

2017 MISSOURI STATE UNIVERSITY SUMMER ARCHAEOLOGICAL FIELD SCHOOL APPLICATION
(PLEASE PRINT OR TYPE)

NAME _____ Date of Birth _____
Year in _____ Expected Date
School _____ MSU M# _____ of Graduation _____

Email address: _____

Major(s) _____ Minor(s) _____
Previous or Current Anthropology / Archaeology Courses (Coarse # and Title)

_____ ; _____ ;

_____ ; _____ ;

Overall G.P.A. _____ ; Anthropology G.P.A. _____

Other anthropology classes or relevant classes in other disciplines (e.g., any geology class [esp. mineralogy, petrology, geomorphology], botany, zoology, cultural geography, soils, cartography, history, etc.)

Address to which correspondence and statement of fees should be sent:

Local Address (if different) _____

Permanent _____ Local
Phone No. _____ Phone No. _____

Name(s) of person(s) to contact
in case of an emergency _____

Address _____

Telephone
Number _____ Relationship _____

MEDICAL INFORMATION: Participant's Date of Birth _____ Tetanus
Vaccination Date _____

Name of
Physician _____ Phone _____

Health Insurance Company _____

Policy Number _____ Policy Holder's Name _____

Are you allergic to:
Bee/Wasp Stings _____ Poison Ivy _____ Penicillin _____ Hard Work _____

Other _____ Do you regularly take medication or require
medical treatment (if so, please specify) _____

Archaeological surveys and excavations typically require walking and hard work, often in heat and high humidity. Does your health/physical condition allow you to do such work? _____

If you have health/physical conditions that might require accommodation in the field, please specify.
(Health/physical limitations that can be accommodated in the field will have no negative influence on your application.) _____

Other Comments: _____

PURPOSE STATEMENT. Archaeological resources are the last surviving traces of people who lived before us. The archaeologist seeks to reconstruct the lifeways of these people from their material remains. This requires careful and difficult work, as well as an attitude of respect for the people whose lives we seek to understand. Archaeological survey and excavation often involve bad weather, biting insects, heat/high humidity, poison ivy, and other discomforts. Thus, the goals of each applicant are important. Please prepare a concise statement (not to exceed 200 words) that demonstrates how an archaeological field school fits into your lifetime goals (attach it to this application). Please address the following topics: (1) reasons for your desire to participate in this archaeology field school, and (2) how this archaeological field school may benefit your education.

I certify that the information contained on this 2-page application form and in my autobiographical statement is complete and accurate. I understand that any misrepresentation may result in expulsion from the program.
