## *Welcome*

**T**o our Graduates, Family and Friends:

Congratulations on reaching this pivotal moment. The whole world stretches before you. Anything is possible.

Your path from this moment will undoubtedly take unexpected detours. I hope you will allow the lessons learned in and out of the classroom to guide you as you move onward and upward, making your Missouri Statement.

You have invested years learning Missouri State's public affairs mission. It is my greatest hope that you will put that learning into practice; that you will be culturally competent, ethical leaders who are actively engaged in your communities, wherever they may be. I am confident that you will make your university community proud.

Today's ceremony celebrates your considerable accomplishment in completing a degree program at one of the country's best universities. I share your pride and excitement. Your degree — and the skills and experience you acquired while at Missouri State — will serve you well in your careers and lives.

It has been a privilege to have you as part of our community, and Missouri State is better for your time and efforts here. As you take this next step, your involvement at Missouri State is not ending. In many ways, it is just beginning as you transition from being a student to an alumnus. I hope you express pride in your alma mater and come back to visit us on campus.

Good luck, best wishes, and Go Bears!

### **DAVID TROTTIER**

#### HONORARY BACCALAUREATE DEGREE

**B**orn in 1943 in Newport, New Hampshire, David Trottier's first job in a grocery store was at age 13. After moving to Arizona in his teen years, he immediately found work at a grocery store, where he stocked the dairy and dry goods. David was then recruited to Smitty's Supermarkets shortly after starting and the rest, as they say, is history. David worked his way up through the organization to become the youngest store manager in the company, doing so in his early twenties.

In 1977, David had an opportunity to buy an empty grocery store in Springfield. David bet on himself and put all his money into the new company and moved to Missouri, a place he had never been.

Smitty's pricing and customer service brought customers from all over. David always hired and retained the best employees, paid the best wages, and even offered ownership to the management team. He would even take young managers to the bank and co-sign on a loan for them to buy stock. He always believed in "sharing the wealth" with everyone.

A few years after arriving in Springfield, David met and married the love of his life, Lesley. She has been his partner in life providing love and support for over 40 years.

Smitty's created and maintained a culture like no other company in Springfield at the time. During the years between 1977 and 1997, Smitty's grew to ten grocery stores, nine full-service restaurants, and four gas stations. In those 20 years, the company employed hundreds of people in Springfield, Joplin, Waynesville, Nixa, and Republic.

In addition to the leadership within the organization, David was extremely involved in the communities that Smitty's served giving away millions of dollars to schools, churches and other organizations through the Hand in Hand program. Once again, "sharing the wealth" but this time with the community. Over the years, David and the company also donated millions to Missouri State University.

David and Lesley's legacy of success lives on today with the success of others who worked for them, including their children and grandchildren. When Smitty's sold, the family started another grocery company, Summer Fresh Supermarkets. The company was named after their daughter, Summer. With David behind them, she and her brother, Brent, grew this business to 12 stores and over 500 hundred employees throughout Missouri and Kansas. Brent and Summer sold the company in 2012. Since then, the family has turned its attention to several other business interests to include consulting, real estate development, property management, retail, and most recently, the acquisition of a local restaurant.

In recognition of his long record of civic support and engagement, Missouri State University is conferring upon David an honorary baccalaureate degree.

## SCHOLASTIC HONORS

Special distinction for high scholarship is awarded to certain undergraduate students as follows:

*Summa cum laude* (with highest honor) for those who have a grade point average of at least 3.90.

*Magna cum laude* (with great honor) for those who have a grade point average between 3.75 and 3.89.

*Cum laude* (with honor) for those who have a grade point average between 3.50 and 3.74.

The GPA is based on the lowest of the student's Missouri State cumulative GPA or the student's combined (Missouri State and transfer) cumulative GPA. Students must complete a minimum of 30 undergraduate credit hours prior to graduation at Missouri State University to be eligible for scholastic honors. Students meeting the above GPA criteria at the close of the semester immediately preceding their final semester of college work are honored at commencement ceremonies. The final eligibility of students for scholastic honors is based on credit hour totals and grade point averages at the end of the semester of graduation. Final eligibility is recorded on the University diploma and transcript.

These students are identified by a cordon worn with their academic regalia. The colors designating the honors are: *summa cum laude*, gold; *magna cum laude*, silver; *cum laude*, bronze.

Scholastic honors eligibility for candidates in the Cooperative Engineering Program is based on Missouri University of Science and Technology scholastic honors requirements.

## The Academic Dress

The history of academic dress goes back to the Medieval European universities of the fourteenth century. European universities continue to follow varied patterns in cut and color of gown and type of headdress. In the United States colleges and universities have standardized the academic dress so that its features are common and uniform throughout the country. The standard dress in the United States is as follows:

*The Gown.* At Missouri State University, bachelor's degree gowns are maroon and the master's and doctoral degree gowns are black. The pattern varies with the degree held; pointed sleeves for the bachelor's degree; long, closed sleeves with a slit for the arm for the master's degree; and round, open sleeves for the doctoral degree. The doctoral gown is faced down the front with velvet and three bars across the sleeves.

*The Hood.* Hoods are not worn for the bachelor's degree. The master's hood is shorter than the doctoral hood and lacks the panels of the doctoral hood. Hoods are lined with the colors of the school granting the degree, while the color of the binding or edging of the hood indicates the subject in which the degree was attained. The colors designating the subject of the degree are:

Arts and Letters.....	White
Theology.....	Scarlet
Laws.....	Purple
Medicine.....	Green
Music.....	Pink
Engineering.....	Orange
Library Science.....	Lemon
Philosophy.....	Dark Blue
Science.....	Gold-Yellow
Fine Arts.....	Brown
Education.....	Light Blue
Economics.....	Copper
Physical Education.....	Sage Green
Business.....	Drab
Agriculture.....	Maize
Nursing.....	Apricot
Public Administration.....	Peacock Blue

*The Cap.* At Missouri State University, bachelor's degree candidates wear a maroon mortarboard.

Members of the Board of Governors are uniformly attired in Governors' robes. The gown is maroon with velvet chevrons and panels. The hood is lined with maroon and white – the colors of Missouri State University.

Academic dress markedly different from the above description indicates a degree from a foreign university.
