## Independent Auditor's Report

Board of Governors  
Missouri State University  
Springfield, Missouri

### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Missouri State University (the "University"), collectively a component unit of the state of Missouri, as of and for the years ended June 30, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Missouri State University Foundation, a discretely presented component unit, were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of Missouri State University as of June 30, 2020 and 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension information and other postemployment benefit information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The accompanying schedule of expenditures of federal awards required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

### *Other Information*

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The Condensed Schedules by Campus listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audits of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2020, on our consideration of Missouri State University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Missouri State University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Missouri State University's internal control over financial reporting and compliance.

**BKD, LLP**

Springfield, Missouri  
November 30, 2020

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Management's Discussion and Analysis**  
**Years Ended June 30, 2020 and 2019**

We are providing Missouri State University's (the "University") discussion and analysis of our financial statements and related notes as of June 30, 2020 and 2019, and for the fiscal years then ended. Three statements are described in the following discussion and analysis: The Statement of Net Position, which presents the assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position of the institution as of the end of the fiscal year; the Statement of Revenues, Expenses, and Changes in Net Position, which reflects revenues and expenses recognized during the fiscal year; and the Statement of Cash Flows, which provides information on all of the cash inflows and outflows for the institution by major category during the fiscal year.

We hope this information will assist you as you seek to understand the University's financial position and operating activities, accomplishments, and challenges. As you read through the next few pages, please review and refer to the Statements of Net Position, Statements of Revenues, Expenses, and Changes in Net Position, and Statements of Cash Flows in addition to the Notes to the Financial Statements that we have described above.

**Overview**

Missouri State University is a comprehensive institution with a Carnegie classification of doctoral/professional offering undergraduate and graduate programs, including the professional doctorate with an enrollment of over 26,000 students. The University educates students to be global citizen scholars committed to the public affairs mission. The University's Mission, Vision, and Values are detailed on the following link:

<https://www.missouristate.edu/about/mission-statement.htm>.

The Missouri State University campuses are structured to address the special needs of the urban and rural populations they serve. Missouri State University-Springfield is a selective-admissions, graduate level teaching and research institution. Missouri State University-West Plains is an open admissions campus serving seven counties in south central Missouri. Missouri State University-Mountain Grove serves Missouri's fruit industry through operation of the State Fruit Experiment Station. The Extended Campus provides anytime, anyplace learning opportunities through telecourses, internet-based instruction, and through its interactive video network (BearNet). The University also operates various other special facilities, such as the Darr Agricultural Center in southwest Springfield, the Jordan Valley Innovation Center in downtown Springfield, the Bull Shoals Field Station near Forsyth, Baker's Acres and Observatory near Marshfield, the Missouri State University Graduate Center in Joplin, and a branch campus at Liaoning Normal University in Dalian, China. In addition, Missouri State has the operations and program offerings of one entire academic department, its Department of Defense and Strategic Studies, located near Washington, D.C., in Fairfax, Virginia.

## **Management's Discussion and Analysis**

This discussion and analysis of the Missouri State University's financial statements provides a comparative overview of the University's financial performance during the years ended June 30, 2020, 2019, and 2018. Since the management's discussion and analysis is designed to focus on current activities, resulting changes, and current known facts, please read it in conjunction with the University's basic financial statements and the footnotes. These financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB) pronouncements.

In 2018, the University adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which was effective for fiscal year 2018 and established standards for the recognition of liabilities, deferred outflows and inflows of resources, and expenses related to postemployment benefit plans other than pensions. Prior year financial statements contained herein have not been restated for the adoption of GASB Statement No. 75 because it was not practical to do so.

### **Statements of Net Position**

The Statement of Net Position presents the financial position of the University at a point in time. The Statement of Net Position has five major components which include 1.) Assets, 2.) Deferred Outflows of Resources, 3.) Liabilities, 4.) Deferred Inflows of Resources, and 5.) Net Position. A description of each component is as follows:

**Assets** – Current assets are those anticipated to be liquidated within one year or less and include items such as cash and cash equivalents, investments, accounts receivable, inventories, loans to students, and prepaid expenses. Noncurrent assets include that portion of accounts receivable, investments, loans to students, and prepaid expenses not expected to liquidate within one year plus capital assets such as buildings, building improvements, infrastructure, equipment, etc.

**Deferred Outflows of Resources** – Deferred outflows of resources are those applicable to a future reporting period and include losses on bond refunding and pension and OPEB items required to be reported under GASB Statement Nos. 68 and 75, respectively.

**Liabilities** – Current liabilities are those anticipated to be recognized within one year or less and include items such as accounts payable and accrued liabilities, accrued compensated absences, unearned revenue, interest payable, student deposits, the current portion of long-term debt, and accrued settlements. Noncurrent liabilities include that portion of accrued liabilities, compensated absences, and long-term debt that are not due within one year.

**Deferred Inflows of Resources** – Deferred inflows of resources are those applicable to a future reporting period and include pension and OPEB items required to be reported under GASB Statement Nos. 68 and 75, respectively.

**Net Position** – Net Position represents University total assets and deferred outflows of resources less total liabilities and deferred inflows of resources. Net Position are classified in three major categories which include 1.) Net Investment in Capital Assets, 2.) Restricted, and 3.) Unrestricted.

- 1.) Net Investment in Capital Assets represents buildings, building improvements, equipment, etc., that is net of accumulated depreciation and related debt.
- 2.) Restricted Net Position are that whose purpose has been determined by an outside party for a specific use such as scholarships, loans, and capital projects.

- 3.) Unrestricted Net Position represents balances from operational activities that have not been restricted by parties external to the University. This includes funds that have been designated for specific purposes as well as amounts that have been contractually committed for goods and services not yet received.

A summary of the University's assets, deferred outflows, liabilities, deferred inflows, and net position at June 30, 2020, 2019, and 2018:

**Statements of Net Position**  
**As of June 30, 2020, 2019, and 2018**  
(In Millions)

	<u>June 30, 2020</u>	<u>June 30, 2019</u>	<u>June 30, 2018</u>
<b>Current Assets</b>	\$ 220.9	\$ 134.3	\$ 86.6
<b>Noncurrent Assets</b>	563.9	656.0	668.8
<b>Deferred Outflows of Resources</b>	<u>61.2</u>	<u>80.5</u>	<u>91.9</u>
<b>Total Assets and Deferred Outflows of Resources</b>	<u>846.0</u>	<u>870.8</u>	<u>847.3</u>
<b>Current Liabilities</b>	60.6	63.1	60.8
<b>Noncurrent Liabilities</b>	491.3	472.7	438.9
<b>Deferred Inflows of Resources</b>	<u>4.9</u>	<u>7.6</u>	<u>5.2</u>
<b>Total Liabilities and Deferred Inflows of Resources</b>	<u>556.8</u>	<u>543.4</u>	<u>504.9</u>
<b>Net Position</b>			
Net investment in capital assets	382.2	378.1	382.6
Restricted	15.2	21.7	15.9
Unrestricted	<u>(108.2)</u>	<u>(72.4)</u>	<u>(56.1)</u>
<b>Total Net Position</b>	<u>\$ 289.2</u>	<u>\$ 327.4</u>	<u>\$ 342.4</u>

**Comparative Analysis of Fiscal Years 2020, 2019, and 2018**

**Current Assets** – Current assets for Fiscal Year 2020 totaled \$220.9 million which is an increase of \$86.6 million from Fiscal Year 2019. The increase is preliminarily the result of increased cash, restricted short-term investments due to a favorable depository rate. Current assets for Fiscal Year 2019 totaled \$134.3 million which is an increase of \$47.7 million from Fiscal Year 2018. The increase is preliminarily the result of increased cash, restricted short-term investments, and accounts receivable.

**Noncurrent Assets** – Noncurrent assets for Fiscal Year 2020 totaled \$563.9 million which is a decrease of \$92.1 million from Fiscal Year 2019. The decrease is the result of reduced long-term investments. Noncurrent assets for Fiscal Year 2019 totaled \$656.0 million which is a decrease of \$12.8 million from Fiscal Year 2018 noncurrent assets. The decrease is the result of restricted long-term investments now classified as short-term and increased net capital assets.

**Deferred Outflows of Resources** – Deferred outflows of resources for Fiscal Year 2020 totaled \$61.2 million which is a decrease of \$19.3 million from Fiscal Year 2019 deferred outflows of resources. The decrease is primarily the result of GASB 68 in the amount of \$20.1 million. Deferred outflows of resources for Fiscal Year 2019 totaled \$80.5 million which is a decrease of \$11.4 million from Fiscal Year 2018 deferred outflows of resources. The decrease is the result of GASB 68 in the amount of \$11.0 million.

**Current Liabilities** – Current liabilities for Fiscal Year 2020 totaled \$60.6 million which is a decrease of \$2.5 million from Fiscal Year 2019 current liabilities. This decrease is primarily attributable to a decrease in deferred revenue. Current liabilities for Fiscal Year 2019 totaled \$63.1 million which is an increase of \$2.3 million from Fiscal Year 2018 current liabilities. This increase is primarily attributable to an increase in revenue bonds payable-current and unearned revenue offset by reduced accounts payables.

**Noncurrent Liabilities** – Noncurrent liabilities for Fiscal Year 2020 totaled \$491.3 million which is an increase of \$18.6 million from Fiscal Year 2019 noncurrent liabilities. The increase is primarily the adoption of GASB Statement Nos. 68, 71, and 75 with an increase of the accrued pension liability of \$21.8 million and decreased revenue bonds payable of \$4.6 million. Noncurrent liabilities for Fiscal Year 2019 totaled \$472.7 million which is an increase of \$33.8 million from Fiscal Year 2018 noncurrent liabilities. The increase is primarily the adoption of GASB Statement Nos. 68, 71, and 75 with an increase of the accrued pension liability of \$17.1 million and increased revenue bonds payable of \$16.1 million.

**Deferred Inflows of Resources** – Deferred inflows of resources for Fiscal Year 2020 totaled \$4.9 million, a decrease of \$2.7 million from Fiscal Year 2019. This amount is related to the adoption of GASB Statement Nos. 68, 71, and 75. Deferred inflows of resources for Fiscal Year 2019 totaled \$7.6 million, an increase of \$2.4 million from Fiscal Year 2018. This amount is related to the adoption of GASB Statement Nos. 68, 71, and 75.

