### Other Potential Topics

- Facilities and administrative (indirect) rates
- Prospective to new student communication – timing and types of communication students receive
- Feature one “broken window” that’s been addressed – either a quick discussion or in the announcements section
- Connection between strategic plan and broken windows – are there broken windows that need to be addressed because they impact strategic plan goals/strategies? Maybe in March?
- Employee evaluation

- Understanding the need for evaluations
- Current goals and objectives for evaluations
- Are there alternatives that we could consider?
- Policy and Process Improvement
  - Could this be a part of the strategic plan?
  - If so, what might a systematic improvement plan look like?
  - Are there any “best practices” and/or exemplary plans out there that we could consider?
- West Plains campus (who they are, what they do, and how they’re the same but different as a system partner)
- Updates on the Executive Budget Committee work
- Results from CUPA when they become available
- Regular legislative updates – what’s going on in Jeff City that you can share that affects us
- Supporting mental health and addressing behavior issues in our students (someone from the Counseling Center presented on this to Grad Program Directors in January)
- NSF Research & Development funding (joint presentation by Admin & Finance and ORA)
- What federal executive orders mean for us on campus (i.e., DEI, gender identity)
- Faculty and staff ombudsperson
- Career center discussion (led by Kelly Rapp; discuss with deans and other key personnel ways we can collaborate and streamline career planning and development efforts across campus; consider including Rachel Anderson or Emily Denniston to incorporate student employment and community GA program)
- AC values and principles
- Inclusivity principles
- University Advancement long-range plan

\*Added since last UC meeting.
