Online/Distance Updates

- There was a brief discussion of a survey Gary Rader plans to do regarding the distance needs of departments, and potential barriers to completing a distance degree.
- One of the things he has been hearing is that departments are having to refer students to other Universities in order to complete their online degrees. The committee agreed that it would be helpful to know, specifically, what courses departments are having to out-source.
- A list of about six suggestions will be provided for Gary to consider for the survey.

Additions to CDE

- The committee began to look at the notes that Lacey Geiger had submitted for the committee's consideration – but it was decided that they should be explored in greater depth when more of the committee members are present.
- It was agreed that the same handouts would be brought to the April meeting for discussion.