**Net Position** – Net Position totaled \$289.2 million for Fiscal Year 2020, \$327.4 million for Fiscal Year 2019, and totaled \$342.4 million for Fiscal Year 2018.

Overall, two significant noncash items have impacted the Fiscal Years 2020, 2019, and 2018 financial results. In order to reflect a comparable comparison of the change in net position on the Statements of Revenues, Expenses, and Changes in Net Position, the following table adjusts for the two items:

**Operating Results**  
**Years Ended June 30, 2020, 2019, and 2018**  
**(In Millions)**

	<b>June 30, 2020</b>	<b>June 30, 2019</b>	<b>June 30, 2018</b>
<b>Decrease in Net Position</b>	\$ (38.2)	\$ (15.0)	\$ (6.9)
<b>Noncash Items Impacting Results</b>			
<b>GASB 68 Unfunded Pension Expense</b>	39.1	30.8	26.5
<b>Depreciation</b>	28.5	28.5	26.9
<b>Other Nonoperating Revenue in</b>			
<b>Accounts Receivables</b>	-	(5.2)	-
<b>Adjusted Increase in Net Position</b>			
<b>for Noncash Expenses</b>	<u>\$ 29.4</u>	<u>\$ 39.1</u>	<u>\$ 46.5</u>

## Statements of Revenues, Expenses, and Changes in Net Position

The Statements of Revenues, Expenses, and Changes in Net Position (SRECNP) present the operating results of the University as a whole. The statements, prepared in accordance with GASB, distinguish revenues and expenses between operating and nonoperating categories and provide a view of the University's operating margin. Comparative summary statements of revenue, expenses, and changes in net position for the years ended June 30, 2020, 2019, and 2018, are as follows:

### Operating Results Years Ended June 30, 2020, 2019, and 2018 (In Millions)

	June 30, 2020	June 30, 2019	June 30, 2018
<b>Operating Revenue</b>			
Tuition and fees	\$ 170.0	\$ 174.1	\$ 170.7
Scholarship allowances	(38.7)	(40.5)	(37.9)
Net tuition and fees	131.3	133.6	132.8
Sales and services	13.3	18.2	16.8
Grants and contracts	42.6	31.4	29.4
Auxiliary enterprises	33.6	39.5	40.2
Other	4.8	4.8	4.3
<b>Total Operating Revenues</b>	225.6	227.5	223.5
<b>Operating Expenses</b>	394.7	376.5	362.2
<b>Operating Loss</b>	(169.1)	(149.0)	(138.7)
<b>Nonoperating Revenue (Expenses)</b>			
State appropriations	79.3	81.5	80.9
Federal grants and contracts	39.7	31.9	32.6
Loss on disposal/impairment of fixed assets	-	-	(0.7)
Other nonoperating expenses and losses	0.1	7.4	(2.2)
Gifts	6.9	9.3	8.8
Investment income	5.6	6.7	0.9
Interest on capital asset – related debt	(7.3)	(6.5)	(4.7)
<b>Net Nonoperating Revenues</b>	124.3	130.3	115.6
<b>Capital Grants, Gifts, and Appropriations</b>	6.6	3.7	16.2
<b>Increase in Net Position</b>	(38.2)	(15.0)	(6.9)
<b>Net Position, Beginning of Year, as Previously Reported</b>	327.4	342.4	356.0
<b>Cumulative Effect of Change in Accounting Principle (GASB 75) (2018)</b>	-	-	(6.7)
<b>Net Position, Beginning of Year, as Restated for GASB 75 (2018)</b>	327.4	342.4	349.3
<b>Net Position, End of Year</b>	\$ 289.2	\$ 327.4	\$ 342.4

## Comparative Analysis of Fiscal Years 2020, 2019, and 2018

**Operating Revenues** – Operating Revenues for Fiscal Year 2020 totaled \$224.6 million which is an increase of \$1.9 million from Fiscal Year 2019 operating revenues. The decrease in operating revenues is caused primarily of increased federal grants offset by lower net tuition and fees and auxiliary enterprise revenue. Operating Revenues for Fiscal Year 2019 totaled \$227.5 million which is an increase of \$4.0 million from Fiscal Year 2018 operating revenues. The increase in operating revenues is caused primarily by tuition and fee rate increases in 2019 offset by lower residence life occupancy.

**Nonoperating Revenues** – Nonoperating Revenues for Fiscal Year 2020 totaled \$124.3 million which is a decrease of \$6.0 million from Fiscal Year 2019 nonoperating revenues. Included in Nonoperating Revenue for Fiscal Year 2020 is \$12.1 million of federal CARES Act grant. Nonoperating Revenues for Fiscal Year 2019 totaled \$130.3 million which is an increase of \$14.7 million from Fiscal Year 2018 nonoperating revenues. State appropriations were \$79.3 million, \$81.5 million, and \$80.9 million for Fiscal Years 2020, 2019, and 2018, respectively.

### Operating Expenses Years Ended June 30, 2020, 2019, and 2018

	June 30, 2020	June 30, 2019	June 30, 2018
Salaries	\$ 155.8	\$ 152.8	\$ 149.3
Benefits	98.0	87.5	81.7
Scholarships and fellowships	38.0	30.4	30.6
Utilities	7.1	7.6	7.5
Supplies and other services	67.3	69.7	66.2
Depreciation	<u>28.5</u>	<u>28.5</u>	<u>26.9</u>
Total	<u>\$ 394.7</u>	<u>\$ 376.5</u>	<u>\$ 362.2</u>

**Operating Expenses** – Operating Expenses for Fiscal Year 2020 totaled \$394.7 million which is an increase of \$18.2 million from Fiscal Year 2019 operating expenses. Operating Expenses for Fiscal Year 2019 totaled \$376.5 million which is an increase of \$14.3 million from Fiscal Year 2018 operating expenses. Included in benefits are the GASB 68 unfunded pension expense of \$39.1 million, \$30.8 million, and \$26.5 million for Fiscal Years 2020, 2019, and 2018, respectively.

### Statements of Cash Flows

The Statements of Cash Flows report the major sources and uses of cash and reveal further information for assessing the University’s ability to meet financial obligations as they become due. Inflows and outflows of cash are summarized by operating, noncapital financing, capital and related financing, and investing activities. Comparative summary statements of cash flows for the years ended June 30, 2020, 2019, and 2018, are as follows:

**Cash Flows**  
**Years Ended June 30, 2020, 2019, and 2018**  
(In Millions)

	<u>June 30, 2020</u>	<u>June 30, 2019</u>	<u>June 30, 2018</u>
<b>Cash Provided By (Used In)</b>			
Operating activities	\$ (102.0)	\$ (81.2)	\$ (79.8)
Noncapital financing activities	126.1	124.9	120.0
Capital and related financing activities	(34.4)	(31.7)	(51.6)
Investing activities	<u>97.2</u>	<u>13.9</u>	<u>(4.2)</u>
<b>Increase (Decrease) in Cash and Cash Equivalents</b>	86.9	25.9	(15.6)
<b>Cash and Cash Equivalents, Beginning of Year</b>	<u>73.4</u>	<u>47.5</u>	<u>63.1</u>
<b>Cash and Cash Equivalents, End of Year</b>	<u>\$ 160.3</u>	<u>\$ 73.4</u>	<u>\$ 47.5</u>

The Statement of Cash Flows shows the sources and uses of University cash. The statement presents a beginning and ending cash balance.

***Debt and Capital Activities***

During Fiscal Year 2020 the University issued \$6.8 million of educational bonds was used to advance refund the 2010 Build America Bonds and issued \$15.9 million of auxiliary enterprise system bonds to advance refund the 2010 Build America Bonds. In addition, the University made the final construction draws of \$4.0 million under the 2018A auxiliary enterprise system bonds for renovations of a residence life building. During Fiscal Year 2019 the University issued \$15.7 million of educational bonds which was used to purchase the Brick City buildings in downtown Springfield which is the home of the art and design department. The facilities were previously leased. In addition, the University made construction draws of \$10.0 million under the 2018A auxiliary enterprise system bonds for renovations of a residence life building. The University also entered into a capitalize lease in the amount of \$1.6 million for the purchase of Steinway pianos. During Fiscal Year 2018 the University issued \$41.2 million of auxiliary enterprise system bonds which \$36.2 million was used to advance refund the 2005 and the majority of the 2014 series bonds.

The following table summarizes the construction in progress and capital assets, net as of June 30, 2020, 2019, and 2018.

**Capital Assets**  
**As of June 30, 2020, 2019, and 2018**  
(In Millions)

	<u>June 30, 2020</u>	<u>June 30, 2019</u>	<u>June 30, 2018</u>
<b>Capital Assets</b>			
Construction in progress	\$ 21.0	\$ 8.7	\$ 29.0
Capital assets, net	542.7	556.0	521.3

On June 30, 2020, the University had 25 construction projects in progress with costs totaling approximately \$21.0 million incurred to date. The project costs budgeted for these projects totals \$37.0 million. These projects are being funded by bond proceeds, pledged gifts, restricted and unrestricted net position, and capital appropriations.

Project Name	Project Budget (Not Capitalized)	Amount Expended (Construction in Progress)	Project Balance

### **Key Events Related to COVID-19**

- The University began monitoring the Coronavirus in early January. The first case of Coronavirus in the United States was reported on January 20 in the state of Washington. On January 29, the University canceled all China travel and advised the campus community to take health precautions to protect themselves and others from the virus.
- On February 26, the University updated the campus community on Coronavirus developments and again urged individuals to take appropriate health precautions. At that time there were 14 confirmed cases in the United States, 12 of which were travel related.
- On March 2, the University initiated its emergency management plan, and the core executive team began regular meetings to analyze current information and develop the University's Coronavirus response.

