Amy Brown would like to entertain a motion to open discussion on New Member Day attendance requirements, Alpha Chi Omega motions, Sigma Kappa seconds.

Amy would like to propose requiring 20% attendance to new member day.

-How will we know how many members to send? Amy will calculate the number for each chapter and let them know.
-Can we send more than 20%? Yes. Send as many members as you want, you could send them all.
-Am I understanding correctly that there will be no fee for chapters sending new members to New Member Day? There will be no fee unless less than the required amount of attendance is reached. For instance, if
your chapter is required to send ten members and only eight show up, your chapter will be charged for two members.

Amy proposes to close discussion. Alpha Delta Pi motions to close discussion, Delta Zeta seconds.
