

Missouri State University

Distance Education Committee Meeting

March 28, 2022

Meeting Minutes

Meeting minutes from February 28, 2022, were approved by unanimous vote.

The MOCRA nomination form will be revised for the 2022 submissions. A section will be added to leave comments for what category best fits the reason for the nomination. A paragraph will be added to state that the winner of the current Best Overall award will serve on the MOCRA committee the following year.

The 2021 Spring Online Course Preference Student Survey questions were refined and revised to 18 total. The Spring 2022 questions focus on collecting comparative information from the Spring 2021 survey, including how far from campus they live, and if online course options influenced their choice to attend MSU. The survey will also collect information regarding student perceptions and preferences for the type of course delivery formats available to them.

The survey includes questions regarding what the student's ideal mix of course delivery format would be and if their desired online courses were available when the students registered for the Fall 2022 semester. The questions continue to ask students to rate the availability and quality of online courses at MSU. The survey will also assess student awareness of online support services and the types of online programs offered.

Committee members approved the questions in a unanimous vote. Expected survey launch date April 25, 2022. Survey results will be discussed at a future meeting.