- On March 13, the University established additional travel restrictions, suspending all University travel that exceeded 150 miles. The University also canceled all events with greater than 250 attendees and established a process to assess risk for events with less than 250 attendees. Subsequently, all campus events were canceled through June 30.
- Spring break March 14-22, 2020 - Extended spring break one additional week as a result of COVID-19 for faculty to have additional time to prepare for alternative methods of course delivery.
- March 30, 2020, all seated classes converted to online/alternative instruction.
- The vast majority of students living on campus moved out of their residence halls in March and April.
- Spring 2020 semester ended as scheduled on May 14, 2020.
- During April, May, and June 2020, the Governor of the State of Missouri withheld a total of \$11.9 million of state appropriations from the University as a result of the impact of COVID-19.
- During April and May 2020, the University system was awarded \$15.5 million of CARES Act funds from the federal Department of Education. Approximately 50 percent of the funds are to be used to provide emergency financial aid grants to students for expenses related to the disruption of campus operations due to Coronavirus including cost of attendance, food, and housing. During the year ended June 30, 2020, approximately \$12.1 million has been disbursed to students, including food and housing refunds.
- The University elected to defer the payment of the employer’s portion of social security taxes from April 2020 through December 31, 2020, as provided under the CARES Act. Payment of the deferred social security tax is due in two equal payments by December 31, 2021, and December 31, 2020. As of June 30, 2020, the deferred amount was \$2.2 million.
- All summer 2020 classes were converted to online/alternative instruction.
- Springfield campus summer 2020 semester enrolled 8,696 students, an increase of 317 from summer 2019.
- During July 2020, the State of Missouri awarded the University system \$11.5 million of funds from the State’s federal CARES Act funds. The State allowed reimbursement of costs related to the disruption from COVID-19.
- The University has been awarded over \$1 million in various county funds related to the federal CARES Act.
- The University modified instruction methods for the fall 2020 semester to allow for more social distancing. The following is a comparison of the instruction method to fall 2019 based upon credit hours:

	<b>Fall 2019</b>	<b>Fall 2020</b>
Traditional Seated	77%	36%
Blended (Seated/Online)	4%	26%
Online	19%	38%
	<u>100%</u>	<u>100%</u>

- Springfield campus fall 2020 semester enrolled 24,163 students, an increase of 37 from fall 2019.
- Held on campus graduation for spring and summer 2020 graduates in October 2020.

**Note 1: Nature of Operations and Summary of Significant Accounting Policies**

***Nature of Institution***

Missouri State University (the “University”) is a state-assisted University with campuses in Springfield and West Plains and locations in Mountain Grove, Missouri, and Dalian, China. A nine-member Board of Governors, appointed by the Governor and confirmed by the Senate of the State of Missouri, governs the University, a component unit of the State of Missouri.

***Component Units***

The Missouri State University Foundation, Inc. (the “Foundation”) is a legally separate, tax-exempt component unit of the University. The Foundation’s primary function is to raise and hold funds to support the University and its programs. The board of the Foundation is self-perpetuating and consists of graduates and friends of the University.

Although the University does not control the timing or amount of receipts from the Foundation, the majority of the Foundation’s resources and related income are restricted by donors for the benefit of the University. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University and is discretely presented in the University’s financial statements.

During the years ended June 30, 2020 and 2019, the Foundation provided \$10,923,172 and \$11,196,112, respectively, of support to the University. Complete financial statements of the Foundation may be obtained from its administrative office at the following address: 901 S. National, Springfield, MO 65897.

The Foundation is a private nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards, including ASC Topic 958, *Not-for-Profit Entities*. As such, certain revenue recognition criteria and presentation features are different from Governmental Accounting Standards Board (GASB) revenue recognition criteria and presentation features. No modifications have been made to the Foundation’s statements in the University’s financial reporting entity for these differences.

The Missouri State University Development Corporation (the “Corporation”) is fully controlled by the University and considered a component unit of the University and is blended in the University’s financial statements.

The purpose of the Corporation is to foster, cooperate, and assist in the physical and functional growth development and advancement of Missouri State University. The Corporation owns four unimproved lots in downtown Springfield with a value of \$1,173,817 and \$1,173,817 as of June 30, 2020 and 2019, respectively.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Basis of Accounting and Presentation***

The financial statements of the University have been prepared on the accrual basis of accounting. Revenues, expenses, gains, losses, assets, liabilities, and deferred inflows and outflows of resources from exchange and exchange-like transactions are recognized when the exchange transaction takes place, while those from government-mandated or voluntary nonexchange transactions (principally federal and state grants and state appropriations) are recognized when all applicable eligibility requirements are met. Internal activity and balances are eliminated in preparation of the financial statements.

Operating revenues and expenses include exchange transactions and program-specific, government-mandated or voluntary nonexchange transactions. Government-mandated or voluntary nonexchange transactions that are not program specific (such as state appropriations), investment income and interest on capital asset-related debt are included in nonoperating revenues and expenses. The University first applies restricted net position when an expense or outlay is incurred for purposes for which both restricted and unrestricted net position are available.

The Foundation applies ASU 2013-06, *Services Received from Personnel of an Affiliate*, which requires recognition of personnel services received from an affiliate for which the Foundation was not charged. The Foundation received contributed personnel services from the University of \$3,121,416 and \$3,008,611 for the years ended June 30, 2020 and 2019, respectively. The contributed personnel services are based on costs incurred and expense recognized by the University. The Foundation receives administrative support outside of personnel services from the University without charge.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred inflows and outflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses, and other changes in net position during the reporting period. Actual results could differ from those estimates.

***Cash Equivalents***

The University and Foundation consider all liquid investments with original maturities of three months or less to be cash equivalents. At June 30, 2020 and 2019, the Foundation's cash equivalents consisted primarily of money market accounts with brokers.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Investments and Investment Income***

Investments in debt securities are carried at fair value. Fair value is determined using quoted market prices. Investments in nonnegotiable certificates of deposit are carried at cost. Investment income consists of interest income and the net change for the year in the fair value of investments carried at fair value.

***Accounts and Notes Receivable***

Student accounts receivable consists of fees charged to students and charges for auxiliary enterprise services provided to students, faculty, and staff. Accounts receivable also include amounts due from the Federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts of \$2,975,310 and \$3,560,738 at June 30, 2020 and 2019, respectively. The University reserves for uncollectible accounts that are at least 90 days past due.

Student accounts receivable are stated at the amount billed to the students less applied scholarships and loan proceeds. The University provides an allowance for doubtful accounts, which is based upon a review of outstanding receivables, historical collection information, and existing economic conditions. All charges are due at the beginning of the semester unless the student is enrolled in the Deferred Payment Plan. Fee payment deadlines vary depending upon when the student registers. If charges are not paid in full by that date, a finance charge is assessed on the remaining balance. Charges that are past due without payments for one year and have had no response to the due diligence process are considered delinquent. Delinquent receivables are written off based on individual credit evaluation and specific circumstances of the student.

Loans receivable consists of amounts due under the Federal Perkins Loan Program and institutional loan programs and are stated at their outstanding principal amount, net of an allowance for doubtful notes. Loans are made to students based on demonstrated financial need for both Perkins and institutional loans and satisfaction of federal eligibility requirements for the Federal Perkins Loan Program. The Perkins Program ended in September 2017. The University has submitted all Perkins loans back to the Department of Education and awaits the final settlement of the returned loans. When the Perkins Loan Program commenced, the University recorded the loans as assets on the books of the University. This was acceptable to record the loans as assets since there was no indication the program would cease. Since the program has ceased and the loans and or cash collections are required to be returned to the Department of Education, the University submitted the loans back to the Department of Education. The University recorded a nonoperating expense in the amounts of \$0 and \$2,173,708 at June 30, 2020 and 2019, respectively, to reflect the expenses of returning all Perkins loans to the Department of Education. All but one loan was accepted by the Department of Education as of June 30, 2020. The loan purchased was included in funds returned to the Department of Education as part of the liquidation of the Federal Perkins Loan Program.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Inventories***

Nonauxiliary inventories consist of supplies for use by the University and merchandise available for sale such as art supplies. These inventories are stated at the lower of cost, determined using the first-in, first-out method or market.

Auxiliary enterprises inventories consist of merchandise available for sale at the bookstore, student union, pharmacy, and recreation facilities. These inventories are stated at the lower of cost, determined using the first-in, first-out method or market.

***Capital Assets***

Capital assets purchased by the University are recorded at cost as the date of acquisition. Building additions and improvements with a cost in excess of \$200,000 are capitalized if the life of the building is extended. Equipment with a cost in excess of \$5,000 with a useful life greater than one year is capitalized. Donated assets are transferred from the Missouri State University Foundation and are recorded at the acquisition value at the date of donation to the Foundation. Infrastructure assets are included in the financial statements and are depreciated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Depreciation is computed using the straight-line method over the estimated useful life of the asset. Assets under capital lease obligations are depreciated over the shorter of the lease term or their respective estimated useful lives. Expenditures for construction in progress are capitalized with depreciation beginning when the project is completed. The following estimated useful lives are being used by the University:

Land improvements	20 years
Buildings and improvements	7 - 40 years
Furniture, fixtures, and equipment	3 - 15 years
Infrastructure	20 years
Library materials	10 years

***Deferred Outflows of Resources***

The University reports the consumption of net position that relates to a future reporting period as deferred outflows of resources in a separate section of its statements of net position.

***Loss on Refinancing***

Losses on refinancing incurred on the bond issues have been deferred and are being amortized over the life of the bonds and are included in deferred outflows of resources.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Foundation Real Estate and Equipment***

Buildings, improvements, and equipment are stated at cost and are depreciated over the estimated useful life of each asset. Annual depreciation is computed using the straight-line method. Real estate and equipment include equipment of \$645,828 in 2020 and 2019, respectively, and tenant remodeling improvements of \$83,695 for each of the years ended June 30, 2020 and 2019, respectively. Real estate and equipment for the years ended June 30, 2020 and 2019, also includes building costs of \$3,661,926 and \$3,513,202 and land of \$135,684 and \$180,167, respectively.

***Foundation Valuation of Gifts and Property***

Gifts of real and personal property are reported at their estimated fair value as of the date the property is received. Fair value is determined either by a staff member of the University with expertise in the valuation of the particular property, or by appropriate documentation furnished by the donor.

***Unearned Revenue***

Unearned revenue includes unearned student fees, advances on program tickets, and unamortized revenue contributions for dining services capital projects.

***Compensated Absences***

It is the University's policy to permit employees to accumulate earned but unused sick and vacation pay benefits using the vesting method. Accrued vacation is the amount earned by all eligible employees through June 30. All eligible employees can accrue an unlimited amount of sick leave. Employees who retire under one of the University's public retirement plans will be paid for 40 percent of any accumulated unused sick leave rounded up or down to the nearest full day (up to a maximum of 48 days) and the remaining unused sick leave will be reported to Missouri State Employees' Retirement System (MOSERS) for inclusion as creditable service in accordance with MOSERS' policies regarding the reporting of unused sick leave. Accrued sick leave is based on a historic factor with these policies taken into consideration.

