1) Review of minutes from 6.7.12 DEC meeting

Meeting minutes were approved by all.

2) Question to the DEC

The committee members discussed the DEC plans in regards to the faculty senate action in August. The committee reviewed the challenge guidelines and research collected relating to substantive changes at our benchmark institutions. Patti stated that she will request the research that the ad hoc committee gathered to substantiate the senate action. Rose stated that she would create and circulate a document to the faculty members on the DEC to request their comments as related to the action.

3) Student Survey Results

The student technology survey results were discussed. It was noted that it is important for the DEC to review the results as well as make adjustments, provide needed tools, and support systems as a result of the surveys. The students need to see what we actually did to respond to the data. Gary will provide what the survey sample size was at the next meeting.

4) FY 13 Priorities Charge to the DEC

The committee will review the faculty and student survey documents as well as the "gaps" document that was distributed by Gary and Nancy. A DEC action plan will be discussed at the next DEC meeting.

5) Other

The next DEC meeting is scheduled for August 2. An Outlook meeting request will be sent out relating to the new DEC meeting day and time.
