from all courses, but not for students who drop only some of their courses.

The date used in determining the refund of fees shall be the date the student submits an official withdrawal or drop form to the Registration Center or the postmark date of withdrawal requests submitted by mail. If a student withdraws from school or drops a full semester length class prior to the ninth week, the refund shall be as follows:

On or before the second day of the semester	100% of Required Student Fees (less \$60.00 if student withdraws from all courses)
Days 3 through 10 of semester	90% of Required Student Fees (but no more than 100% less \$60.00 if student withdraws from all courses)
Days 11 through 20 of semester	50% of Required Student Fees (but no more than 100% less \$60.00 if student withdraws from all courses)
Days 21 through 40 of semester	25% of Required Student Fees
After the 40th day of semester	No refund

B. Refunds for All Other Class Lengths (including Summer 2009):

Refund periods for classes not scheduled as 16-week full semester are proportionate to the refund periods described above. The Office of the Registrar maintains refund deadline dates for each class length.

C. Refunds for Recipients of Federal Aid:

For students who are recipients of Federal Title IV student aid, refunds will be made in accordance with all applicable federal regulations.

D. Refunds for intersession, short courses and workshops:

The refund for intersession, short courses and workshops is 100% of Required Student Fees (less the required minimum payment of \$60.00 if the student withdraws from all courses) if the class is dropped before the first day of class. Supplemental fees will be refunded at 100% with the exception of fees that have already been expended on behalf of the student.

After the first class meeting, refunds for intersession, short courses and workshops are made on the basis of the number of class meeting days per the following schedule:

* After the last day to drop or withdraw, the student must have the permission of the Provost or Associate Provost to drop the class.

XVII. Changes of Schedule:

- A. Students who drop courses during the change of schedule period will be issued a refund in accordance with the Required Student Fees Refund Schedule (see Section XV). Routine exceptions are made to the refund schedule for students who drop and then replace those hours with added hours during the change of schedule period only. Such drops are credited at 100% for an even exchange of hours. Because courses are not supposed to be added after the change of schedule period, dropped courses and added courses (including section changes) will not be considered an even exchange and will result in an additional financial obligation for the student. Exceptions may be granted when the department of the course(s) dropped and added provides written verification to the Registration Center stating that the late schedule change was required or recommended by the department.
- B. Courses may be added during the change of schedule period. Additional cost of courses added must be paid at the time the change of schedule is processed or the student must be completely enrolled in the Deferred Payment Plan.

XVIII. Exceptions to the Withdrawal and Change of Schedule Fee Refund Policy:

Exceptions to the withdrawal and change of schedule refund policies must be approved by the Fee Refund Policy Exception Committee. Appeals must be submitted in writing within one month of the date of the withdrawal or change of schedule and should be accompanied by appropriate supporting documentation.

Courses which are offered through the Missouri State University Online Program (Internet-based instruction), administered by the College of Continuing Education and the Extended University, and are self-paced or off-sequence in regard to the regular semester schedule will utilize a special refund schedule adapted to the specific time frames of the individual courses. The College of Continuing Education and the Extended University will maintain a refund schedule and authorize refunds for such courses.

Courses in the Master of Science in Computer Information Systems (MS CIS) Program, which combine an intensive on-campus residency and distance learning in an extended semester format, will utilize a special refund schedule adapted to the specific time frames of the individual courses. The College of Business Administration will maintain the refund schedule and authorize refunds for such courses.

Students who are enrolled in the Deferred Payment Plan are responsible for any unpaid amount of fees after the refund or re-assessment.

The date used in determining the refund of fees shall be the date an official withdrawal or drop form is processed in the Office of Registration and Records.