***Noncurrent Liabilities***

Noncurrent liabilities include (1) principal amounts of revenue bonds payable and capital lease obligations with contractual maturities greater than one year and (2) estimated amounts for accrued compensated absences and other liabilities that will not be paid within the next fiscal year.

***Defined Benefit Pension Plan***

As a component unit of the State of Missouri, the University participates in the Missouri State Employees' Plan (MSEP), a single-employer defined benefit pension plan as defined by GASB Statement No. 68. MSEP is administered by the Missouri State Employee's Retirement System (MOSERS), also a component unit of the State of Missouri. In accordance with the provisions of

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

GASB Statement No. 68, the University accounts for and reports its participation in the single-employer plan as if it was a cost-sharing employer. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of MOSERS and additions to/deductions from MOSERS' fiduciary net position has been determined on the same basis as they are reported by MOSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

***Defined Benefit Other Postemployment Benefit Plan Non-Trusted  
Single-Employer - GASB 75***

The University has a single-employer defined benefit other postemployment benefit (OPEB) plan, providing health insurance to retirees (the "OPEB Plan"). For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

***Deferred Inflows of Resources***

The University reports the acquisition of net position that relates to a future reporting period as deferred inflows of resources in a separate section of its statements of net position.

***Net Position***

Net position of the University is classified in four components on its statement of net position. Net investment in capital assets consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any borrowings used to finance the purchase or construction of those assets. Restricted expendable net position is made up of noncapital assets that must be used for a particular purpose as specified by creditors, grantors, or donors external to the University, including amounts deposited with trustees as required by bond indentures, reduced by the outstanding balances of any related borrowings.

Restricted nonexpendable net position consists of noncapital assets that are required to be maintained in perpetuity as specified by parties external to the University, such as the federal portion of loan funds. Unrestricted net position is the remaining net position that does not meet the definition of net investment in capital assets or restricted.

The Foundation's net assets, which under FASB standards are reported as either with or without donor restrictions based on the presence or absence of donor restrictions, have been presented based on the GASB classifications with like characteristics.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Classification of Revenues***

The University has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues – Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student fees, net of scholarship allowances, (2) sales and services of auxiliary enterprises, and (3) grants and contracts meeting certain criteria.

Nonoperating revenues – Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as grants, gifts, and contributions, and other revenue sources that are defined as nonoperating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities That Use Proprietary Funds Accounting*, and GASB No. 34, such as state appropriations and investment income.

***Federal Financial Assistance Programs***

The University participates in the following federal student financial aid programs: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Work Study, Federal Direct Loan, Federal Perkins Loan Programs, and Higher Education Emergency Relief Funds as part of the CARES Act.

***Tuition Revenue***

Tuition revenue is recognized in the term to which it relates. The summer term is allocated by number of days falling within each fiscal year.

***Scholarship Allowances***

Student tuition and fees and auxiliary enterprise revenues, presented net of scholarships and fellowships of \$46,607,459 and \$49,192,580 at June 30, 2020 and 2019, respectively, are applied to student accounts, while stipends and other payments made directly to students are reported as scholarships and fellowships expense. Net tuition and fees, except for summer session, are recognized as revenues as they are assessed. The portion of summer session tuition and fees applicable to the following fiscal year is included in unearned revenues.

***Bad Debt Expense***

Bad debt expense is \$1,555,509 and \$2,044,990 for the years ended June 30, 2020 and 2019, respectively, and is netted against tuition and fee revenues.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Income Taxes***

As a state institution of higher education, the income of the University is generally exempt from federal and state income taxes under Section 115(a) of the Internal Revenue Code and a similar provision of state law. However, the University is subject to federal income tax on any unrelated business taxable income.

**Note 2: Foundation Change in Accounting Principle**

In 2020, the Foundation adopted Accounting Standards Update (ASU) 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* using a modified prospective basis to all agreements not completed as of July 1, 2019, or entered into after July 1, 2019. ASU 2018-08 provides guidance that unless the grantor is directly receiving value in the same amount as the services provided (an exchange transaction), the grant should be considered a contribution. In addition, if the grantor incorporates barriers into the contract and has a right of return, the transaction is considered to be a conditional contribution. Under the accounting guidance, conditional contributions are not recorded as revenue until the condition has been met.

Adoption of ASU 2018-08 resulted in changes in disclosures in the notes to the financial statements. The Foundation's adoption of the ASU had no impact on the previously issued 2019 financial statements.

**Note 3: Deposits, Investments, and Investment Income**

***Deposits***

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The University's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities, or the state of Missouri; bonds of any city having a population of not less than 2,000, county, school district, or special road district of the state of Missouri; bonds of any state; or a surety bond having an aggregate value at least equal to the amount of the deposits.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

At June 30, 2020 and 2019, none of the University's bank balances held by the current domestic depository, a United States financial institution, were exposed to custodial credit risk. All of these domestic deposits were fully collateralized at the end of fiscal year 2020 and 2019. The funds held by international banks for the University's foreign education activities were not collateralized. The University is exposed to custodial credit risk for these deposits as follows:

	<b>2020</b>	<b>2019</b>
Uninsured and uncollateralized	\$ 132,929	\$ 114,755

*Foreign Currency Risk.* This risk relates to adverse effects on the fair value of a deposit from changes in exchange rates. The University does not have any policies related to foreign currency risk. The University has \$132,929 and \$114,755 of foreign deposits denominated in Chinese Yuan at June 30, 2020 and 2019, respectively.

**Investments**

Investment policies are established by the Board of Governors. The University may invest in certificates of deposit, United States Treasury and U.S. agency securities, repurchase agreements, corporate bonds, commercial paper, banker's acceptances, and money market funds.

At June 30, 2020 and 2019, the University had the following investments and maturities:

		<b>June 30, 2020</b>		
		<b>Maturities in Years</b>		
<b>Type</b>	<b>Fair Value</b>	<b>Less than 1</b>	<b>1-5</b>	<b>6-10</b>
Government-sponsored enterprises obligations	\$ 30,011,947	\$ 30,011,947	\$ -	\$ -
	<u>\$ 30,011,947</u>	<u>\$ 30,011,947</u>	<u>\$ -</u>	<u>\$ -</u>
		<b>June 30, 2019</b>		
		<b>Maturities in Years</b>		
<b>Type</b>	<b>Fair Value</b>	<b>Less than 1</b>	<b>1-5</b>	<b>6-10</b>
Government-sponsored enterprises obligations	\$ 111,134,025	\$ 30,000,000	\$ 81,134,025	\$ -
Money market treasury funds	10,000,000	10,000,000	-	-
	<u>\$ 121,134,025</u>	<u>\$ 40,000,000</u>	<u>\$ 81,134,025</u>	<u>\$ -</u>

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

*Interest Rate Risk.* As a means of limiting its exposure to fair value losses, the University's investment policy limits the type of investments to those which are not exposed to fair value losses arising from increasing interest rates. The maturities are structured to meet the cash flow needs of the University.

The prohibition of speculative investments precludes pursuit of gain or profit through unusual risk. Investment trading in response to changes in market value or market direction is warranted under active portfolio managements. Interest rate risk is not specifically discussed in the University's investment policy.

*Credit Risk.* Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The University uses nationally recognized rating organizations to evaluate credit risk for non-U.S. governmental agency investments. Minimums are established for each investment type.

*Custodial Credit Risk.* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the University will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. In accordance with its policy, the University minimizes custodial credit risk by establishing limitations on the types of instruments held by qualifying institutions.

*Concentration of Credit Risk.* The University's investment policy places maximum percentages on the total investment funds held in each type of instrument. The type of investments that can be held in the University's portfolio include U.S. Treasury and U.S. agency securities, repurchase agreements, corporate bonds, commercial paper, banker's acceptance, and money market funds. It is the University's policy that no more than 15 percent of the total portfolio will be held in any one bank, unless a safekeeping custody agreement is in place. There are no restrictions on direct obligations of the U.S. government, U.S. government agency issues, or U.S. government guaranteed securities.

There are no restrictions for repurchase agreements which are fully collateralized by U.S. government securities. No more than 20 percent of the portfolio will be held in corporate bonds or banker's acceptances with no more than 5 percent of the portfolio to be held with any one issuer. No more than 30 percent of the portfolio will be held in commercial paper, with no more than 5 percent of the portfolio to be held with any one issuer. Money market funds must be SEC 2a-7 compliant and no more than \$4,000,000 to be held in money market funds.

*Foreign Currency Risk.* This risk relates to adverse effects on the fair value of an investment from changes in exchange rates. The University's exposure to foreign currency risk did not exist at June 30, 2020 and 2019, because there were no foreign investments in the University's investment portfolio at any time during these two fiscal years.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Summary of Carrying Values**

The carrying values of deposits and investments shown above are included in the statements of net position as follows:

	<b>2020</b>	<b>2019</b>
Carrying value		
Deposits	\$ 160,261,296	\$ 73,452,764
Investments	30,011,947	121,134,025
	<u>\$ 190,273,243</u>	<u>\$ 194,586,789</u>

Included in the following statements of net position captions:

	<b>2020</b>	<b>2019</b>
Cash and cash equivalents	\$ 159,119,520	\$ 69,539,406
Restricted cash and cash equivalents	1,141,776	3,913,358
Short-term investments	5,386,947	6,000,000
Restricted short-term investments	24,625,000	24,000,000
Long-term investments	-	91,134,025
	<u>\$ 190,273,243</u>	<u>\$ 194,586,789</u>
Cash, cash equivalents, and investments total		

**Investment Income**

Investment income for the years ended June 30, 2020 and 2019, consisted of:

	<b>2020</b>	<b>2019</b>
Interest and dividend income	\$ 5,141,168	\$ 3,606,419
Fair value adjustment	433,398	3,130,492
	<u>\$ 5,574,566</u>	<u>\$ 6,736,911</u>

**Foundation Pooled Investments**

Funds treated as endowment by the Foundation are managed as a pooled investment fund. This pool includes funds from the with or without donor restrictions net asset classes. The various subsidiary accounts purchase shares in the investment pool when additions are received. The investment pool is operated on a unit market basis. The following schedule summarizes data related to the investment pool for the years ended June 30, 2020 and 2019:

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

	<u>2020</u>	<u>2019</u>
Pooled investments at market value	\$ 85,167,049	\$ 86,290,846
Number of pool shares	388,141	364,129
Market value per pool share	\$ 219	\$ 237
Fiscal year return	-1.71%	4.87%
Interest and dividend earnings	\$ 1,838,791	\$ 2,079,422
Net gains (losses)	\$ (3,157,466)	\$ 1,756,115

***Foundation Investments and Investment Return***

The Foundation measures securities, other than investments that qualify for the equity method of accounting, at fair value. Investments in private equity funds and hedge funds are recorded at net asset value (NAV), as a practical expedient, to determine fair value of the investments.

