Additions to long-term goals – finance

Draft goal to discuss - "Develop a comprehensive review and funding plan for sustainability at Missouri State University to include on-going funding for a director and other staff (as needed in the future) and one-time funds (donor supported) for projects. The need for all on-going funding and one-time funding should be reviewed (annually?) for effectiveness and impact."

Sustainability ideas that need funding

Take 5-10 minutes to brainstorm other ideas.

Prioritize list at March meeting. Agree to review list annually?
