

Global Career-Building Internships

with GlobalLinks Learning Abroad

MORE THAN JUST A PLACEMENT

GlobalLinks Learning Abroad internships are not like other internship programs. Students trust us to find them a fantastic internship experience, and they get much more than a placement with our Global Career Building Experience.

What is included in 'The Global Career-Building Experience'

EVERYTHING YOU WOULD EXPECT:

- Guaranteed Housing
- Health insurance
- Pre-departure services including assistance with immigration visas, airline tickets, and orientation
- Flight advice and booking options
- Cell phone or sim card (minutes purchased at an additional cost)
- Pre-paid public transport card
- Optional language lessons (Chile, Spain & Shanghai - additional fees apply)

...AND MORE

High-Quality Professional Development

Our placements are much more than just menial tasks or a "shadow" opportunity. Our interns are given assignments within important organizational teams and work alongside key employees. (Note that all internships are unpaid.)

Personalized Program Based on Individual Goals

During the application process we counsel the applicant on internship opportunities that match their professional objectives.

Global Personal Brand Discovery Toolbox

Our personalized Global Personal Brand Discovery Toolbox will help participants discover and create their brand message.

Excursions and Adventures

In-country staff arrange activities for internship students during their time abroad. This begins with our Bridging Cultures Orientation Program – a multi-day on-site orientation prior to the start of the internship.

Academic Credit & Academic Supervisor

Students can select to receive academic credit from our school of record, Chapman University.

Resume and Cover Letter Advising

In order to ensure a successful application to one of our placements, we provide applicants with advice on writing a resume and cover letter.

24/7 On-Site Support

In-country staff is available 24/7 to assist participants with any health and safety issue.

Online Career Counseling Resources

All participants will have access to online resources for career development.

WHAT IS THE GLOBAL PERSONAL BRAND DISCOVERY TOOLBOX:

The development of a personal brand is increasingly important for recent graduates as they compete for jobs in today's market. Our personalized Global Personal Brand Discovery toolbox will help participants discover and create their brand message to be delivered others - including potential employers. Students will be able to communicate the value they offer and what differentiates them from other graduates. The toolbox includes:

1. **Erik Decker's book "Branding Yourself"** - A useful step-by-step guide book with tangibles on building a personal brand
2. **Online Video Portfolio** - A tool to create an online portfolio including a video introduction
3. **Social Media Development** - Resources or online workshop which focuses on LinkedIn account information and utilization
4. **Personal Brand Workbook** - GlobalLinks Learning Abroad's proprietary work book to help identify current brand strength
5. **Resume and Cover Letter Resources**

Program Options

INDEPENDENT STUDENTS

All of our internship placements include the same high quality placements and inclusions, however there are different program models in order to suit all applicants. The following structural options are available.

10-Week Internships

- Four pre-set intakes each year
- Includes our multi-day on-site Bridging Cultures Program orientation
- Includes option for 6 credits through Chapman University

6-Week Internships

- Four pre-set intakes each year
- Includes our multi-day on-site Bridging Cultures Program orientation
- Includes option for 4 credits through Chapman University

Custom Date Internships

Custom Date Internship placements are available for interns who are unable to participate in one of our pre-set placements due to a date conflict or because a different duration is required.

GROUP INTERNSHIP PROGRAMS

GlobalLinks Learning Abroad can create group internship programs tailored to specific institutional needs. A group internship program will be a combination of the same high quality services and internship program standards we already offer, matched to your specific program requirements. There are multiple ways we can facilitate these programs:

- Opt for a program focused on a specific major or allow for enrollment across all studies.
- Utilize one of our existing pre-set models, but add in extra services for your students and facilitate the academic credit through your institution.
- Design your own program from start to finish, including specific fields of study, special academic assessment facilitation, custom dates, length, amenities and services, and location of choice.
- Opt to have the program be faculty-led, allowing a faculty member to travel with your students to host lectures to enhance the internship experience.