Net investment return includes dividend and interest income and other investment income; realized and unrealized gains and losses on investments carried at fair value; and realized gains and losses on other investments, less external and direct internal investment expenses. Gains and losses on the sale of securities are recorded on the trade date and are determined using the specific identification method. Investment return that is initially restricted by donor stipulation and for which the restriction will be satisfied in the same year is included in net assets without donor restrictions. Other investment return is reflected in the statements of activities as with or without donor restrictions based upon the existence and nature of any donor or legally imposed restrictions.

The Foundation maintains pooled investment accounts for its endowments. Investment income and realized and unrealized gains and losses from securities in the pooled investment accounts are allocated monthly to the individual endowments based on the relationship of the fair value of the interest of each endowment to the total fair value of the pooled investments accounts, as adjusted for additions to or deductions from those accounts.

The Foundation has significant investments in marketable securities, which are subject to price fluctuation. These instruments could potentially subject the Foundation to significant concentrations of market risk. This risk is controlled through a diversified portfolio and regular monitoring procedures.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

Investments are summarized as follows at June 30:

	<b>2020</b>	<b>2019</b>
Accrued income	\$ 168,255	\$ 235,967
Money market accounts	2,722,039	1,969,589
U.S. equity mutual funds	26,617,530	24,444,004
Non-U.S. equity mutual funds	23,605,965	28,530,950
Real estate funds	4,442,502	5,518,918
U.S. Treasury securities	32,017,480	34,916,233
Corporate bonds	6,869,374	6,891,879
Hedge funds	2,618,040	2,521,652
Private equity	4,435,144	3,716,258
Other	3,500	3,500
	<u>\$ 103,499,829</u>	<u>\$ 108,748,950</u>

Investment return consists of the following:

	<b>2020</b>	<b>2019</b>
Investment income	\$ 2,596,839	\$ 3,030,269
Realized and unrealized gains on investments reported at fair value	(3,062,993)	2,079,605
Investment expenses	(256,230)	(281,857)
	<u>\$ (722,384)</u>	<u>\$ 4,828,017</u>

Investments held in trust are deposited with The Northern Trust Company, BancorpSouth Wealth Management, and Bank of America, N.A.

**Note 4: Foundation Disclosures About Fair Value of Assets and Liabilities**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Recurring Measurements**

The following tables present the fair value measurements of assets recognized in the accompanying statement of financial position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2020 and 2019.

	<b>June 30, 2020</b>

(A) Certain investments that are measured using the net assets value per share (or equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts included above are intended to permit reconciliations of the fair value hierarchy to the amounts presented in the statements of financial position.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Investments***

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include cash equivalents, money market funds, equity securities, hedge funds, and mutual funds.

If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows. Inputs used to value Level 2 securities include interest rates for similar debt securities and Treasury obligations with similar maturities.

***Investments Held in Trust***

Fair value is estimated at the present value of the future distributions expected to be received over the term of the agreement. Due to the nature of the valuation inputs, the investments are classified as Level 1, Level 2, and Level 3 of the hierarchy. The Level 3 investments are the Foundation's beneficial interest in trusts. Fair value is determined based on the market value of the securities held in the trusts and the Foundation's proportional beneficial interest.

***Cash Equivalents***

The carrying amount approximates fair value.

**Note 5: Foundation Pledges Receivable**

Pledges receivable are a credit risk to the extent donors choose not to complete their pledge payments. Discount rates ranged from 0.16 percent to 3.30 percent for the years ended June 30, 2020 and 2019. Pledges receivable consist of the following unconditional promises to give at June 30:

	<b>2020</b>	<b>2019</b>
Due in less than one year	\$ 8,959,071	\$ 7,036,451
Due in one to five years	17,702,278	10,212,715
Due in more than five years	9,309,028	2,757,167
	<u>35,970,377</u>	<u>20,006,333</u>
Less: Allowance for doubtful accounts	735,724	404,455
Unamortized discount	1,103,819	868,213
	<u>1,839,543</u>	<u>1,272,668</u>
	<u>\$ 34,130,834</u>	<u>\$ 18,733,665</u>

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Note 6: Foundation Endowment**

The Foundation's endowment consists of approximately 1,107 individual funds established for a variety of purposes. The endowment includes both donor-restricted endowment funds and funds designated by the governing body to function as endowments (Board-designated endowment funds). As required by accounting principles generally accepted in the United States of America (GAAP), net assets associated with endowment funds, including Board-designated endowment funds, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation's governing body has interpreted the State of Missouri Prudent Management of Institutional Funds Act (SPMIFA) as requiring preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of donor-restricted endowment funds is classified as net assets with donor restrictions - purpose or time-restricted for future periods until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. Duration and preservation of the fund
2. Purposes of the Foundation and the fund
3. General economic conditions
4. Possible effect of inflation and deflation
5. Expected total return from investment income and appreciation or depreciation of investments
6. Other resources of the Foundation
7. Investment policies of the Foundation

The composition of net assets by type of endowment fund at June 30, 2020, was:

	<b>Without Donor Restrictions</b>	<b>With Donor Restrictions - Purpose or Time-Restricted</b>	<b>With Donor Restrictions - Perpetual in Nature</b>	<b>2020 Total</b>
Donor-restricted endowment funds	\$ -	\$ 19,699,303	\$ 64,903,457	\$ 84,602,760
Board-designated endowment funds	3,040,545	-	-	3,040,545
Total endowment funds	<u>\$ 3,040,545</u>	<u>\$ 19,699,303</u>	<u>\$ 64,903,457</u>	<u>\$ 87,643,305</u>

***Underwater Endowments***

The governing body of the Foundation has interpreted SPMIFA as not requiring the maintenance of purchasing power of the original gift amount contributed to an endowment fund, unless a donor stipulates the contrary. As a result of this interpretation, when reviewing its donor-restricted endowment funds, the Foundation considers a fund to be underwater if the fair value of the fund is less than the sum of

- a. the original value of initial and subsequent gift amounts donated to the fund and
- b. any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument.

The Foundation has interpreted SPMIFA to permit spending from underwater funds in accordance with the prudent measures required under the law.

At June 30, 2020, funds with original gift value of \$6,530,270; fair value of \$6,193,826; and deficiency of \$336,444, were reported in net assets with donor restrictions. At June 30, 2019, funds with original gift value of \$1,948,514; fair value of \$1,884,497; and deficiency of \$64,017, were reported in net assets with donor restrictions. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after investment of new restricted contributions and continued appropriation for certain purposes that was deemed prudent by the governing body.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

The Foundation has a policy that does not permit spending from underwater endowment funds.

***Investment and Spending Policies***

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs and other items supported by its endowment while seeking to maintain the purchasing power of the endowment. Endowment assets include those assets of donor-restricted endowment funds the Foundation must hold in perpetuity or for donor-specified periods, as well as those of Board-designated endowment funds. Under the Foundation's policies, endowment assets are invested in a manner that is intended to produce results that exceed the endowment's financial requirement over time, while assuming a moderate level of investment risk. The Foundation expects its endowment funds to provide a rate of return between 6.4 percent annually over time. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both current yield (investment income such as dividends and interest) and capital appreciation (both realized and unrealized). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The Foundation has a policy (the spending policy) of appropriating for expenditure each year 5.7 percent of its endowment fund's average fair value over the prior 36 months through the month end preceding the month in which expenditure is planned. In establishing this policy, the Foundation considered the long-term expected return on its endowment. The Foundation expects the current spending policy to allow its endowment to grow at a rate approximating the inflationary rate over the long term. This is consistent with the Foundation's objective to maintain the purchasing power of endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

**Note 8: Foundation Liquidity and Availability**

Financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of June 30, 2020 and 2019, respectively, comprise the following:

	<u>2020</u>	<u>2019</u>
Financial assets at year-end		
Cash and cash equivalents	\$ 23,070,670	\$ 11,722,498
Accounts receivable, net	5,679	6,069
Pledges receivable, net	34,130,834	18,733,665
Investments	103,499,829	108,748,950
Total financial assets at year-end	<u>160,707,012</u>	<u>139,211,182</u>
Less amounts restricted or not available to be used within one year		
Pledges receivable, due after one year	25,171,763	(11,697,214)
Investments held in custodial and noncustodial annuities and trusts	41,622	(68,094)
Endowment investments	84,602,760	(86,117,454)
Investments in nonliquid securities	3,500	(7,954,930)
	<u>109,819,645</u>	<u>(105,837,692)</u>
Financial assets not available to meet general expenditures within one year	<u>109,819,645</u>	<u>(105,837,692)</u>
Financial assets available to meet general expenditures within one year	<u>\$ 50,887,367</u>	<u>\$ 33,373,490</u>

The Foundation receives significant contributions with donor restrictions to be used in accordance with the associated purpose restrictions. It also receives gifts to establish endowments that will exist in perpetuity. In addition, the Foundation receives support without donor restrictions. Contributions and the income generated from endowments are used to provide scholarships, faculty support, improve facilities, and to support student programs.

The Foundation considers investment income without donor restrictions, appropriated earnings from donor-restricted, and Board-designated (quasi) endowments, contributions without donor restrictions and contributions with donor restrictions to meet ongoing obligations, major and central to its annual operations to be available to meet cash needs for general expenditures. General expenditures include instruction and academic program support, student services, institutional support, scholarships, rental expenses, and capital projects expected to be paid in the subsequent year. Annual operations are defined as activities occurring during the Foundation's fiscal year.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

The Foundation manages its cash available to meet general expenditures following three guiding principles:

- Operating within a prudent range of financial soundness and stability,
- Maintaining adequate liquid assets, and
- Maintaining sufficient reserves to provide reasonable assurance that long-term commitments and obligations under endowments with donor restrictions and quasi-endowments that support mission fulfillment will continue to be met, ensuring the sustainability of the Foundation.

The Foundation strives to maintain financial assets available to meet general expenditures at a level that represents 100 percent of annual expenses.

**Note 9: Related Party Transactions**

In 1982, the University's Board of Governors authorized the transfer of its endowment fund of \$199,762 to the Foundation for management purposes. This balance is shown on the University's statements of net position as amounts due from the Foundation, in noncurrent assets. All investment earnings from these funds have been recorded in the accounting records of the Foundation and are not shown on the University's financial statements. All endowment additions since 1982, including gifts and other income, have been recorded in the Foundation's accounting records.

Additionally, the Foundation owed the University approximately \$3,164,629 and \$1,076,549 at June 30, 2020 and 2019, respectively, for pledges receivable and expenses paid by the University for costs to be funded by the Foundation. The balance is shown on the University's statements of net position as current assets and is included in accounts receivable.

**Note 10: Pension Plans**

***MOSERS***

***Plan Description***

The Missouri State Employees' Plan (MSEP) is a multiple-employer, defined benefit public employee retirement plan with two benefit structures known as the MSEP (closed plan) and MSEP 2000, which are administered by the Missouri State Employees' Retirement System (MOSERS or the "System") in accordance with Sections 104.010 and 104.312 to 104.1215 of the Revised Statutes of Missouri (RSMo). In accordance with the provisions of GASB 68, the University accounts for and records its participation in the single-employer plan as if it was a cost-sharing plan. As established under Section 104.320, RSMo, MOSERS is a body corporate and an instrumentality of the state. In the System are vested the powers and duties specified in Sections

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

104.010 and 104.312 to 104.1215, RSMo and such other powers as may be necessary or proper to enable it, its officers, employees, and agents to carry out fully and effectively all the purposes of Sections 104.010 and 104.312 to 104.1215, RSMo. Responsibility for the operation and administration of the System is vested in the 11-member MOSERS Board of Trustees as defined by state law. Due to the nature of MOSERS' reliance on funding from the state of Missouri and other state government agencies and the overall control of the plan document by the legislative and executive branches of state government, the MSEP is considered a component unit of the state of Missouri financial reporting entity and is included in the state's financial reports as a pension trust fund.

Generally, all full-time state employees hired before July 2000, who were not covered under another state-sponsored retirement plan, are eligible for membership in the MSEP (closed plan). Full-time state employees hired after July 2000, and before January 2011, are eligible for membership in the MSEP 2000. Employees hired for the first time on or after January 2011 are eligible for membership in the MSEP 2011 tier of the MSEP 2000. The MSEP provides retirement, survivor, and disability benefits. MOSERS issues an annual Comprehensive Annual Financial Reporting (CAFR), a publicly available financial report that can be obtained at [www.mosers.org](http://www.mosers.org).

***Benefits Provided***

MOSERS provides retirement, disability, and life insurance benefits to eligible employees. The base retirement benefits are calculated by multiplying the employee's final average pay by a specific factor multiplied by the years of credited service. The factor is based on the specific funding structure in which the employee participates, which is based on the employee's hire date. Information on the three funding structures administered by MOSERS (MSEP, MSEP 2000, and MSEP 2011) and how eligibility and the benefit amount is determined for each funding structure may be found in the Notes to the Financial Statements of MOSERS' CAFR starting on page 31.

***Contributions***

Per Chapter 104.436 of the Revised Statutes of Missouri, contribution requirements of the active employees and the participating employers are established and may be amended by the MOSERS' Board. No employee contribution is required for the MSEP and MSEP 2000 plans. Employees in the MSEP 2011 plan are required to contribute 4.00 percent of their annual pay. The University's required contribution rate for all plans for the year ended June 30, 2020, was 21.77 percent of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The contribution rate for the MOSERS' plan years ended June 30, 2019 and 2018, was 20.21 percent and 19.45 percent, respectively, for all plans, which was the years of measurement for the net pension liability. Contributions to the pension plan from the University were \$21,452,987 and \$19,449,045 for the years ended June 30, 2020 and 2019, respectively.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At June 30, 2020 and 2019, the University reported a liability of \$299,767,062 and \$278,020,399, respectively, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019 and 2018, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of those dates.

The University's proportion of the net pension liability was based on the University's actual share of contributions to the pension plan relative to the actual contributions of all participating employers for MOSERS' plan year ended June 30, 2019 and 2018. At June 30, 2019, the University's proportion was 4.9621 percent, which was a decrease of 0.0219 percent from its proportion measured as of June 30, 2018. At June 30, 2018, the University's proportion was 4.9840 percent, which was a decrease of 0.0272 percent from its proportion measured as of June 30, 2017.

Senate Bill 62 (SB 62), which contained changes to the benefit structure for MSEP 2011, was passed by the 2017 legislature. The provisions of the bill decreased vesting from ten to five years of service, but also included provisions that essentially offset the cost of the vesting change. As a result, SB 62 had no impact on the employer contribution rate and created a decrease to the UAAL of \$1.6 million.

The Board reduced the investment return assumption used in the June 30, 2019, valuation to 7.10 percent.

There were no changes in benefit terms during the MOSERS' plan year ended June 30, 2019, that effected the measurement of total pension liability.

For the years ended June 30, 2020 and 2019, the University recognized pension expense of \$60,590,377 and \$50,253,325, respectively. At June 30, 2020 and 2019, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

	<b>2020</b>	
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
	<u>                    </u>	<u>                    </u>
Differences between expected and actual experience	\$ 255,579	\$ 3,484,640
Change in assumptions	11,977,827	-
Net difference between projected and actual earning on pension plan investments	23,273,963	-
Change in proportion and differences between the University's contributions and the University proportionate share of contributions	-	1,210,220
University's contributions subsequent to the measurement date	<u>21,452,987</u>	<u>-</u>
Total	<u>\$ 56,960,356</u>	<u>\$ 4,694,860</u>
	<b>2019</b>	
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
	<u>                    </u>	<u>                    </u>
Differences between expected and actual experience	\$ 632,728	\$ 6,582,170
Change in assumptions	23,960,703	-
Net difference between projected and actual earning on pension plan investments	32,698,695	-
Change in proportion and differences between the University's contributions and the University proportionate share of contributions	355,959	891,787
University's contributions subsequent to the measurement date	<u>19,449,046</u>	<u>-</u>
Total	<u>\$ 77,097,131</u>	<u>\$ 7,473,957</u>

At June 30, 2020 and 2019, the University reported \$21,452,986 and \$19,449,045, respectively, as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the years ending June 30, 2020 and 2019, respectively.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

Other amounts reported as deferred outflows of resources and deferred inflows of resources at June 30, 2020, related to pensions will be recognized in pension expense as follows:

<b>Year Ending June 30,</b>	<b><u>Amount Recognized</u></b>
2020	\$ 17,124,027
2021	8,393,438
2022	2,779,564
2023	<u>2,515,480</u>
	<u><u>\$ 30,812,509</u></u>

***Actuarial Assumptions***

The total pension liability in the June 30, 2019 and 2018, actuarial valuations was determined using the following actuarial assumptions, applied to all periods included in the measurement:

<b>June 30, 2019</b>	
Inflation	2.35%
Salary increases	2.85% to 8.35% including inflation
Wage inflation	2.35%
Investment rate of return	7.10% per year, compounded annually, net after investment expenses and including inflation
<b>June 30, 2018</b>	
Inflation	2.50%
Salary increases	3.00% to 8.50% including inflation
Wage inflation	2.50%
Investment rate of return	7.25% per year, compounded annually, net after investment expenses and including inflation

Mortality: Mortality rates for postretirement mortality are based on the RP-2014 Healthy Annuitant mortality table, projected to 2026 with Scale MP-2015 and scaled by 120 percent. The preretirement mortality table used is the RP-2014 Employee mortality table, projected to 2026 with Scale MP-2015, and scaled by 95 percent for males and 90 percent for females.

The actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the period July 1, 2010, to June 30, 2015. As a result of this actuarial experience study, the MOSERS' Board made various demographic assumption changes to more closely reflect actual experience. The most significant changes included lowering the assumed annual investment rate from 7.25 percent to 7.10 percent and the adoption of the above mortality tables. The changes in assumptions recorded as deferred inflows and outflows of resources were

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

due to these changes from the actuarial experience study.

The actuarial assumptions used in the June 30, 2018, valuation were based on the results of an actuarial experience study for the period July 1, 2010, to June 30, 2015. As a result of this actuarial experience study, the MOSERS' Board made various demographic assumption changes to more closely reflect actual experience. The most significant changes included lowering the assumed annual investment rate from 7.50 percent to 7.25 percent and the adoption of the above mortality tables. The changes in assumptions recorded as deferred inflows and outflows of resources were due to these changes from the actuarial experience study.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates rates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in MOSERS' target asset allocation as of June 30, 2019, are summarized in the following table:

<b>Asset Class</b>	<b>Policy Allocation</b>	<b>Long-Term Expected Real Rate of Return*</b>	<b>Weighted Average Long-Term Expected Real Rate of Return</b>
Opportunistic global equity	38.00%	8.30%	3.10%
Nominal bonds	44.00%	3.30%	1.50%
Commodities	20.00%	7.80%	1.60%
Inflation-linked bonds	39.00%	2.40%	0.90%
Alternative beta	31.00%	6.60%	2.00%
Cash and cash equivalents	-72.00%		-0.70%
	<u>100.00%</u>		<u>8.40%</u>

\*Represent best estimates of geometric rates of return for each major asset class included.

**Discount Rate**

The discount rate used to measure the total pension liability was 7.10 percent and 7.25 percent at June 30, 2019 and 2018, respectively. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from employers will be made at required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Sensitivity of the University's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate***

The following presents the University's proportionate share of the net pension liability calculated using the discount rate of 7.10 percent, as well as what the University's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percent point lower (6.10 percent) or 1 percent point higher (8.10 percent) than the current rate:

	<b>1% Decrease (6.10%)</b>	<b>Current Discount Rate (7.10%)</b>	<b>1% Increase (8.10%)</b>
University's proportionate share of the net pension liability	\$ 378,170,475	\$ 299,767,062	\$ 233,848,860

***Pension Plan Fiduciary Net Position***

Detailed information about the pension plan's fiduciary net position is available in the separately issued MOSERS' financial report.

***CURP***

Beginning July 1, 2002, all faculty on full-time, regular appointment are enrolled in the College and University Retirement Plan (CURP) if they have not previously been enrolled in MOSERS. CURP is a noncontributory 401(a) defined contribution retirement plan which uses TIAA-CREF as its third-party administrator. CURP provides a retirement program which offers interstate portability, immediate vesting, and no minimum service requirement. Contributions made by the University are self-directed by participants into their selected individual accounts. After participating in CURP for at least six years, a faculty member may elect to become a member of the Missouri State Employees' Retirement System (MOSERS).

The University was required to contribute 6.00 percent, 6.00 percent, and 6.19 percent of the participant's salary to CURP for the years ended June 30, 2020, 2019, and 2018, respectively. The total contributed for years ended June 30, 2020, 2019, and 2018, was \$2,273,759, \$2,067,547, and \$1,917,811, respectively.

**Note 11: Other Postemployment Benefit Plan**

*Plan Description:* The University contributes to the Missouri State University Employee Benefit Plan (the "OPEB Plan"), a single-employer defined benefit OPEB plan covering substantially all employees. The OPEB Plan is administered through a commercial insurance carrier. Benefit provisions are contained in the plan document and were established and can be amended by action of the University's governing body. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

*Benefits Provided:* The OPEB Plan provides medical and prescription drug benefits to eligible retirees and their dependents. Benefits are provided through a third-party insurer, and retirees contribute premiums ranging between \$448 for a single person to \$946 for retiree and family. For employees who retire before reaching age 65, their insurance will be continued until the earlier of the date the plan is canceled or until their 65<sup>th</sup> birthday.

The employees covered by the benefit terms at June 30, 2020 and 2019, are:

	<b>2020</b>	<b>2019</b>
Inactive employees or beneficiaries currently receiving benefit payments	96	113
Active employees	2,128	2,171
	2,224	2,284

**Total OPEB Liability**

The University's total OPEB liability of \$11,166,590 and \$9,885,748 was measured as of June 30, 2020 and 2019, respectively, for the years then ended, and was determined by an actuarial valuation as of June 30, 2020 and 2019, using census data from 2020 and 2018, respectively.

The total OPEB liability in the June 30, 2020 and 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	<b>2020</b>	<b>2019</b>
Inflation	3.00%	3.00%
Discount rate	2.21% (prior year 3.50%)	3.50% (prior year 3.87%)
Salary increases	3.50% per year	3.50% per year
Health care cost trend rates	6.0% for 2020, decreasing 0.5% per year to an ultimate rate of 4.5% for 2023 and later years	6.5% for 2019, decreasing 0.5% per year to an ultimate rate of 4.5% for 2023 and later years

This discount rate used for the plan was the 20-year, tax-exempt municipal bond rate as there are no assets in the plan.

Mortality rates for the OPEB valuation as of June 30, 2019, were based on the RP-2014 generational table scaled using MP-2017 and applied on a gender-specific basis. For the OPEB valuation as of June 30, 2020, mortality rates were based on the Pub-2010 generational table scaled using MP-2019 and applied on a gender-specific basis.

The actuarial assumptions used in the June 30, 2020, valuation were based on the results of an actuarial experience study from 2013.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Changes in Total OPEB Liability***

Changes in the total OPEB liability are:

	<b>2020</b>	<b>2019</b>
Balance, beginning of year	\$ 9,885,748	\$ 9,819,805
Service cost	365,564	330,279
Interest	347,666	375,108
Differences between expected and actual experience	(115,182)	-
Changes in assumptions or other inputs	1,318,793	275,284
Benefit payments	(635,999)	(914,728)
Net changes	1,280,842	65,943
Balance, end of year	\$ 11,166,590	\$ 9,885,748

***Sensitivity of the Total OPEB Liability to Changes in the Discount Rate and Health Care Cost Trend Rates***

The total OPEB liability of the University has been calculated using a discount rate of 2.21 percent. The following present the total OPEB liability using a discount rate 1 percent higher and 1 percent lower than the discount rate.

	<b>1% Decrease</b>	<b>Current Discount Rate</b>	<b>1% Increase</b>
University's total OPEB liability	\$ 12,092,000	\$ 11,167,000	\$ 10,335,000

The total OPEB liability of the University has been calculated using health care cost trend rates of 6.50 percent decreasing to 4.50 percent.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

The following presents the total OPEB liability using health care cost rates 1 percent higher and 1 percent lower than the current health care cost trend rates.

	<b>1% Decrease</b>	<b>Current Health Care Cost Trend Rates</b>	<b>1% Increase</b>
University's total OPEB liability	\$ 10,100,000	\$ 11,167,000	\$ 12,408,000

***OPEB Expense and Deferred Inflows of Resources Related to OPEB***

For the years ended June 30, 2020, and June 30, 2019, the University recognized OPEB expense of \$791,289 and \$710,487, respectively. At June 30, 2020 and 2019, the University reported deferred outflows and deferred inflows of resources related to OPEB from the following sources:

	<b>2020</b>	
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ -	\$ 103,057
Changes of assumptions	1,461,082	160,110
Total	\$ 1,461,082	\$ 263,167

	<b>2019</b>	
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Changes of assumptions	\$ 251,328	\$ 178,965
Total	\$ 251,328	\$ 178,965

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

Deferred outflows and deferred inflows of resources at June 30, 2020, related to OPEB will be recognized as a reduction in OPEB expense as follows:

2021	\$	78,059
2022		78,059
2023		78,059
2024		78,059
2025		78,059
Thereafter		<u>807,620</u>
		<u><u>\$ 1,197,915</u></u>

**Note 12: Risk Management**

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, dental, and accidental benefits. Commercial insurance coverage is purchased for claims arising from such matters other than those related to general liability, workers' compensation, natural disasters, and employee health benefits.

Settled claims have not exceeded this commercial coverage in any of the three preceding years. Additional coverage is provided through the State Self-Insurance program, through the Risk Management Division of the Department of Administration Services in Jefferson City. The State of Missouri self-insures the workers' compensation benefits for all state employees, including University employees. Claims are administered by the Missouri Office of Administration, Risk Management Section.

Liabilities for employee health and dental benefits are included in liabilities for claims incurred but not yet reported or paid. The liability is estimated based on subsequent payments and historical information. Changes in the balance of claims liabilities for the years ended June 30, 2020 and 2019, is summarized as follows:

	<u>2020</u>	<u>2019</u>
Balance at beginning of year	\$ 2,714,763	\$ 1,424,000
Health and dental claims	25,126,315	22,894,053
Health insurance payments	<u>(25,673,849)</u>	<u>(21,603,290)</u>
Balance at end of year	<u><u>\$ 2,167,229</u></u>	<u><u>\$ 2,714,763</u></u>

\* All auxiliary enterprise system revenue bonds are secured by the net revenues pledged of the auxiliary enterprise system.

\*\* All MOHEFA bonds are general unsecured obligations of the University.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***2019 MOHEFA Revenue Bonds Payable – Series B***

On December 4, 2019, the University issued \$6,780,000 of Series B bonds through a public offering. The Bonds bear interest payable semiannually ranging from 2.75 to 4.0 percent annually. Principal maturity begins October 1, 2021, and continues until October 1, 2035. Proceeds from the issuance of these bonds was used to advance refund the 2010 Build America Bonds with maturities commencing October 1, 2021, through October 1, 2035.

***2019 Auxiliary Enterprise System Revenue Bonds Payable – Series A***

On December 4, 2019, the University issued \$15,980,000 of Series A bonds through a public offering. The Bonds bear interest payable semiannually ranging from 4.0 to 5.0 percent annually. Principal maturity begins October 1, 2021, and continues until October 1, 2035. Proceeds from the issuance of these bonds was used to advance refund the 2010 Build America Bonds with maturities commencing October 1, 2021, through October 1, 2035.

***2019 MOHEFA Revenue Bonds Payable – Series A***

On January 23, 2019, the University issued \$15,730,000 of Series A bonds through a direct placement with Capital One. The Bonds bear interest payable semiannually at 3.53 percent annually which began April 1, 2019. Principal maturity begins October 1, 2019, and continues until October 1, 2033. Proceeds from the issuance of these bonds will be used to purchase a building referred to as Brick City in downtown Springfield for the arts and design department. The educational bonds are issued by MOHEFA and are general unsecured obligations of the University and the full faith and credit of the University (except funds appropriated to the University by the State of Missouri and funds pledged to payment of the University's revenue bonds).

***Notes from Direct Borrowings and Direct Placements***

The University's outstanding notes from direct borrowings and direct placements of \$66,295,000 contain a provision and remedies that in an event of default, outstanding amounts become due within 30 days if the University is unable to make payment.

The University's outstanding educational, MOHEFA bonds, from direct borrowings of \$14,920,000 are general unsecured obligations of the University and the full faith and credit of the University (except funds appropriated to the University by the State of Missouri and funds pledged to payment of the University's revenue bonds).

The University's outstanding auxiliary enterprise system revenue bonds from direct borrowings of \$51,375,000 are secured by the net revenues pledged of the auxiliary enterprise system.

***Note Payable to the State of Missouri***

The note payable to the State of Missouri DNR bank in the outstanding amount of \$0 at June 30, 2020.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

The principal and interest requirements on notes and bonds payable to maturity at June 30, 2020, are as follows:

Year Ending June 30,	Bonds		Direct Placement		Total to be Paid
	Principal	Interest	Principal	Interest	
2021	\$ 5,270,000	\$ 3,915,240	\$ 4,070,000	\$ 1,992,112	\$ 15,247,352

2036 - 2040	15,825,000	1,466,151	3,375,000	110,981	20,777,132
2041 - 2043	975,000	18,525	-	-	993,525
	<u>\$ 106,595,000</u>	<u>\$ 35,846,106</u>	<u>\$ 66,295,000</u>	<u>\$ 16,755,638</u>	<u>\$ 225,491,744</u>

**Capital Lease Obligations**

The University is obligated under three leases accounted for as capital leases. Two leases provide financing primarily for utility system improvements to the Springfield campus. The third lease entered into in July 2018 financed the purchase of 52 Steinway pianos for the College of Arts and Letters music department. Assets under capital leases at June 30, 2020 and 2019, totaled \$8,420,277 and \$9,323,978, respectively, net of accumulated depreciation of \$9,115,848 in 2020 and \$8,331,510 in 2019.

The following is a schedule by year of future minimum lease payments under the capital leases including interest together with the present value of the future minimum lease payments as of June 30, 2020:

2021	\$ 1,412,244
2022	1,175,366
2023	1,175,366
2024	1,175,366
2025	1,175,366
2026 - 2030	<u>128,935</u>
Total minimum lease payments	6,242,643
Less amount representing interest	<u>414,298</u>
Present value of future minimum lease payments	<u>\$ 5,828,345</u>

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Foundation Leases***

Noncancelable leases for space in the Kenneth E. Meyer Alumni Center expire in various years through 2025. Several of these leases contain renewal options for periods ranging from one to three years. Future minimum lease income at June 30, 2020, is as follows:

2021	\$	672,628
2022		136,179
2023		82,682
2024		68,147
2025		68,147
Thereafter		96,541

**Note 15: Auxiliary Enterprise System**

The outstanding debt of the University consists of Auxiliary Enterprise System Revenue Bonds. The most recent Auxiliary Enterprise System Revenue Bonds were issued in accordance with a Resolution adopted by the Board of Governors in October 2019. The Resolution provides that the bonds are payable from the gross income and revenues derived from the housing, parking, health center, and recreational facilities serving the University and its students. The housing facilities consist of 11 residence halls, 4 dining facilities, and the Student Union Building. The parking facilities consist of all facilities, lots, and equipment for the parking of vehicles and the movement of passengers around campus. The health center consists of the Magers Health and Wellness Center facility which provides medical and wellness services to students and their spouses and University employees and their spouses and eligible dependents. The recreational facilities include the Bill R. Foster and Family Recreation Center, Hammons Student Center, the Plaster Stadium, the JQH Arena, Betty and Bobby Allison Recreation Fields, the Juanita K. Hammons Hall for the Performing Arts, and the athletic programs of the University. The Auxiliary Enterprise System also includes the University's Bookstore and certain auxiliary operations at the University's West Plains campus.

**Note 17: Disclosure About Fair Value of Assets**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

**Recurring Measurements**

The following tables present the fair value measurements of assets recognized in the accompanying financial statements measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2020 and 2019:

Description	2020			
	Total	Level 1	Level 2	Level 3
Government-sponsored enterprises obligations	\$ 30,011,947	-	\$ 30,011,947	-
Total investments measured at fair value	<u>\$ 30,011,947</u>	<u>\$ -</u>	<u>\$ 30,011,947</u>	<u>\$ -</u>
Description	2019			
	Total	Level 1	Level 2	Level 3
U.S. Treasury obligations	\$ 10,000,000	\$ -	\$ 10,000,000	\$ -
Government-sponsored enterprises obligations	<u>111,134,025</u>	<u>-</u>	<u>111,134,025</u>	<u>-</u>
Total investments measured at fair value	<u>\$ 121,134,025</u>	<u>\$ -</u>	<u>\$ 121,134,025</u>	<u>\$ -</u>

**Missouri State University**

**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Investments***

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 are not available, securities are classified within Level 3 of the hierarchy.

**Note 18: Commitments and Contingencies**

***Claims and Litigation***

As is common with most large governmental entities, various parties have asserted claims against the University through litigation and by other means. The University is vigorously defending each of these matters, the eventual outcomes of which management presently believes will not be material.

***Government Grants***

The University is currently participating in numerous grants from various departments and agencies of the federal and state governments. The expenditures of grant proceeds must be for allowable and eligible purposes. Single audits and audits by the granting department or agency may result in requests for reimbursement of unused grant proceeds or disallowed expenditures. Upon notification of final approval by the granting department or agency, the grants are considered closed.

***Construction Commitments***

The University has outstanding commitments for various construction contracts of approximately \$16.0 million at June 30, 2020.

***Real Estate Purchase Agreement Commitments***

On May 17, 2018, the Board of Governors approved the University entering into a build to suit real estate purchase agreement to construct a 402-bed facility adjacent to the Springfield campus for \$24,000,000 with a closing to occur on or before July 2, 2020. The University has classified \$24,000,000 as restricted investments for this purchase at June 30, 2020 and 2019. On May 15, 2020, the Board of Governors amended the purchase agreement for the closing to occur on or before July 1, 2021, and to include a \$625,000 Holding Cost Payment.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Note 19: Current Economic Conditions**

As a result of the spread of the SARS-CoV-2 virus and the incidence of COVID-19, economic uncertainties have arisen which may negatively affect the financial position, results of operations, and cash flows of the University. These uncertainties include the levels of enrollment and state and federal funding. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

**Note 20: Subsequent Events**

***Construction and Expansion of the Jordan Valley Innovation Center***

In May 2017, Missouri State University, The Vecino Group, LLC (Vecino), and the Springfield Business Development Corporation entered into a Memorandum of Understanding (MOU) to explore the feasibility of a public-private partnership for the purpose of expanding IDEA Commons.

In December 2019, the Board of Governors approved execution of a legally Letter of Intent (LOI), which established the material terms of a development agreement for the development, design, financing, and construction of a roughly 30,000 square foot expansion of the University's Jordan Valley Innovation Center (JVIC #4), including a total project cost not to exceed \$14,397,284.

In May 2020, the Board of Governors approved the JVIC #4 Expansion.

In August 2020 the public-private partnership for the JVIC #4 Expansion was finalized and related contracts executed.

**Notes to Schedule:**

***Benefit Changes***

Senate Bill 62 (SB 62), which contained changes to the benefit structure for MSEP 2011, was passed by the 2017 legislature. The provision of the bill decreased vesting from ten to five years of service, but also included provisions that essentially offset the cost of the vesting change. As a result, SB 62 had no impact on the employer contribution rate and created a decrease to the UAAL of \$1.6 million.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Schedule of University Contributions –**  
**Missouri State Employees' Retirement System**  
**Last Seven Fiscal Years**

During the MOSERS plan year ended June 30, 2017, the vesting requirements were changed for the MSEP 2011 plan from 10 years of credit service to 5 years for members employed on or after January 1, 2018. There were no other changes in benefit terms during the MOSERS' plan year ended June 30, 2017, that affected the measurement of total pension liability.

There were no changes to benefit terms for MOSERS for the other years presented above.

***Changes of Assumptions***

The assumed investment rate of return was reduced from 7.25 percent to 7.10 percent for the June 30, 2019, valuation. The salary increase rate was reduced from 3.00 percent to 2.85 percent. The wage inflation rate was reduced from 2.50 percent to 2.35 percent. There were no other changes in actuarial assumptions for the June 30, 2019, valuation.

The assumed investment rate of return was reduced from 7.50 percent to 7.25 percent for the June 30, 2018, valuation. The salary increase rate was reduced from 3.25 percent to 3.00 percent. The wage inflation rate was reduced from 3.00 percent to 2.50 percent. There were no other changes in actuarial assumptions for the June 30, 2018, valuation.

The assumed investment rate of return was reduced from 7.65 percent to 7.50 percent for the June 30, 2017, valuation. There were no other changes in actuarial assumptions for the June 30, 2017, valuation.

Actuarial assumptions used in the June 30, 2016, valuation were changed as follows:

Salary increases:	3.25% to 8.75% including inflation
Wage inflation:	3.00%
Investment rate of return:	7.65%
Post-retirement mortality tables:	RP-2014 Healthy Annuitant projected to 2026 with Scale MP-2015 and scaled by 120%
Pre-retirement mortality tables:	RP-2014 Employee projected to 2026 with Scale MP-2015 and scaled by 95% for males and 90% for females

There were no changes to actuarial assumptions used in the June 30, 2015, valuation, other than the assumption that there would be no pay increases for fiscal year ending June 30, 2016.

There were no changes to actuarial assumptions used in the June 30, 2014, valuation.

<b>Total OPEB Liability as a Percentage of Covered-Employee Payroll</b>	9.30%	8.33%	8.56%

This schedule presents the information available to the University and will include ten-year trend information once available.

**Notes to Schedule:**

***Benefit Changes***

There were no changes to benefit terms for the years ended June 30, 2020, 2019, and 2018.

***Changes of Assumptions***

Actuarial assumptions used in the June 30, 2020, valuation were changed as follows:

- The discount rate was updated from 3.50 percent to 2.21 percent.
- The retirement and termination rates were updated to the rates from the Missouri State Employees' Retirement Systems (MOSERS) Actuarial Valuation Report as of June 30, 2019.
- The mortality assumption was updated from RP-2014 mortality table with generational scale MP-2017 to Pub-2010 mortality table with generational scale MP-2019 to reflect the Society of Actuaries' recent mortality study.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Schedule of Changes in the University's Total OPEB Liability and Related Ratios**  
**Last Three Fiscal Years**

- The initial healthcare trend rates were updated to 6.50 percent from 7.00 percent for pre-65 and 5.50 percent from 6.00 percent for post-65 to align with anticipated, increasing future claims environment. The rates grade down by 0.50 percent per year until reaching the ultimate rate of 4.50 percent.
- The Excise Tax (Cadillac Tax on high cost employer sponsored health plans) assumptions were removed from the valuation as it was repealed by a Bill in December 2019.

There were no changes in assumptions used in the June 30, 2019, valuation.

There were no changes in assumptions used in the June 30, 2018, valuation except for a change in the discount rate used from 3.58 percent to 3.87 percent.

**Missouri State University**  
**A Component Unit of the State of Missouri**  
**Notes to the Schedule of Expenditures of Federal Awards**  
**Year Ended June 30, 2020**

**Notes to Schedule**

1. The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of Missouri State University under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Missouri State University, it is not intended to and does not present the financial position, changes in net position, or cash flows of the University.
2. Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Missouri State University has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
3. Federal Direct Student Loan balances are not included in Missouri State University’s financial statements. Loans disbursed during the year are included in federal expenditures presented in the Schedule.

**Report on Internal Control Over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards***

**Independent Auditor's Report**

Board of Governors  
Missouri State University  
Springfield, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities, and the discretely presented component unit of Missouri State University (the "University"), collectively a component unit of the state of Missouri, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the University's basic final financial statements, and have issued our report thereon dated November 30, 2020. The financial statements of Missouri State University Foundation, which are included in the University's financial statements as a discretely presented component unit, were not audited in accordance with *Government Auditing Standards*.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Governors  
Missouri State University

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance

### Independent Auditor's Report

Board of Governors  
Missouri State University  
Springfield, Missouri

#### Report on Compliance for Each Major Federal Program

We have audited Missouri State University's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Missouri State University's major federal programs for the year ended June 30, 2020. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### **Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Missouri State University's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each of the major federal programs. However, our audit does not provide a legal determination of the University's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, Missouri State University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

### **Report on Internal Control Over Compliance**

Management of Missouri State University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
